Alumni

How do we create a better database for our alumni connection? An exit survey for seniors, would you be willing to participate in a panel, are you willing to share your personal email or contact information so we can stay in touch and track your progress, or just the option to say no -similar to how colleges send out alumni events or create an alumni profile
-fill out in June google form, in English, what personal information do they want to share, and what they are open to be a part of
