## Visual Art

### Grade 5

#### Unit 2 -Principles of Art

**Overview:** This unit introduces students to the skills needed to think both critically and creatively through visual art. Students will demonstrate proficiency in identifying elements of art and principles of design to determine how mood can convey a message, after viewing artwork by various artists.

**Time Frame:** Second Marking Period

#### Enduring Understandings:

- The elements are the basic visual symbols an artist uses to create works of art whereas the principles are the manipulation of those elements.
- The principle of movements refers to the path the viewer's eye takes through the work of art, often to focal areas.
- Movement can be directed along lines, edges, shape, and color within the work of art.

#### Essential Questions:

- What is the relationship between the elements of art and the principles of design?
- How does the movement further engage the viewer in the artwork?
- How will the artist be able to create art synthesizing shape and unity?
- How will the artist be able to critique a piece of art with focus on shape and line?
- How and why would an artist depict a place? Realistic? Imaginary?
- How does math influence perspective in art?
- What is space, in relation to visual art?

#### **Key Vocabulary:**

Line, shape, balance, proportion, contrast, emphasis, pattern, rhythm, unity, variety, harmony, medium, media, movement

#### **Integration of 21st Century Standards NJSLS 9:**

9.2.8.B.3 Evaluate communication, collaboration, and leadership skills that can be developed through school, home, work, and extracurricular activities for use in a career.

9.2.8.B.4 Evaluate how traditional and nontraditional careers have evolved regionally, nationally, and globally

#### **Accommodations and Modifications:**

**Students with special needs:** Support staff will be available to aid students related to IEP specifications. 504 accommodations will also be attended to by all instructional leaders. Physical expectations and modifications, alternative assessments, and scaffolding strategies will be used to support this learning. The use of Universal Design for Learning (UDL) will be considered for all students as teaching strategies are considered. Additional safety precautions will be made along with additional staff so all student can fully participate in the standards associated with this Art curriculum.

**ELL/ESL students:** Students will be supported according to the recommendations for “can do’s” as outlined by WIDA -

[https://www.wida.us/standards/CAN\\_DOs/](https://www.wida.us/standards/CAN_DOs/)

This particular unit has limited language barriers due to the physical nature of the curriculum.

**Students at risk of school failure:** Formative and summative data will be used to monitor student success at first signs of failure student work will be reviewed to determine support this may include parent consultation, basic skills review and differentiation strategies. With considerations to UDL, time may be a factor in overcoming developmental considerations. More time and will be made available with a certified instructor to aid students in reaching the standards.

**Gifted and Talented Students:** Students excelling in mastery of standards will be challenged with complex, high level challenges related to the complexity of the Dance requirements. This will include allowing more opportunities to demonstrate creativity and the design of original choreography.

**Interdisciplinary Connections:**

**ELA - NJSLS/ELA:**

NJSLSA.SL1. Prepare for and participate effectively in a range of conversations and collaborations with diverse partners, building on others' ideas and expressing their own clearly and persuasively.

NJSLSA.SL2. Integrate and evaluate information presented in diverse media and formats, including visually, quantitatively, and orally.

NJSLSA.L3. Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.

NJSLSA.L6. Acquire and use accurately a range of general academic and domain-specific words and phrases sufficient for reading, writing, speaking, and listening at the college and career readiness level; demonstrate independence in gathering vocabulary knowledge when encountering an unknown term important to comprehension or expression.

**Social Studies:**

6.2.8.D.1.b Describe how the development of both written and unwritten languages impacted human understanding, development of culture, and social structure.

**Math:**

5.MD.B. Represent and interpret data.

5.MD.C. Geometric measurement: understand concepts of volume and relate volume to multiplication and to addition.

5.G.A. Graph points on the coordinate plane to solve real-world and mathematical

5.G.B. Classify two-dimensional figures into categories based on their properties.

**Integration of Technology Standards NJSLS 8:**

8.1.5.A.1 Select and use the appropriate digital tools and resources to accomplish a variety of tasks including solving problems.

8.1.5.A.3 Use a graphic organizer to organize information about problem or issue.

8.1.5.D.3 Demonstrate an understanding of the need to practice cyber safety, cyber security, and cyber ethics when using technologies and social media.

8.1.5.D.4 Understand digital citizenship and demonstrate an understanding of the personal consequences of inappropriate use of technology and social media.

8.1.5.E.1 Use digital tools to research and evaluate the accuracy of, relevance to, and appropriateness of using print and non-print electronic information sources to complete a variety of tasks.

8.2.5.D.3 Follow step by step directions to assemble a product or solve a problem.

**Career Ready Practices:**

**CRP1.** Act as a responsible and contributing citizen and employee.

**CRP2.** Apply appropriate academic and technical skills.

**CRP4.** Communicate clearly and effectively and with reason.

**CRP6.** Demonstrate creativity and innovation.

**CRP8.** Utilize critical thinking to make sense of problems and persevere in solving them.

**CRP12.** Work productively in teams while using cultural global competence.
