## INTRODUCTION

### INTRODUCTION

This Project SAVE plan is a District-wide School Safety Plan, developed for the New Dawn Charter High School II ('School' or 'The School'), for the current school year, 2021-2022. New Dawn Charter Schools supports the SAVE Legislation, and engages in a robust planning process with its staff and other stakeholders where applicable. Our goals for maintaining our School SAVE Safety Plan ('Safety Plan') are:

- To maintain an atmosphere and set of practices that prevent violence or unsafe conditions
- To continue to implement a plan that will minimize the effects of serious violent incidents and emergencies
- To routinely evaluate our response plan for all predictable safety concern situations
- To update our document that can be used as the basis for informing and training all school constituencies in regard to keeping our school safe.

## **SECTION I: GENERAL CONSIDERATIONS AND PLANNING GUIDELINES**

### **A. Purpose**

The New Dawn Charter High School II Safety (SAVE) Plan has been developed pursuant to Commissioner's Regulation 155.17. At the direction of the Board of Trustees for New Dawn Charter High School (the "Board"), a New Dawn Charter High School Safety Team was created and charged with the development and maintenance of a New Dawn Charter High School Safety Plan.

Students, families, and teachers began attending when the school opened in August 2019. The Plan presented here is reviewed and modified by the New Dawn Charter High School II Safety Team, following Safety Plan guidelines distributed by NYSED. The Safety Team reviews emergency response plans with security professionals when applicable.

This initial Plan was modified through a series of meetings attended by the constituencies outlined above, also following SAVE Safety Plan guidelines distributed by NYSED, and in consultation with existing schools with high quality SAVE plans to ensure feasibility and thoroughness.

Our goal in maintaining this plan is to ensure the maximum safety of all students and staff at our school through careful and well thought out planning. We will conduct table-top and actual drills of included plans to facilitate organized and effective use of these plans in the case of an actual emergency.

### **B. School Safety Team**

The New Dawn Charter High School II Safety Team will be comprised of, but not limited to, representatives from the Board of Trustees, Administration, Faculty, School safety personnel, and other school personnel as shown below. Within the School Safety Team is a Core School Safety Team that will coordinate the preparation and maintenance of

the School Safety Plan, and in the case of an incident, serve to provide initial assessment and coordination of the full team as required.

## New Dawn Charter High School II Safety Team

The New Dawn Safety Team Head, Zach Flory, along with the Core School Safety Team, will be the main decision making body in the event of an emergency. All school-wide emergencies (Fire, intruder, bomb threat, etc.) should be immediately reported to the office of New Dawn Charter High School II Principal Zach Flory. If time permits, the School Safety Core Team will convene to determine an appropriate course of action.

Should events require an immediate response, emergency action authority resides with Principal Zach Flory or official designee.

## **C. Concept of Operations**

The initial response to all emergencies at New Dawn Charter High School II will be by the Core School Safety Team. Upon activation of the Core School Safety Team, local emergency officials and the Board of Trustees will be notified as appropriate. Efforts may be supplemented by county and state resources through existing protocols as required. The Core School Safety Team will also serve as the Emergency Response Team and Post Incident Response Team.

## **D. Plan Review and Public Comment**

Pursuant to Commissioner's Regulation, Section 155.17(e)(3), a summary of this Plan was made available for public comment via our website. To ensure student safety, the plan is considered "in effect" until such time as a changes need to be made regarding new legislation or state education policy mandates require such changes.

Our School Safety Plan will remain confidential and shall not be subject to disclosure under Article 6 of the Public Officers Law or any other provision of law, in accordance with Education Law Section 2801-a. Full copies of the Building-Level Emergency Response Plan were supplied to both local and State Police. This Plan is reviewed periodically during the year and will be maintained by the Core School Safety Team. Annually, the Safety Plan will be reviewed by the Board of Trustees by their June Board meeting, prior to submission to the state by July 1 of each year.

## SECTION II: RISK REDUCTION/ INTERVENTION STRATEGIES

### A. Prevention/Intervention Strategies

New Dawn Charter High School II believes strongly in the wisdom of implementing violence prevention and intervention protocols as a primary means of ensuring student/school safety. These protocols take the form of Prevention Programs, Building Personnel Training, Drills/Exercises/ Student Training, School Security Policies and Protocols, Coordination with Local Emergency Officials, and Maintenance of Educational Agency contact information as per the below:

#### *Prevention Programs*

- Advisory Program – New Dawn II values communication amongst its students and between students and staff members. The advisory program is designed to facilitate this communication and also provide a means for students to discuss bullying or other issues they are facing at school. The advisory curriculum includes lessons on how to identify and prevent bullying, as well as exercises and lessons designed to increase understanding between students and trust between students and staff members.
- School Counselors and/or Social Workers will help facilitate violence prevention meetings, conflict resolution sessions, peer mediation and forums for students concerned about bullying/violence, as well as establishing anonymous reporting mechanisms for school violence/ bullying, etc with the support of the School Safety Team and Administration.
- New Dawn II also fosters a positive, safe learning environment for students by creating school schedules that minimize potential for conflicts or altercations.

#### *Building Personnel Training*

- In preparation for planning and executing drills, the School Safety Team reviews information/guidance on the NYSED and New York State Center for School Safety websites as well as Safety Plans from other schools.
- When hiring school safety/security personnel, the School will ensure all personnel have the appropriate background (experience and training) to fulfill their role, including training in how to de-escalate potentially violent situations.

- The School will review the detail of its Safety Plans with all faculty and staff prior to school opening (including all plan logistics, roles and responsibilities, and back up plans), ensuring all are clear on all roles and responsibilities as well as logistics. All staff will sign off on having reviewed and understood School Safety Plans.
- At least one Safety Team member will attend school safety training offered by the NYC DOE and share learning with the entire School Safety Team.
- At all times, two members of the New Dawn Charter High School Safety Team have taken CPR and AED training.
- New Dawn staff members are provided Violence Intervention training

### *Drills / Exercises/ Student Training*

- The School Safety Team meets with community emergency responders to participate in tabletop drills and coordinate emergency procedures. The “table top” exercises include playing through the execution of each of our multi-hazard plans using an actual school and neighborhood layout diagram. The School will review all emergency response plans with students within the first 2 weeks of school, to ensure all students understand expectations for their action/behavior and that of the entire school community.
- The School will conduct mandated actual safety drills that test components of the School Safety Plan. These drills will be conducted in coordination with local emergency response and preparedness officials, as follows: The School will schedule the dates and times of drills with local officials; Just before a drill, the School will contact local officials to announce the drill is about to start
- The tentative schedule for School Safety Drills is:

#	Date	Drill Type	Participants	Notes
1	October 28	Evacuation drill	School wide

### *Implementation of School Security Policies and Protocols*

School Safety/Security roles at New Dawn Charter High School II are expected to be as follows:

- School Security: dedicated staff, located as follows:
  - At start and end of the school day there will be staff members at the front door
  - During all times there will be staff members in the administrative offices located on the first floor
  - During the school day, there will be no less than 1 staff person identified to patrol the building.
- Hall monitors: Faculty and Administration will monitor hallways before and after school, and during class change times. Hall monitors and school safety personnel maintain order in the hallways by supervising the activities of all students, teachers, administrators, and visitors, and by preventing any minor student altercations from escalating into larger problems. All NDCHS II monitors

are members of the administrative team who have undergone finger print clearance and background checks, reference checks, and interviews.

- The New Dawn Charter High School II security team oversees all security personnel and devices, in accordance with NYC DOE policies.

Other School safety protocols include:

- Only the front door on the right hand side of the building will be open at the start of day.
- At this entrance, two security officers are stationed. These officers wand students for potential items banned from the school, such as cell phones, weapons and other items illustrated in our student handbook.
- All school visitors will be required to show identification upon entering the school building, and to wear a school nametag while in the school. As appropriate, visitors will be escorted to classrooms or offices.
- The School will have security cameras located throughout the building.

(See detailed plans for each type of emergency response in Section IV: Response)

#### *Coordination with Emergency Officials*

The Principal (School Safety Head) will contact local emergency officials to review emergency procedures, to verify contact protocols and information, and to coordinate their involvement in School Safety drills.

### *Maintenance of Vital Education Agency Information*

An updated School Staff contact list (with cell phone numbers) will be maintained by the Dean of School. The office manager also maintains a list of all local emergency contact names and numbers (police, fire, hospital, Board Members, local officials), Emergency Contact Information for all school staff, and a sheet with the demographics of the school (number of students, number of staff, organization chart for the school). Our student information system is virtual and can be accessed from any location, with all class lists, and emergency contacts in the event of emergency egress from the building.

## **B. Early Detection of Potentially Violent Behaviors**

Early detection of potentially violent behaviors are important to identify and act upon. Any information that is provided from other students is related to the administrative team and then filtered to the appropriate parties for intervention, which can include a social worker or a student's mentor. Security may also be alerted to remove students suspected of such potential behavior in class to meet with the Dean or be further referred. If there is evidence to support a claim of potentially violent behaviors, the principal may elect to send one or both involved parties home for a "cooling off" period. The following day, those students would be admitted into the school with a peer mediation session to further support good relations and the end to any ongoing conflict.

## **C. Hazard Identification**

By conducting a walk-through of the building, and in consultation with local police and school security staff, as part of developing the School Safety Plan, the following potential emergency sites and situations were identified:

Potential Emergency Site	Related Potential Emergency Situation	Risk Reduction Plans
School Building – stairwells	Student confrontation  Student inappropriate behaviors	Security and administration monitor halls and stairwells during class transition

		<p>Have support staff monitor during class times</p> <p>Train teachers to understand that students are to be in the classroom at all times if not being escorted somewhere</p> <p>Security cameras in place</p>
School Building – cafeteria	<p>Student confrontation</p> <p>Student inappropriate behaviors</p>	<p>Ensure 2-3 NDCHS II staff in cafeteria at all times students are using the cafeteria (except for times when a single class is using the cafeteria)</p>
Rooftop, Second Floor Terrace, first floor backyard space (Year Two for NDCHS II)	<p>Student confrontation</p> <p>Student inappropriate behavior</p> <p>Anyone being left on the roof, terrace, or backyard after school is closed for the day</p>	<p>Ensure sufficient NDCHS II staff is present on the rooftop whenever students are using it.</p> <p>The rooftop, terrace and backyard are to be locked at all times unless a staff is signed up in the main office to use the space.</p>

		Staff Monitors from the 4 <sup>th</sup> , 2 <sup>nd</sup> , and 1 <sup>st</sup> floors will be assigned to check the spaces prior to closing down the school for the evening.
<p>Threats Outside School Building:</p> <ul style="list-style-type: none"> <li>• During intake</li> <li>• During school day</li> <li>• During dismissal</li> </ul>	<p>Students from other schools looking to start fights.</p> <p>Other adults in the vicinity that may pose a threat.</p> <p>Local emergencies that occur in the area and prevent students from reaching transportation home.</p>	<p>Principal, Dean, Security officers are at the perimeter of the building at intake and dismissal.</p> <p>Principal, Dean, Security officers remain on post outside of the building if an adult seems threatening, and contact the appointed NCO.</p> <p>School Principal makes a decision with the Executive Director if a shelter in place order is necessary. This decision is also coordinated with the local precinct NCO.</p>

## **SECTION III: RESPONSE**

### **A. Assignment of Responsibilities**

The chain of command at New Dawn Charter High School in the case of emergencies is as follows:

1. Principal
2. Executive Director
3. Dean
4. Parent Coordinator

### **B. Continuation of Operations**

- In the event of an emergency, the Principal or his designee will serve as Incident Commander. The School Incident Commander may be replaced by a member of the local emergency response team
- The Executive Director or designee may be asked to serve a support role as part of a Unified Incident Command, if established, by the local emergency response agency.
- The school will follow the Chain of Command outlined above to ensure continuity of operations.

### **C. Notification and Activation (Internal and External Communications)**

In the event of an emergency, the following internal and external communications systems will be utilized as makes most sense at the time:

- School Intercom
- School Phone system, including One Call
- Cell Phones of School Safety Team and staff
- Email
- Website ([www.ndchsqueens.org](http://www.ndchsqueens.org))

- Text messaging
- Local media

Standard notification protocol will be for:

- Notification of an incident or hazard development to the Principal as soon as possible following its detection
- In the event of an emergency, Executive Director or Principal (Head of School Safety Team) will notify all building occupants to take appropriate protective action
- External communication will be channeled through the Office Manager under direction of Executive Director and Principal

Upon the occurrence of a violent incident, the Principal will contact the appropriate local law enforcement officials. Contact information with the 103rd precinct is available in the office manager's desk, security desk, and on the person of the Executive Director, Principal and Dean at all times.

In the event of disaster or violent act, as necessary the Executive Director will notify the Board of Trustees via phone, and all staff via walking to classrooms if immediate communication is required, or via conducting an emergency staff meeting if the situation does not require immediate communication.

As necessary, the School will notify parents of a violent incident or early dismissal through use of the School Messenger and/or email. Parent contact information will be maintained through our student information system, Jupiter, and with a school-wide email group. The School Messenger System will also be maintained with current family/parent/guardian contact information.

*Note* – Families will be instructed in the Family/Student Handbook the contact numbers for the school, in addition to immediate notification with instructions via the school messenger system in the event of any emergency situation. The Office Manager also maintains a list of all local emergency contact names and numbers (police, fire, hospital, Board Members, local officials), Emergency Contact Information for all school staff, and a sheet with the demographics of the school (number of students, number of staff,

organization chart for the school). Our student information system is virtual and can be accessed from any location, with all class lists, and emergency contacts in the event of emergency egress from the building.

## **D. Attendance**

In the event of an emergency, it is critical to be able to account for all school members (students, staff). Daily attendance procedures, and the intersection with the School Safety Plan are as follows:

- Students – Student attendance is taken by student sign in management system daily. Students must swipe in as soon as they enter the building. All attendance is tracked through Jupiter and can be accessed at any location to ensure that all students are accounted for. After evacuation, student attendance is taken again with students grouped in their current period class, and absentees notified immediately to ensure that all students are accounted for.
- Faculty and Staff - All faculty and staff must both swipe in and sign in on the Daily Staff Sign In/Out sheet at the front desk when they arrive at School. When they leave they must Sign Out on this same Sign In/Out sheet. In the event of an emergency requiring school evacuation, the Principal takes the Daily Staff Sign In/Out Sheet with her to the meeting place. The Sign In/Out sheet is used to account for each staff member.
- Attendance sheets are located in the “Emergency/Safety” binder in the Principal’s office.

## **E. Emergency Bag**

An “Emergency Bag” will be located at the school in a location that staff will be aware of and contains this safety plan as well as faculty/staff directory, student directory, first aid kit and other emergency equipment.

All teachers will have a hand held sign that indicates if they need assistance or that everyone is accounted for in their class. Teachers bring this, along with a clipboard containing their student list during drills and emergency situations.
