Future Budget Considerations and Planning

As enrollment projections for grades 5-12 continue to indicate a declining trend until 2025-2026, we will need to be strategic, flexible, and creative with staffing and staffing changes to continue to support programs of excellence for all students in Westbrook Public Schools while being fiscally responsive to community expectations in an environment of declining enrollment in our schools.

Over the next several years, we will transition from four grade level teams at Westbrook Middle School to two teams (grades 5/6 and grade 7/8). This transition will allow us to be appropriately responsive to lower enrollment levels in the middle school; maintain high quality programs and course offerings; maintain intervention and support services; and support an effective and high quality middle school model grades 5-8.

We will also improve schedule alignment in grades 7-12 we will be able to utilize shared staffing to continue to support and grow teaching and learning initiatives, including our commitment to college readiness and career pathways. We will evaluate course offerings, secondary staffing levels, and program improvements through the lens of college readiness, career pathways, equity, and access.

MINUTES

- I. **CALL TO ORDER** – The Regular BOE meeting of January 11, 2022, was called to order at 7:00 p.m. by Kim Walker, Chair.
- II. **PLEDGE OF ALLEGIANCE**
- III. **BOARD OF EDUCATION ACKNOWLEDGEMENTS**- None

- V. **SUPERINTENDENT'S BUDGET PREVIEW FOR 2022-2023:** Superintendent Kristina Martineau gave a thorough overview of the budget recommendations at this point. She said the budget is built from the ground up through many discussions with teachers and administrators and she expressed appreciation for the input. Thus far, there have been two workshops. The following were topics of her PowerPoint presentation: Budget Development and Timeline, Program Improvements and Enhancements, College Career Readiness and STEM and Robotics offerings; New Requests in 2022-2023 Proposed Budget, Enrollment Projections and trends for each of the schools; suggested staffing changes and summary of changes directly related to retirement incentive offered; a summary of line items for the budget; proposed PLC Leadership Positions; Salaries and Staffing Levels, Benefits, Purchased Services, Transportation, Tuition, Supplies and Utilities, Equipment, Special Education, and Future Budget Considerations and Planning. The Superintendent's Proposed Budget for Fiscal Year 2022-2023 is \$18,746,554 which represents an increase of 1.27% over the 2021-2022 budget.

There was a discussion of possibly adding in two lunch aides, which would up the increase to 1.34%. Board members were given the opportunity to offer their thoughts:
Z. Hayden – Lunch aides are an important consideration and he suggested also looking at math intervention position, or math tutor;

S. Greaves in support of what we need to move forward

C. Kuehlewind – supports adding lunch aids in and also interested in math interventionist or tutor. She commented that this is a solid budget, enhancing progress but not sacrificing academics.

D. Perreault – commented that this is a good budget considering inflation; even though decrease in enrollment still improving our offerings and suggested teachers being part of decision making. He is in support of lunch aides and would like to see a bilingual support person for math.

M. Palumbo - In agreement of lunch aides and recess; teachers need support.

A. Miesse - Support lunch aides. He commented that he is excited to see STEM and AP courses.

M. Esposito – He would rather see math interventionist over aides. Prioritizing important – if adding something, something should be taken away. Consider declining enrollment and have a long term plan.

VI. PUBLIC COMMENT:

1. Colleen Bloom, parent, expressed concern about splitting teams at middle school. She commented her 6th grader's last normal school year was third grade. She understands being fiscally responsible, but we should invest in our children's' education; the needs of students are greater than ever before. People have moved to Westbrook because of small class sizes – "Do what we need to do for our students."

2. Patrick Furcolo – Parent – Mr. Frucolo also expressed his concern regarding class sizes using his own experience with his children's success having been due to the individualized education in the district. He supports keeping staff to do best for all of our students.

3. Leslie Fuchs – Parent – concern of using ESSER funds for improvements to our school and to make our budget look better; how will that affect future budgets?

4. Lauren Childs - a parent of 4 children and was drawn to Westbrook because of small class sizes which has benefited her children and expressed concerns about higher class sizes in the future.

5. Corey Ehrlich – Teacher – questioned reduction of math teachers. Ms. Ehrlich also suggested posting the budget presentation on the website.

M. Esposito expressed concern regarding the Board not engaging during public comment.

Chair, Kim Walker, commented that the Board would not be voting on the budget at this meeting and someone will follow up to discuss concerns expressed in the public comments.
