| Committee Name: Shared Decision Making Agenda | | |
| Date: 3/30/21 | Facilitator: Kami Farr | Recorder: Kami Farr |
| Members Present: Trisha Hosley, Kami Farr | | |
| <p style="text-align: center;"><u>Agenda Items</u></p> <p><u>Old Item:</u> At the last meeting the committee brainstormed and reported out on recommendations for honor roll student incentives. No further assistance was requested.</p> <p><u>New Item:</u> Request for committee assistance with implementing a plan for parent phone number & address education. With long cell phone numbers and saved contacts being the norm, children are not learning their parents phone numbers. Can we come up with a plan to make this a priority in school? Is this something we are interested in planning?</p> <p>The group has a lot of interest in taking this on. There was a lot of good discussion brainstorming ideas on different ways to incorporate this learning into the day that would make it fun. It was felt that we could utilize the next month to pull together materials and ideas and put together a beginning plan at our next meeting.</p> <p>(notes for the group: refrigerator copy, coloring pages, songs, incorporate into routines, visuals, recite during transition times, entrance ticket, lunch, recess)</p> | | |
