3. Vote for 7th Grade Student Council Class Advisor
4. Community Service opportunity via Leo Lions
5. Field trip with 8th grade class next Spring

### Notes

- Students shared that they are enjoying more independence with technology i.e., carrying their cell phones on their persons during the school day and greater use of Chromebooks for classwork and homework
- Students carry all the supplies/books they need for classes in their backpack rather than in their lockers and report that they are able to change classes within the 2 minutes allotted between classes.
- Both students were reluctant to be the 7th Grade Class Advisor but did finally agree to be co-advisors and rotate attending scheduled Student Council meetings
- Reviewed the difference between ASSH and MASSH and how to sign up for them as well as how/where/when to sign up for Clubs/Committees that they plan to attend
