What is a School Compact?

A school compact is a written commitment describing how all members of a school community share the responsibility for student learning. This includes parents, teachers, administration, and students. This compact helps bridge the learning connection between school and home.

Did You Know?

Parents, teachers, and faculty members work together to develop our School Compact by participating in opportunities for input including the Spring Comprehensive Needs Assessment, Parent Surveys, School Council, and Annual Title 1 meetings.

Provide high quality curriculum and instruction that includes access to technologies that enhance the instructional environment for all learners

Provide families with opportunities to participate in their child's education. Possibilities include parent-teacher conference
