

October 28, 2019

7th Grade Class Meeting

Attendance:

Faith

Pailin

Sye

Angel

Absent: Tia (MASSH)

Agenda:

→ Academic Check in:

- **Binders:** Both Sye and Angel were given time to organize their binders. We discussed ways to stay organized. Angel combined a couple of binders as he was carrying around several 3 inch binders. Sye would like to get a large zipper binder. Faith offered to let him borrow one of hers. If this doesn't happen, I will help Sye to combine a couple classes in the binders he has.
- **Lockers:** Sye cleaned his out with me a couple weeks ago. He expressed the need to do this again. I will pull him from study hall for this.
- **Getting to class on time:** After some discussion about 2 minutes being too short, we discussed ways to get to class on time. Carrying at least two classes at once will alleviate this issue.
- Absences and make up work

- **MASSH:** We discussed how the system works. I highlighted the fact that they (the students) have to approach their teacher if they need to stay. This lead to some discussion about not being comfortable around new teachers.
- **Parent Teacher Conferences:** I encouraged them to accompany their parents to the meetings (if it is ok with mom/dad). We discussed increased expectations in 7th grade.
- **One routine you have established, something to work on:** Pailin and Faith have established routines to ensure that they get to class on time. Faith said she's working on talking to teachers more.

*Within our conversation I told them that as their advisor, I am their 'go to' person for assistance with anything they need in school. Whether it is academically or socially, I encourage them to seek me out if there is something they would like to discuss.

→ Holiday Volunteer

- **Town Hall Gift Wrapping:** We will address this during the first part of December. All students are looking forward to participating
- **Other ideas**
