

# Connecting Students to Mobile Lab (iOS/iPadOS)

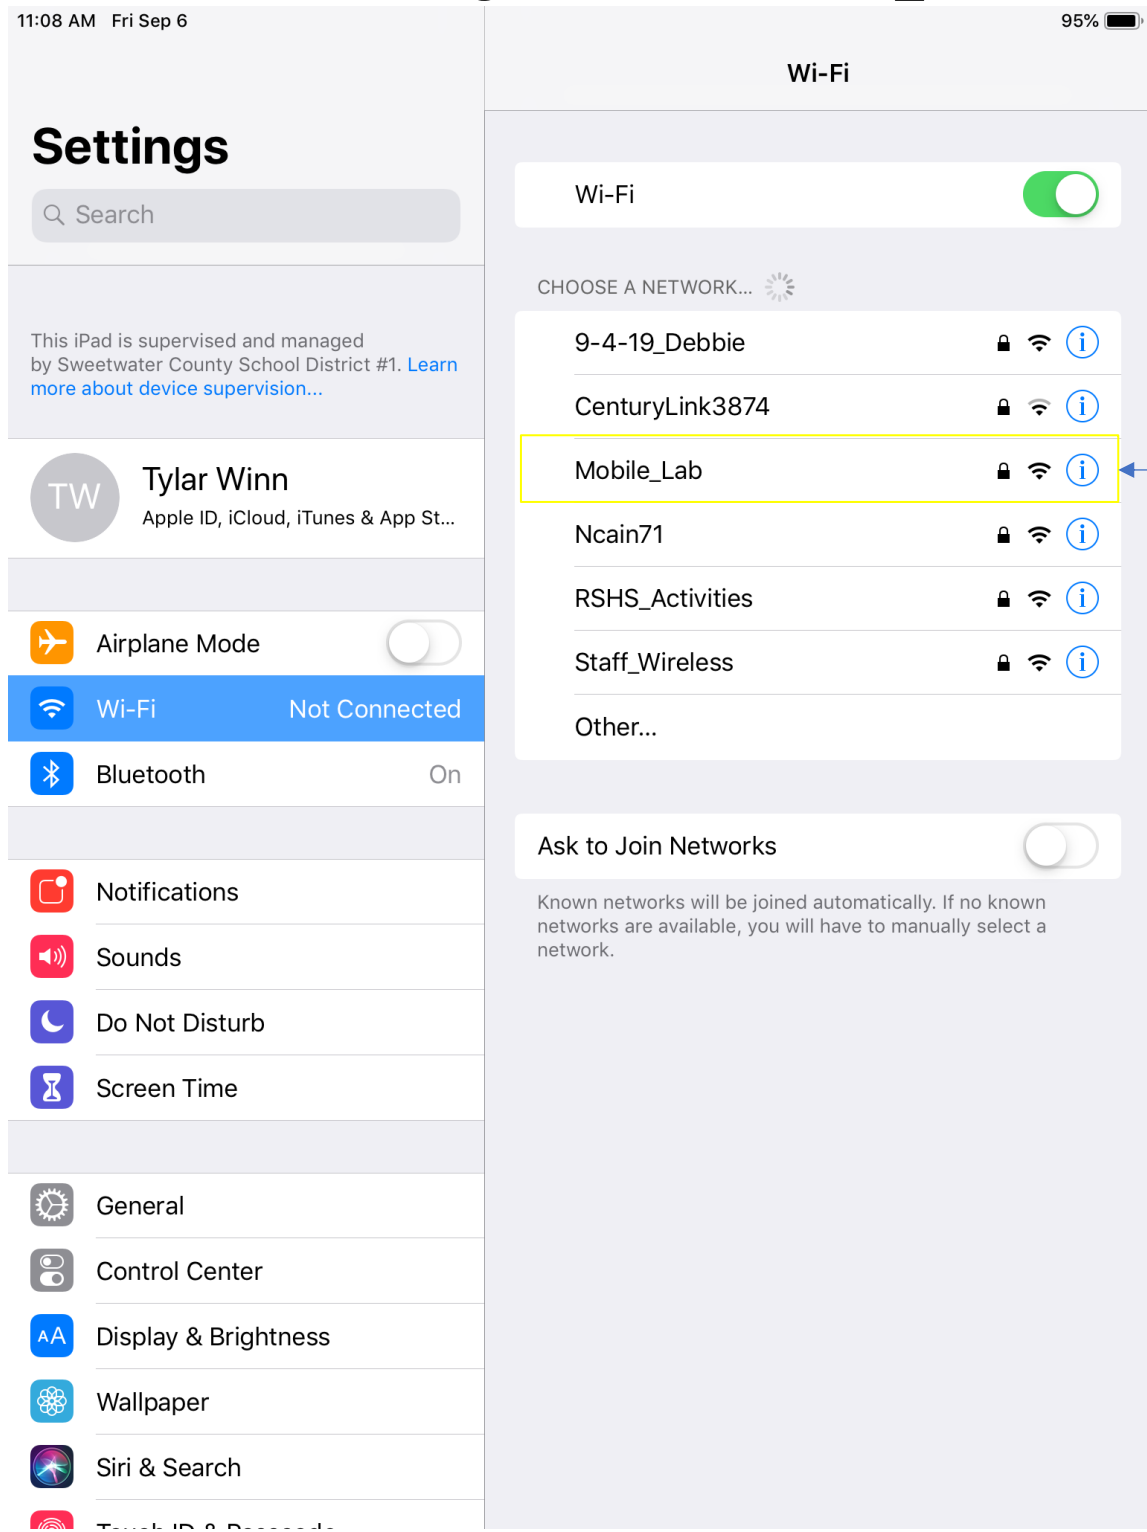

## 1. Start by going to settings

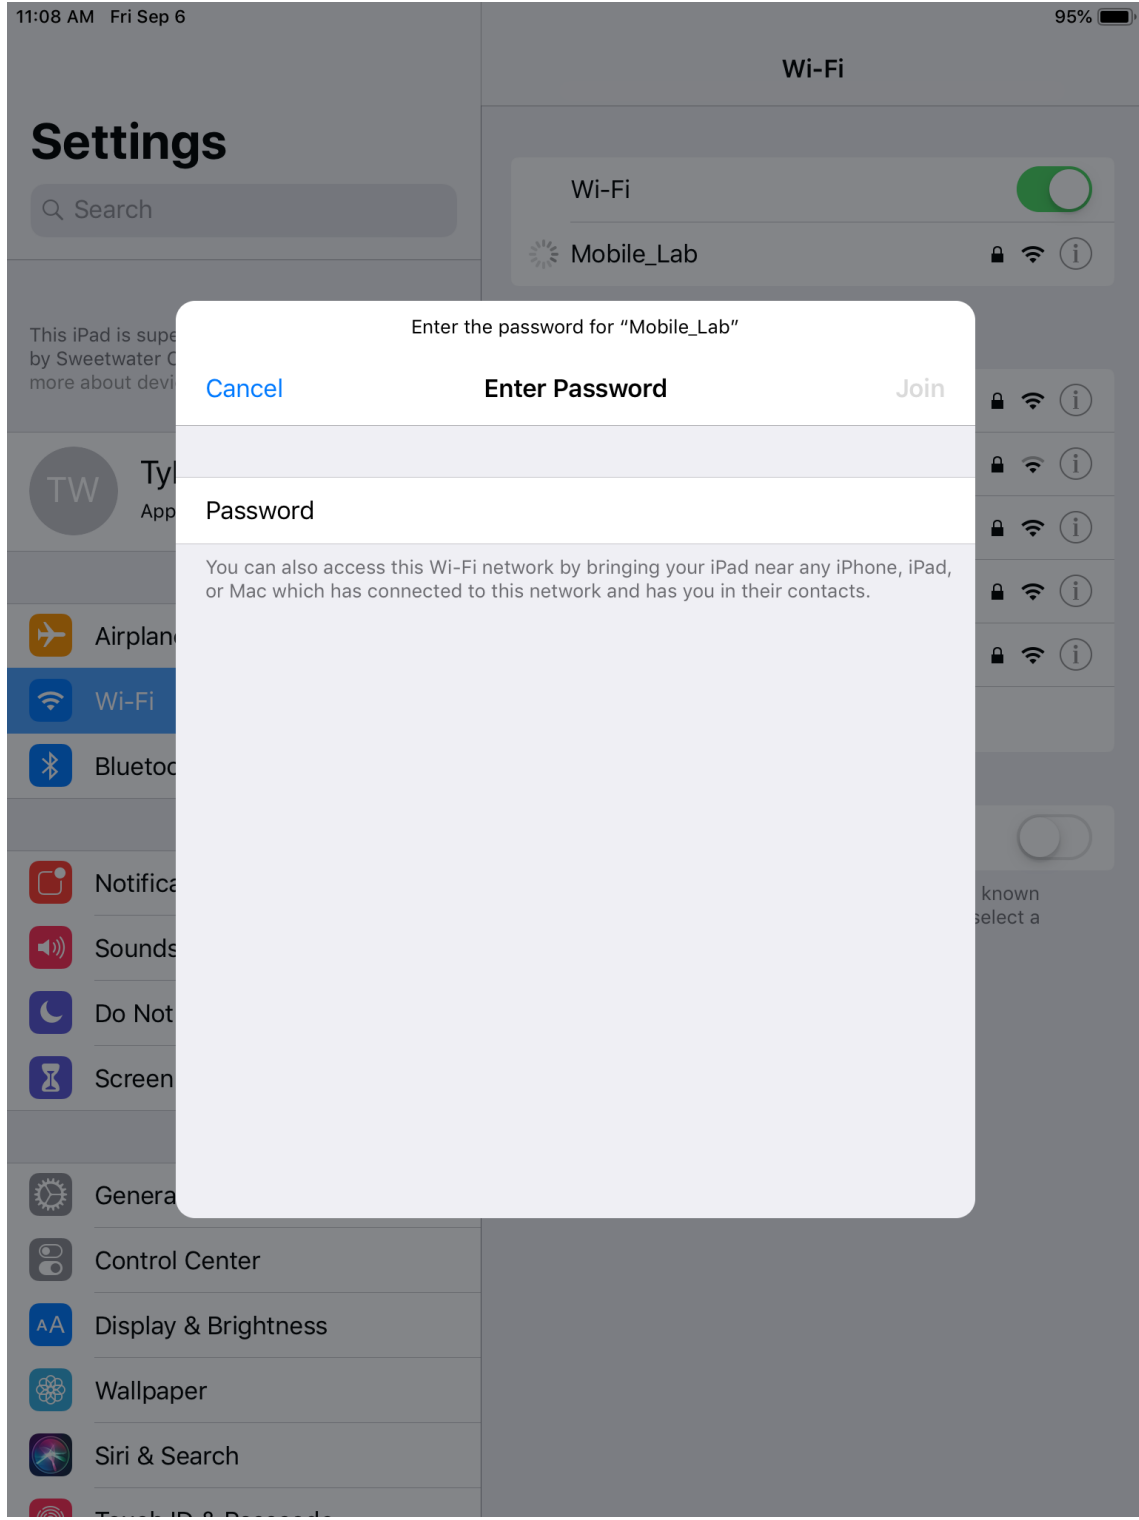

## 2. Go to Wi-Fi Settings

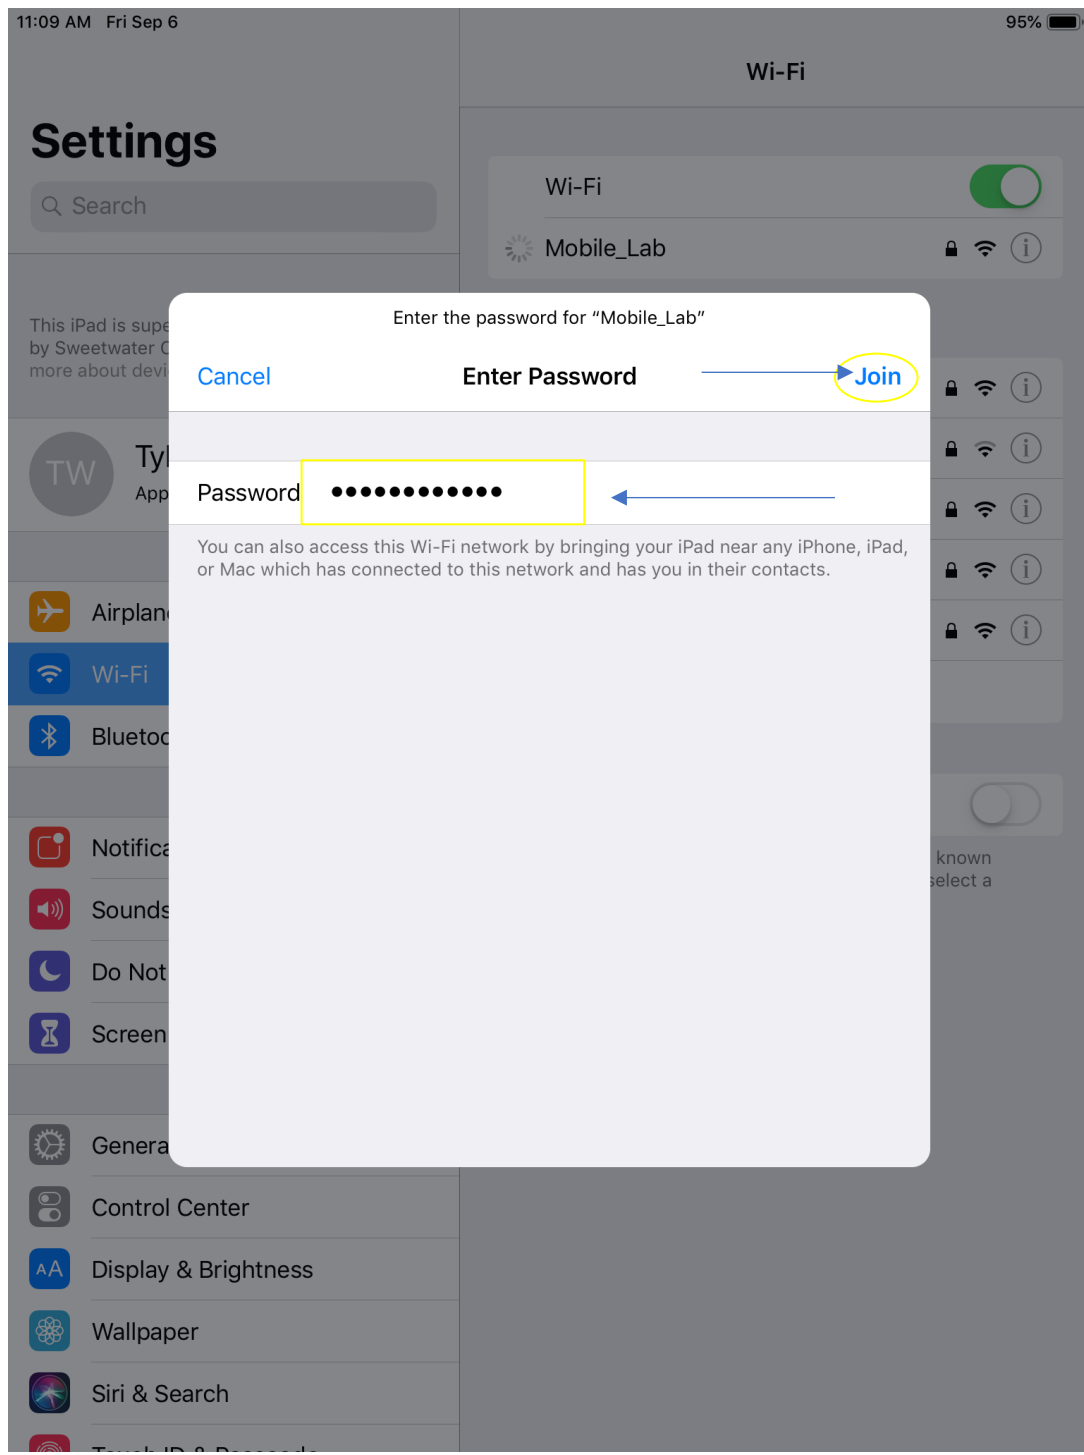

### 3. Once in Wi-Fi settings, select “Mobile\_Lab”

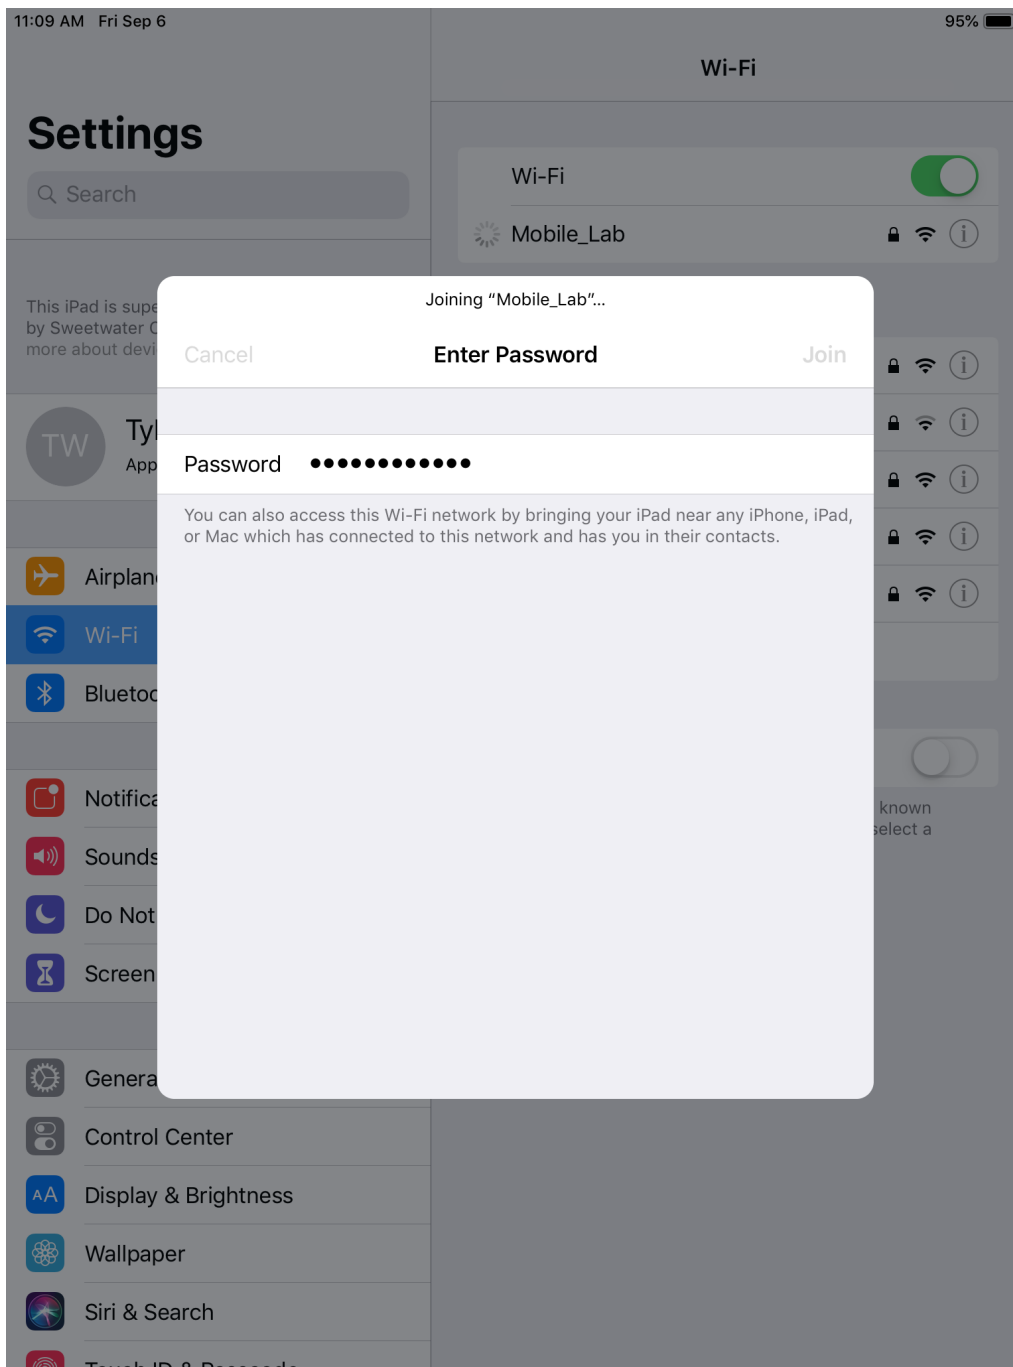

#### 4. You will be prompted to enter the password.

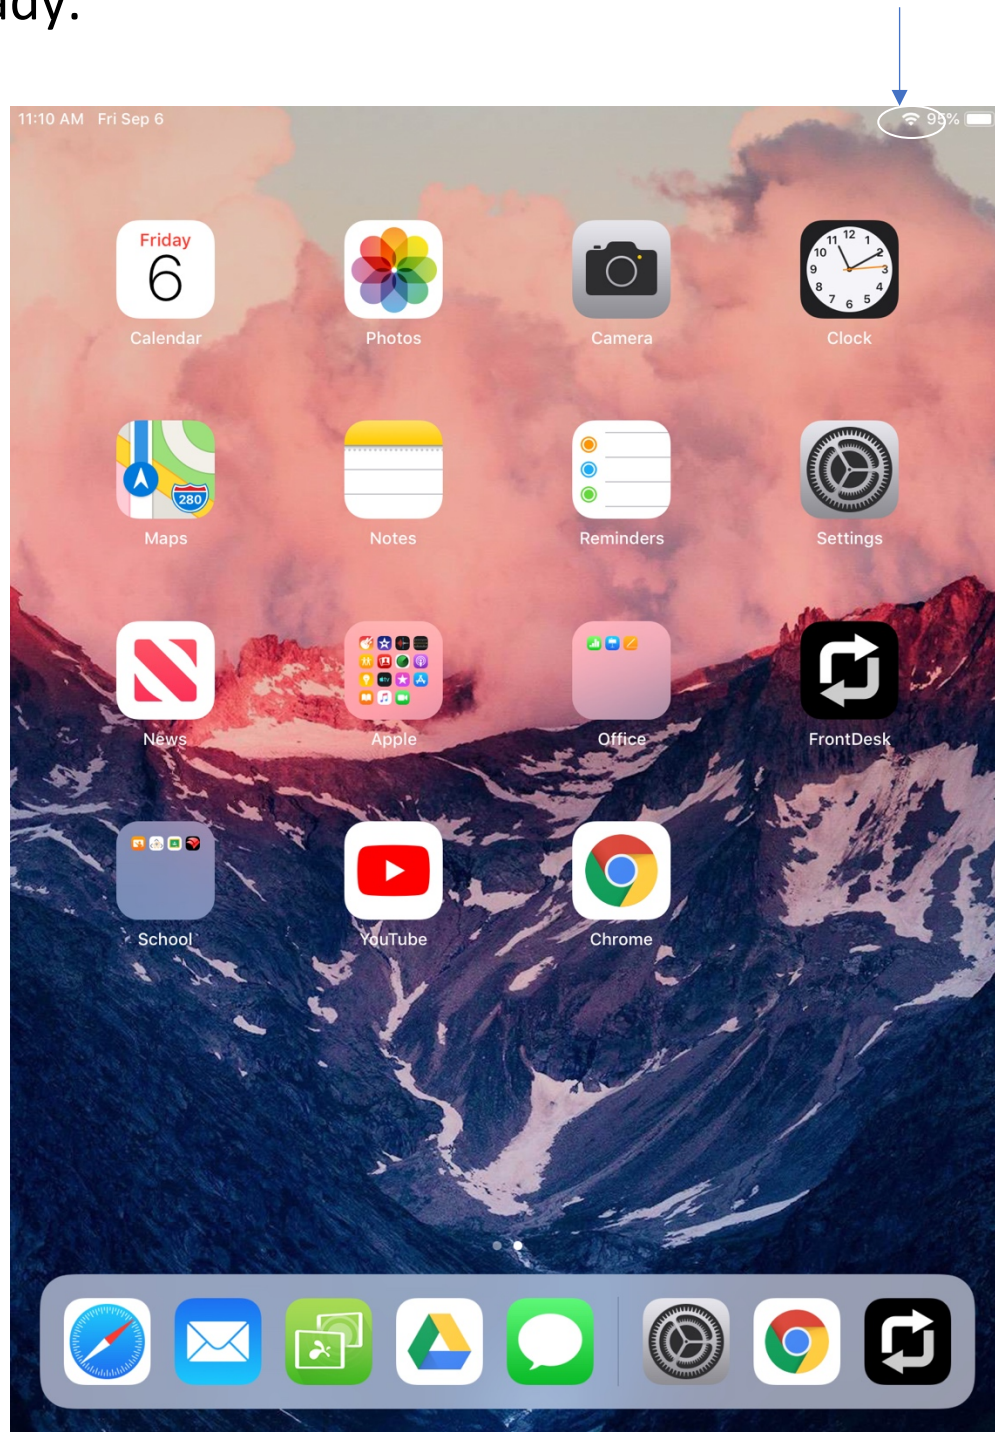

5. Enter *connect2learn* as the password and touch “Join”. The iPad will then connect

6. Once its connected, exit settings by pressing the home button and verify its connected. If the Wi-Fi symbol is showing by the time, the iPad is ready.

**7.**If the device does not connect, reboot the device and try steps 1-6 again. If this persists, please open a Help Desk Ticket.
