

# Project Grade Sheet

NAME:

CLASS PERIOD:

**Assignment:** MANDALAS-

Students were introduced to the historical and cultural significance of Mandalas. Students explored the relationship between colors and patterns to create radial balance. Students were able to show their understanding of balance and the equilibrium of a composition.

Students were graded on completion, evidence of practice before the final composition, craftsmanship, ability to show radial balance with pattern, color, and repetition, and understanding/following assignment directions and expectations.
