

LLCS Minutes

Team Name: Maintenance Committee

DATE: April 15, 2021

FACILITATOR: Noelle Short

RECORDER: Vickie Snide

DISCUSSION HIGHLIGHTS:

Capital Project

-Room 203 will have asbestos abatement in the ceiling this summer, before the abatement happens in the hallways, so we can move room out into the hallway.

-Biweekly construction meetings start in May. We all received a link for the first meeting.

-Work over April break went well. Abatement occurred in Room 205 ceiling and first floor corridor, gym leaders repaired, boiler line repaired.

-Noelle Short has some samples that she needs to pick – will reach out to Tom Schiller at Mosaic regarding them.

-Eric Hample did email Tom Schiller regarding: tank top replacement, garage roof repair, widening of garage door, septic tank cover in front of garage, installation of dishwasher. N. Short will also contact them.

Other Items

Air Purifiers – they are very quiet however some still had plastic on the filter which made them louder. E. Hample to ask Joe Parent to check all filters.

Domestic Hot Water Valve due in today and E. Hample will repair. We had to run our boilers for hot water in the meantime.

Windows with broken shades in them will be repaired the end of June.

Bus Maintenance Contract – Vickie Snide will contact Sean Curry about the status of the new contract.

Gender Neutral Signs are needed on all single use bathrooms per a memo put out by NYSED.

Graduation – will be Friday, June 25. E. Hample to find out the occupancy of our gym so that we check all of the new guidance to be in compliance.

Regents & Local Exams will be different this year. Only 4 Regents exams will be given and students need to be in the building on non-Regents days. Local exams will still be 3 days but probably later than what the calendar currently reads.

Lightbulbs need to be checked in rooms. Olivia Lee had a light out in her room. Several light fixtures have lights but no covers. E. Hample to see if he can buy any but the fixtures are very old. Lighting in classrooms should be included in our next 5 year plan.

Baseball/Softball fields are ready but lines need to be drawn and fences need to be put up. Sanitizer will need to be in each dugout and one for the public. Will have to transport it back and forth to Katz field. Wipes are also needed at fields.

Outside WiFi Access – one port still needs to be moved from the back of the building to the front. Other 3 have been moved.

MEMBERS PRESENT:

Noelle Short

Vickie Snide

Eric Hample

MEMBERS ABSENT

Ethan Burns

NEXT MEETING:

Date: May 13, 2021

Time: 9 a.m.

Location: Virtual

NEXT AGENDA:

DISCUSSION HIGHLIGHTS CONTINUED:

Outside – Parking lots cleaned, playground is open, bike rack is out. Signs held up over the winter.

COVID - Outside classrooms to be set up. Museum already brought over their tent. Can we still get hand sanitizer from the State?

Garden Committee – May be good if they look at the bed outside the lobby as plants are coming up.

BOE – Board meeting set up for tonight. Budget Vote will be in person on 5/18/21 from 2-8 pm. K-6 will dismiss at 12:45, 7-12 at 1:30 to public can be in the building.
