

Students

SUBJECT: BUS RULES

Transportation of day students is the responsibility of the sending District. Except as otherwise mandated in a student's Individualized Education Program (IEP), riding school buses is a privilege which may be revoked if the student does not comply with the rules set forth in the *Code of Conduct*.

Bus drivers will be held responsible for reasonable and acceptable behavior of students while riding the school bus. Students riding school buses are expected to conform to the rules of conduct in order to permit the bus driver to transport his or her passengers safely. Bus students are to go immediately to the buses as soon as they are dismissed from school in the afternoon.

The Board and the Superintendent or designee has the authority to suspend the transportation privileges of children who are disorderly and insubordinate on buses. Generally, parent(s) or guardian(s) will be required to make alternative transportation arrangements for their children who have been suspended from riding the bus. However, if a suspension from transportation effectively results in absence from school because of the distance between the home and the school and the absence of alternative public or private means of transportation, the District will make appropriate arrangements to provide for the student's education.

If a student with a disability who receives transportation as a related service as part of his or her IEP is being considered for suspension from transportation, and that suspension would effectively result in a change in placement, the student will be referred to the Committee on Special Education.
