Eastside

Ericka Campbell

One thing I like about School is Science because I get to create things and learn many things. Another thing I like about school is my friends because they help me through things I don't understand and they hangout with me.

Eastside

Kayla Weber

One thing I like about school is that people are nice and they help you. Also the teachers are amazing. Plus when im doing something and im stuck people are araund to help me. One more thing that I like is all the specials and brain activites. A few more things I like is when we take feild trips or do something fun. Lastly I like reading and math cause I get to sosiate with my friends. I also like art because im very artistic and I specilize in art.

Addison Nation
Overland
Elementary

What I love about school is Math because you are able to work at your own pace and you are right or wrong and not in between.

Noah Hymas
Overland

My favorite thing about school is to learn and be with other people.

Emily Ruiz | Rock Springs Junior High 3-1-18

I'm Emily from Rock Springs Junior High. My favorite thing about school is that I get to meet new people and another thing I enjoy is going to after school activities.

Anderson

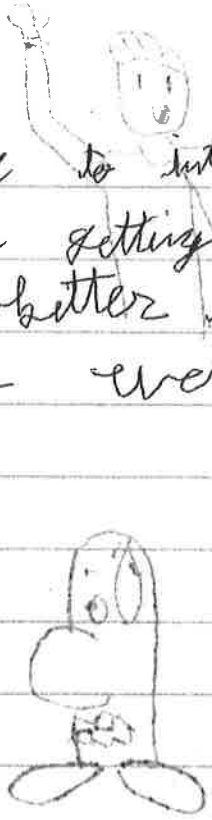

Oliver A. - RSHS - 9th Grade

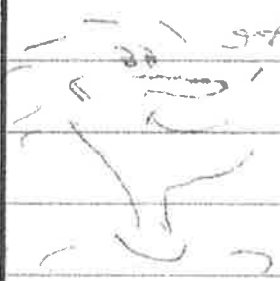

Favorite thing about school:

It prepares for the rest of our life, giving us an advantage over those without schooling. It can get us a good job, and eventually help us provide for our families.

Kaden
allen
R.S.H.S.
9th Freshman

I enjoy being able to interact with others while getting new info, and being able to better learn from my peers because everyone thinks differently.

Matthew Smith 7th

Farson Eden Middle School

My favorite part of school is having changing classes. It keeps things interesting. Also I like hanging out with my friends. Also I like the sports. I play football, basketball, and track. Those are all fun.

Madie
Corbin
Sophomore
RS HS

My favorite thing about school is that we have so many options to choose classes from. Having a bunch of different subjects throughout the day keeps things interesting.

Liz Chollak
12th grade
RSHS

My favorite thing about school is being able to learn different view points about book and issues. It helps me figure out what I believe and learn new ideas.

Colin Mercer
12th Grader
RSHS

My favorite part of school are the many opportunities available to try something that you never would have been able to experience otherwise, especially when it comes to extracurricular opportunities.

RJ Harris Pilot Butte Elementry. grade 6.

My favorite thing about school is that every grade you enter you get to meet new people and teachers but also get to exseperience what it's like being in that grade. Also the intractions with other class mates and teatchers is so facinating to me especially being a Sixth grader and wanting to go into Seventh it's just amazing.

Emmetsay Pilot Butte Elementary

My favorite thing about school is that sometimes throughout the day I interact with new people. I also like Math and challanging myself with different equations or problems.

Sam Smith
Rock Springs High School

My favorite part about school is band and other extra curriculars. I enjoy band because Mr. Redmond is a really good teacher and challenges my musical capabilities. I enjoy other extra curriculars because there are many different options at the high school and I do swim team and Theater. Both of these encourage me to get good grades so that I remain elligible. They also give me a variety of things to do after school.

Kylynne Desert View

I think school is a place to learn and have fun together it will help you later in life and when your an adoult.

Jordyn VanAusdle NorthPark Elementary

My favorite thing about school is expressing my imagination through writing. Also I like doing division Problems in Math, and meeting new friends.

Desert School

Yaquelinne Echeverria

My favorite part about school is Math and Music

Brooke East Northpark Elementary

- Learning new things
- Making new friends
- Reading
- Writing
- Science
- Social Studies
- How everyone in the school is there to help you with something

John Prevedel - RSHS

My favorite thing about school is being exposed to different learning opportunities and other's point of views. It helps me form my own opinions and develop not just academically - but as a whole.

Awa Souare Rock Springs Junior High 8th Grade

My favorite thing at school is the many after school programs like sports and clubs because they're really fun and they also help you keep up with your grades and there's many of them to choose from. I also like the cool electives you get to choose when you start Junior High because you can take drawing and art classes along with performing arts, like band / theatre etc... and you can take foods classes and those are also very fun.

Luke Tate Westridge

My favoirt thing about Schoo is reading, P.E., recces. I also enjoy Scients and sometimes math. I like P.E. because I can get ahead of others and still stay active. I like reading because I find it easy and lizable. And I like recces because I get to play sports and get active.

Rolls

Tanni Vaindell

My favorite things about school. That a broad Question. Well, First I like being around all kinds of diffirent People and topics. My all time favorite is Making Friends and Memories.

Lucia Santamaria
Desert School

My favorite thing about school is P.E., and art.

Alicia Stevens
Rock Springs High School

I like participating in band and making friends. I also enjoy learning and challenging myself.

3/1/18

RSHS - Shane Ramsey

I like school because it is awesome that I have every opportunity to learn and grow. Even if my school doesn't teach me directly, it has taught me where I can go to learn for myself. Not only academically, but socially, physically and in other ways too.
