

Project Grade Sheet

NAME:

CLASS PERIOD:

Assignment: ASSEMBLAGE ARCHITECTURE-

Students learned about the effect artist Marcel Duchamp had on assemblage art. Students were introduced to the repurposing of found objects and the connection it had to Modern and Contemporary art. Students studied the difference between sculpture relief and sculpture in the round.

Students were graded on completion, use of found materials, design/creativity, use of space, demonstration of reliable structures, craftsmanship, and evidence of understanding/following assignment expectations.
