VIII. SUPERINTENDENT'S REPORT

- A. Enrollment – Superintendent Ciccone reported the January enrollment of 787 students which includes 779 students PreK through 12, plus 7 out-placed and one exchange student.
- B. Superintendent's Budget Proposal – Superintendent Ciccone presented the 2016-17 budget proposal to the Board of Education. The Superintendent praised the administrators for their part in building the budget. A Budget by Object chart showed that 74.50% represents salaries and benefits and the 25.50% remaining for purchased services, transportation, tuition, supplies and equipment. Specific scenarios aligned with the enrollment study were discussed that might change the percentage increases in each category. The Board agreed that the budget is at a good starting place and they will look at it again at the February meeting.
- C. Strategic School Profiles: Superintendent Ciccone shared the information on the Strategic School Profiles with the BOE and reminded the Board that the information is for 2013-14. The report shows data for each of the Westbrook Schools and the District with comparisons to the State. She talked about the percentages in diversity, absenteeism, and expulsion and said that Westbrook is doing well in all areas. The report also shares technology to student ratios, and Westbrook is besting state averages there as well.
- D. ESSA (Every Student Succeeds Act) – Standardized Assessments: The Board was given handouts that explain the differences between and transition from No Child Left Behind to ESSA. In regard to SBAC testing, the Superintendent said that too much is at stake with what has been invested and the state will most likely not loosen its reliance on SBAC or give LEA's more control on test selection compliance at the local level. The Superintendent talked about Juniors taking the SAT's for statewide mastery assessment purposes. It is scheduled for March 2. She mentioned that the College Board is contracting with SBAC to assist in the re-design of the SAT's.

IX. OLD BUSINESS

- A. Out-of-State and Country Field Trip – The Superintendent shared survey information from state superintendents as to questions on school travel. The great majority of schools have not cancelled international or domestic trips due to safety concerns. The BOE was comfortable with their policy on travel and field trips and its mechanism to approve out-of-state/country requests for travel on an individual basis.
- B. Enrollment Study Report: Superintendent Ciccone asked the Board to consider steps to take in response to the recent enrollment report. In view of the issues and the need for both short and long term responses, it was her recommendation to create an enrollment study subcommittee to further review suggestions and recommendations from the study report. Lee Bridgewater, Chair, agreed that the Board should

continue to be proactive and continue to work with the study recommendations. The following board members agreed to serve on the new subcommittee: Marti White, Don Perreault, Jackie Lyman, and Michelle Palumbo. Lee Bridgewater (ex-officio) will also attend the meetings. Cecilia will circulate some available dates to schedule a meeting for the newly formed committee.
