

0100 VISION STATEMENT

The Salisbury Central School learning community works together to empower all students to be inquisitive, independent, and responsible citizens of the global society. We guide and foster each child's intellectual, emotional, social and physical development in a safe, challenging, supportive, and collaborative learning environment. We are committed to ensuring that all students leave us prepared for successful learning beyond our school.

We Believe:

All students can learn

All students will have equitable access to an effective instructional program

All staff are committed to continuous professional growth and improvement

All members of the community are partners in the learning process

All members of the community respect one another

Approved by the Salisbury Board of Education: May 20, 2019
