Marco F. Pochintesta, Ed.D.
Superintendent of Schools

November 23, 2020

Dear Pearl River School Community,

This weekend we were informed of four new positive cases of COVID-19 in the District and one positive case this morning: two students at PRHS, two students at Evans Park, and one student at Franklin Ave. After consultation with the Rockland County Department of Health (RCDOH), the two HS cases did not result in anyone being quarantined as the two students were not in school during the infectious period. All students and staff that are required to quarantine at the elementary schools were notified over the weekend and this morning.

We ask parents to continue to be diligent in checking their child's temperature and checking for any symptoms of COVID-19 before sending their children to school. Students with a fever of 100 degrees or more, or any [symptom of COVID-19](#) must remain home, and parents should contact their health care provider and school nurse.

In addition, if you have been notified that your child was exposed to a positive COVID-19 case outside of school, please keep your child home and contact your healthcare provider and your child's school nurse for guidance.

We will continue to keep our school community informed regarding how this virus is impacting our schools.

I know you join me in wishing our students a quick and complete recovery.

Sincerely,
