What groups are we talking about for Cultural committee for assemblies?

- Music / Arts

Add Character Ed component to Cultural Committee.

Everyone in the cultural committee can lead a portion during the year instead of a full out Chairperson

6 pillars of character education

How can we integrate those with the school

- Visuals involved throughout the school
- Sticky bearpaws that students can place on walls
- Shoutouts on the announcements
- School store

Kickoff assembly - SLP day that Fri during Spirit Week

- All grades activity during gym
- While not meeting with teachers for SLP, they will be doing activity
- Example: painting bear paws with something written on it that deals w respect to hang up
- What does respect look like to you?
- Focus on a trait or pillar of respect
- Role play?

Tues meeting with Character Ed.

SLP Day- Fri in the gym. As students are having conversations with their teachers, others will be in the gym doing activities about dealing with the six pillars of character ed.

Fri will be Respect

Activities may include crafts, making bear paws , making money etc.

One idea was to have teachers/students parade ion with the six pillars of character ed using signs , or banners or pennants or flags.

We then thought of the teachers maybe doing a role play and having a stop and rewind type of activity. Doing something maybe that would be disrespectful with the school and stopping and replaying that scene correctly with respect.
