

LLCS Minutes

Team Name: Shared Decision Making Committee

DATE: 12/20/16

FACILITATOR: C. Campeau

RECORDER: V. Snide

DISCUSSION HIGHLIGHTS:

-The group reviewed the recently Board of Education approved After School Program (ASP).

-Christine Campeau spoke to Allison Gonyo from Hamilton County and Julie Wolfe from the Home Run Program. Both groups are willing to help out or present on topics at ASP.

-The program rules, qualification and registration forms were reviewed. Noelle Short will email the forms in Google Docs for the group to update.

-Discussion was had on the Program Supervisor. Should it be one person or should the current 4 elementary after school study hall teachers be offered the position one day a week. The group felt the program would be more consistent if it was one person as the Supervisor. Recommended that the Supervisor be a certified K-6 teacher.

-The program assistant could be several different students. We will try for students as the assistant before it is advertised to community members.

-Should the Program Supervisor have CPR training? Currently the after school study hall teachers are not required to have CPR even though the nurse has left for the day.

-The January Jeans Day at LLCS donations will be for ASP supplies.

-There will be a need for a daily ASP attendance list, a daily bus list, and a daily snack check off list. The Program Supervisor will also need to know which students are participating in elementary sports so they know to expect them in ASP at 3:30 pm. The elementary sports coach will also need to know who to send to ASP.

-The group talked about membership in SDM Committee. For now Kami Farr could be considered the community member. Perhaps Sharyn Penrose would be willing to be our community member. We still need a student member.

-Noelle Short would like the group in a future meeting to discuss thoughts for discipline for students who leave their Chromebooks unattended. She is asking various groups for their input. Perhaps making the students use a laptop, detention, Saturday School?
