

# #4 AP ART 2018 / 19 SUMMER ASSIGNMENT

## PAPER BAG SKETCHBOOK MIGRATION

**MIGRATION:** movement of one part toward another; to change/exchange position or location.

***YOU HAVE BEEN GIVEN A PAPER BAG(S) AND A SKETCHBOOK.  
FIND A LARGE EMPTY CONTAINER THAT FITS COMPLETELY UNSEEN INSIDE THE BAG***

1. Create an image of the bag open, empty and with nothing in it
2. Create an image of the bag with your container inside the bag.
3. Create an image of the bag crushes and smoothed around the container so the bag reveals the shape of what it contains.
4. Push the bag down and reveal the actual container. Create an image of this.
5. Take the container out of the bag and refolded and straighten out the bag, Create an image of them.
6. Create 3 more images of the paper bag slowly migrating completely into the container.
7. Create an image of your container empty and with nothing in it.

### **NINE IMAGES TOTAL**

- Each image should be as large as the sketchbook paper.
- Images should depict the subject as accurately and as detailed as your chosen media will allow.
- No media restriction.

**All 9 images are due, in the sketchbook, on the first full day of classes.**
