Note: In order to have an indicator score, a school must have 10 students with evidence on the indicator. When available up to two years of prior data was included to meet this minimum student count.

School Indicator Performance Only students enrolled at the school for a full academic year were included. Full Academic Year is October 1st through the midpoint of the state assessment window.			
Indicator	Category	Count of Students	Description

ACADEMIC PERFORMANCE

Equity	Meeting Targets	12	Equity is the median student growth percentile (MGP) in reading and math combined for a subgroup of grade eleven students who had low reading and math test scores in the prior year.
Achievement	Meeting Targets	19	Achievement is the percent of student test scores proficient or above in grade 11 on ACT subject area tests of mathematics, reading, science, and English/writing.
Growth	Meeting Targets	22	Growth is a median student growth percentile (MGP) in reading and math combined for all students during grades ten and eleven as measured on subject area tests of the Aspire, EXPLORE, PLAN, and ACT.

OVERALL READINESS

Graduation Rate	Exceeding Targets	12	Graduation rate is a measure of the extended rate (i.e., four year on-time cohort plus five, six and seven year graduates).
Additional Readiness	Meeting Targets	11	Additional ReadinessHathaway index based on unweighted GPA, highest ACT composite score, and the success curriculum level reported on the transcript(weight = 40%).Tested readiness is an index based on composite scores on the EXPLORE, PLAN, and ACT (weight = 30%).Percent of grade 9 students earning 1/4th of the credits needed for graduation (weight = 30%).
Participation Rate	Met		The participation rate requirement is 95%. The participation rate threshold is 90%. When a school's participation rate is below the requirement but at or above the threshold, the school is docked one performance level. Performance Level Descriptors for High Schools

Exceeding Expectations

This category is reserved for schools considered models of performance. These schools demonstrated high achievement and exceeded target on at least one other performance indicator – equity or readiness – while meeting target on the other indicator.

Meeting Expectations

Schools in this category demonstrated performance that met or exceeded target on multiple performance indicators. These schools typically had acceptable or better levels of achievement, student readiness, and/or in promoting equity for students with below-proficient achievement.

Partially Meeting Expectations

Schools in this category demonstrated either unacceptable levels of achievement *or* were below target on improving the achievement of below-proficient students *and* on graduation rate and tested readiness. Many schools in this category showed acceptable performance in promoting equity based on growth for low achieving students *and/or* met target for student readiness.

Not Meeting Expectations

Schools in this category had unacceptable performance on all indicators. For schools in this category, improvement is an urgent priority. These schools have low levels of achievement, fall short of targets on graduation and tested readiness, and have large achievement gaps that show little or no improvement.
