ACKNOWLEDGEMENTS

The preparation of the annual budget is a substantial leadership responsibility. The development of the proposed 2018 – 2019 school district budget is consistent with the Board of Education goals. The district administrators, building administrators, teachers, and staff all had input into the development of the budget. All are to be commended. The people whose name appears below provided the leadership that made the development of the proposed budget possible.

Ms. Mary Anne Carroll, Executive Assistant to the Superintendent
Ms. Carolann Castellano, Principal, Meadow Pond Elementary School
Mr. Paul Christensen, Director of Operations and Maintenance
Miss Alice Cronin, Assistant Superintendent for Curriculum and Instruction
Mr. David Feller, Interim Director of Special Services
Ms. Kerry Ford, Principal, Increase Miller Elementary School
Ms. Cristy Harris, Principal, Katonah Elementary School
Mr. Harry LeFevre, Interim Assistant Superintendent for Human Resources
Mr. Rich Leprine, Principal, John Jay Middle School
Ms. Nora Mavrommatis, Supervisor of Transportation
Mr. Christian McCarthy, Director of Athletics, Physical Education, Wellness
and Health

Mr. Christopher Nelson, Director of Technology
Ms. Marisa Merlino, Director of Guidance
Ms. Kimberly Monzon, District Clerk
Ms. Kim Parks, District Treasurer

Ms. Danelle Placella, School Business Administrator

Dr. Steven Siciliano, Principal, John Jay High School

Ms. Jeanette Stein, Secretary to the Assistant Superintendent for Business and the Assistant Superintendent for Instruction

Ms. Margaret Taylor, Coordinator of Payroll and Benefits

Dear KLSD Community,

On May 15, 2018, we hope you will join us to vote on the 2018-2019 Katonah-Lewisboro School District budget and the election of two Board of Education trustees.

This budget document provides you with valuable information about the proposed budget, how it will support the education of our students, and how it will impact you and our community. We are proposing a budget that we believe maintains our community's commitment to excellence in education and carefully weighs the need for fiscal responsibility.

Proposed spending will increase next year by less than 2%. Despite a \$1.2 million increase in health insurance costs next year, we are once again presenting a budget that is below the New York State tax cap. We believe the proposed budget thoughtfully supports today's students and positions our schools and community well for the future.

Thank you for entrusting us to act on your behalf as the Board of Education and for taking time to vote on May 15, 2018.

Respectfully,

Marjorie Schiff, *President*Scott Posner, *Vice-President*Julia Hadlock

KATONAH-LEWISBORO UNION FREE SCHOOL DISTRICT

Mr. Andrew Selesnick Superintendent of Schools

Date: April 20, 2018

Memorandum To: The Katonah-Lewisboro School District Community

From: Andrew Selesnick, Superintendent of Schools

Re: Board of Education's Proposed Budget: 2018-2019 School Year

On the following pages you will find the Board of Education's proposed budget for the forthcoming 2018-2019 school year. This budget was discussed at five Board of Education meetings, including a full-day budget workshop on Saturday February 24th. At the Board of Education meeting on Thursday, March 22nd, the Board approved a resolution adopting the budget and calling for a public referendum for consideration of the proposed spending plan. We encourage the community to learn about the budget. To that end, our Parent Teacher Organizations/Associations will host a series of presentations at each of the schools. Superintendent Andrew Selesnick and/or Assistant Superintendent Michael Jumper will be present at each of these meetings to answer questions. Presentations have been scheduled with each PTA/O as follows:

1. May 7th - IMES PTO - 9:30 a.m.
2. May 7th - MPES PTA - 7:00 p.m.
3. May 8th - JJHS PTO - 7:00 p.m.
4. May 9th - JJMS PTO - 9:30 a.m.
5. May 9th - KES PTO - 7:00 p.m.

The Board of Education's proposed budget is \$108,692,382. As outlined below, this proposed budget represents an increase from the 2017-2018 budget in the amount of \$1,882,437.

The Board of Education's proposed budget results in a tax levy in the amount of \$96,400,287. This represents an increase of \$1,976,827 from the 2017-2018 tax levy. The proposed tax levy is \$143,341 lower than the calculated NYS tax cap. A tax levy in excess of the tax cap requires a super majority vote of the District's residents. The budget as recommended requires only a simple majority vote.

Enhancements:

To continue improving the learning experience for all students, the following are some of the items supported by the 2018-19 proposed budget:

- Innovation grants for the second year of a two-year cohort program to support the development of new instructional approaches in line with the KLSD Learning Commitment.
- Continued support for 3 staff development positions to provide job-embedded coaching for teachers and to lead instructional innovation.
- Staffing to support favorable class size across the District.
- Continued expansion of our partnership with Columbia University Teachers College (begun during the 2015-16 school year) to provide professional development to our elementary school teachers to support students in the areas of writing and reading. In the coming year, investigation will begin around opportunities to expand implementation into the 6th grade.
- Expanding and updating our elementary classroom libraries and the purchase of new social studies materials.
- Therapeutic Support Program (TSP) in Middle School Expansion of the program that has been successful in our high school, in order to support emotionally fragile middle school students who otherwise would struggle to continue attending within our District.
- Increased opportunity for after-school athletic participation among our middle school students and increased ability to provide skills instruction and supervision for high school athletes.
- Four contingency positions and one contingency Teaching Assistant position which we will allocate only if it becomes necessary to open additional sections due to changes in enrollment, course requests, or other circumstances. These positions provide the flexibility necessary to meet class size objectives.
- Expanded use of Family ID as a more convenient and more environmentally friendly, online form-completion software for all District families.

OVERVIEW/BOARD OF EDUCATION GOALS

In October 2017, the Board of Education adopted goals for the 2017-2018 school year. These two adopted goals have been a driving force behind the development of the budget:

2017 – 2018 Board of Education Goals

Goal #1 Leadership

The Board of Education will foster an inclusive, welcoming environment at our meetings and in the operations of our District so as to inspire collegiality, trust, and a shared sense of purpose among all school community members.

 The Board of Education will support the Superintendent's focus on a learning commitment that strives to create engaging, relevant learning experiences for all students and an active learning environment that fosters creativity, critical thinking, and communication.

- The Board of Education will receive an end-year update from the Superintendent regarding the implementation of the learning commitment referenced above and proposed next steps for consideration.
- The Board of Education will engage in its own ongoing development in support of the above goal.

Goal #2 Fiscal Stewardship

The Board of Education shall endeavor to ensure excellence in academic and extracurricular programming while:

- Adopting a budget that is fiscally responsible and does not exceed the tax cap.
- Striving toward sustainable contracts and strengthened partnerships.
- Managing the District's infrastructural and human resources in a responsible, safe, sustainable manner that takes into account demographic trends and financial forecasting

With these goals as a backdrop, the administration and the Board of Education have developed a budget which continues to support and strengthen the outstanding academic program offered within the Katonah-Lewisboro Union Free School District. This proposed budget meets the fiscal stewardship goal established by the Board of Education. The budget recommended for community consideration is as follows:

Current	Proposed	
2017-2018 Budget	2018-2019 Budget	Projected Increase
\$106,809,945	\$108,692,382	1.76%

The budget that is presented to the community for consideration incorporates the following major financial drivers, which are explained in more detail below:

- Increasing health insurance costs
- Increase in NYS mandated Teachers Retirement System employer contribution rates
- Staffing and salary adjustments including but not limited to increases/reductions of staff in certain areas, retirements, and contractual obligations
- Reduction of utility costs through the use of a multi-year cooperative bid process which ensures low electricity supply costs through May of 2019 and the continued effort of our Operations and Maintenance staff to conserve energy
- Reduction in bus fuel costs coupled with efficient bus routing

Major Financial Developments:

Increased health insurance costs

In January 2014, the District migrated from a self-insured health plan to the New York State Health Insurance Plan (NYSHIP). This transition "reset" the District's expenses

associated with health care and reduced the annual expenses in this area by more than \$1 million. Now that our costs have been "reset," we are experiencing inflation in this area which is more aligned with the market trend. In November, we were informed that the premium for our health plan would be increasing on average by 8.2%. This increase is somewhat tempered by increases in contribution rates for our staff. In addition, Medicare costs for our retired staff continue to increase as well. The projected increase in spending in this area is approximately \$1,211,000. This one figure alone accounts for nearly 65% of the budget to budget increase from 2017-18 to 2018-19.

Staffing and salary adjustments

Later in this document, we will outline adjustments in staffing in each of our schools and programs. Adjustments in staffing are associated with enrollment fluctuations and program modifications. In addition, contractual obligations and staffing changes related to retirements impact the salary and wages budget. Finally, individualized education plans for our classified students will impact the budget as services are added or removed. Overall our staffing/salary increase accounts for \$664,469 of the overall increase in the 2018-2019 budget (This figure includes salaries associated with new programs or expansion of programs: JJMS Therapeutic Support Program, additional coaches, additional teaching assistant contingency position and expansion of the ENL program – Subtotal of these items \$209,000). This represents an increase of 1.12% over the budgeted 2017-2018 salaries.

Increase in the NYS mandated Teachers Retirement System:

A total of \$7,035,906 is included in the 2018-2019 budget to fund NYS Retirement System costs for our employees. In 2018-2019 we will experience an increase in the NYS mandated Teachers Retirement System employer contribution rate. This results in a year-to-year increase of \$71,801. Overall, retirement expenses make up just under 6.5% of the entire budget

- The employer contribution rate for the New York State Teachers Retirement System (applicable to both teachers and administrators) is increasing from 9.8% of total salary to 10.63% of total salary.
- The employer contribution rate for the Employees Retirement System (applicable to our support staff) has declined by approximately 0.1%.
 Contribution rates vary based on when employees joined the Employees Retirement System.
- These are mandated NYS contribution rates required of the District.

Reduction in bus fuel costs coupled with efficient bus routing

The 2018-2019 budget for bus fuel has been decreased by \$57,085. This coupled with efficiencies in bus routing accounts for an overall reduction in the area of transportation services of almost \$101,000.

Reduction of utility costs

In the fall of 2016, the administration sought competitive bids for the supply of electricity. Thanks to energy deregulation in New York, we save money and stabilize our electricity costs by seeking competitive bids for the supply of electricity. The Board of Education uses an energy consultant to assist in this process. When bids sought are favorable, the Board of Education will lock in rates for multiple years. In January of 2017, we secured and locked-in the supply of electricity for 5.789 cents per kWh through May of 2019 (it should be noted that electricity costs are broken into two parts – supply and delivery). We will continue to work with our energy consultant to monitor electricity rates and when the opportunity presents itself, we will consider locking in a rate for future years. In addition, we continue to work with Honeywell to ensure that we are realizing all of the efficiencies associated with our recent infrastructure upgrades. Lower prices for electricity and heating oil combined with significant conservation measures yields a budget to budget savings of \$61,000.

ENROLLMENT PROJECTIONS

Enrollment projections are updated each year. The proposed expenditure budget reflects adjustments in staffing associated with fluctuations from grade to grade or from school to school. Driving any school budget is the need to serve children and the staffing costs associated with related programs. Our student enrollment numbers are projected to change as follows:

Student Enrollment

	Current October 2017	Projected <u>September 2018</u>	Change
Elementary	1229	1233	4
Middle School	751	696	(55)
High School	1059	<u>1065</u>	6
Total Students:	3039	2994	(45)

STAFFING MODIFICATIONS

Once enrollment was projected and programs were evaluated for the 2018-2019 budget, staffing needs were determined.

Adjustments in Personnel¹: In addition to 4.0 FTE contingency teaching positions and 1.0 FTE contingency teaching assistant position included within the 2018-2019 spending plan, the budget presented to the Board of Education for consideration includes a decrease of current staffing levels by 0.9 FTE teaching professionals, and a decrease of 3.0 FTE support staff. Adjustments relative to hourly employees are also included in this budget. Staffing changes are outlined below:

¹ Please note – this section outlines the majority of staffing changes included in the 2018-19 budget. Certain staffing changes such as a reduction in an extra assignment (sixth assignments) or a reduction in proposed staffing related to utilizing a contracted service in lieu of hiring a person directly are not reflected.

Elementary Schools

Reduce 1.0 FTE Elementary Teacher

Sub-Total = Reduction of 1.0 FTE Teaching Staff

Middle School

Middle school staffing is based upon the continuation of the teaming model at both the 6^{th} and 7^{th} grades. Recommended middle school staffing changes that result from shifts in enrollment are as follows:

- Add 1.0 FTE Sixth Grade Teacher (elementary)
- Reduce 0.9 FTE Eighth Grade Teachers:
 - o 0.25 FTE 8th grade Math
 - o 0.25 FTE 8th grade Science
 - o 0.20 FTE 8th grade ELA
 - o 0.20 FTE 8th grade Social Studies
- Reduce 1.3 FTE various subject areas:
 - o 0.2 FTE Art
 - o 0.4 FTE Home and Careers
 - o 0.2 FTE Tech Ed
 - o 0.1 FTE music
 - o 0.2 FTE RTI ELA
 - o 0.2 FTE RTI Math

Sub-Total = Reduction of 1.2 FTE Teaching Staff

High School

We are projecting a slight increase in our student population at the high school. Final staffing allocations are determined by student course selection. Depending on student interest, some of courses run and others may not. Please note, based on the complexity of the high school schedule, it is not always possible to balance class sizes. High school staffing requests are outlined below:

- Additions 1.1 FTE
 - o 0.2 FTE Health
 - o 0.2 FTE Art
 - o 0.2 TE Business/Tech Ed
 - o 0.5 FTE Social Studies

- Reductions 1.3 FTE various areas (subject to change pending student enrollment):
 - o 0.2 FTE English
 - o 0.3 FTE Chemistry
 - o 0.4 FTE Guidance
 - o 0.4 FTE Math

Sub-Total = Reduction of 0.2 FTE Teaching Staff

Special Education

We are recommending staffing changes as outlined below as a result of changes in student needs as well as modifications of programs in our schools.

- Add 1.0 FTE Psychologist Therapeutic Support Program JJMS
- Add 2.0 FTE Special Education Teacher Aides (Note: these 2.0 FTE aides were added – not budgeted for – during the 2017-18 school year)

Sub-Total = Addition of 1.0 FTE Teaching Staff & 2.0 FTE Support Staff

Other Teaching Positions

As a means of addressing potential class size concerns that may arise at any of our grade levels, the proposed budget includes 4.0 FTE contingency teaching positions and 1.0 FTE contingency teaching assistant position. Funds for these positions have been allocated in the 2018-2019 budget to the teacher salary codes and may need to be transferred based upon actual need. It's important to note that contingency positions, if not filled, are not carried over from one budget year to the next.

- Add 4.0 FTE Contingency Teaching Positions
- Add 1.0 FTE Contingency Teaching Assistant Position
 Sub-Total = Addition of 4.0 FTE Teaching Staff & 1.0 FTE Support Staff

District-wide (Non-building/non-program specific)

In addition to positions allocated to individual buildings or departments, the following modifications of staffing are reflected in the proposed budget:

- Addition of 0.5 FTE Teacher to serve "English as a New Language" students
- Reduction of 3.0 Bus Drivers
- Reduction of 0.5 FTE bus monitor
- Reduction of 1.5 FTE operations and maintenance staff

Sub-Total = Addition of 0.5 FTE Teaching Staff & Reduction of 5.0 FTE Support Staff

The chart below summarizes the recommended staffing changes:

FTE Summary	Teaching Staff FTE*	Support Staff FTE
District-wide	0.5	(-5.0)
Special Education	1.0	2.0
Elementary	(-1.0)	-
Middle School	(-1.2)	-
High School	(-0.2)	-
Total	(-0.9)*	(-3.0)

*Plus 4.0 FTE Contingency Teaching Positions, 1.0 FTE Contingency Teaching
Assistant Position and 8 coaching stipends

CLASS SIZE

Elementary Schools

Please see the traditional table attached at the end of this memo for a school by school and grade by grade breakdown of projected class sizes. The student numbers included on that table are those from our October BEDS data. We have seen some shifts since then, but nothing yet that makes us think we need to adjust the section numbers. You will notice that this year we are presenting kindergarten separately. The projected numbers for kindergarten are more challenging to predict than any other grade level. We can be more confident, however, about staffing needs when we look at kindergarten collectively, across the three schools, than we can at any one, particular school. When coupled with the contingency positions we are proposing, we are very confident that we'll have adequate staffing to maintain favorable class sizes in all grades.

Secondary Schools

The middle school and high school will continue to assign FTE based upon student selection of courses. Actual class sizes vary based upon schedules.

OTHER BUDGETARY HIGHLIGHTS

Operations and Maintenance

The 2018-2019 budget continues to include \$400,000 in funds associated with addressing maintenance projects and capital improvements, including but not limited to the following items:

- District-wide electrical, plumbing, fire alarm, asbestos abatement, HVAC, fuel storage repairs or renovations, general construction upgrades or renovations
- District-wide renovations to classrooms, bathrooms, hallways, structures, etc.

- District-wide renovations or improvements to domestic water supply systems including but not limited to piping, well pump replacement and/or storage tank renovation or replacement
- Renovations/repairs as identified in the 5-year Capital Improvement Plan
- Field renovations, playground renovations and fencing replacement
- Masonry maintenance/repair and/or paving of parking lots or driveways
- Office upgrades, repairs or renovations
- Roofing renovations/repairs
- Security system installations and upgrades including generator purchase and installation

Please note that it is not possible for the District to complete all of the projects outlined above for \$400,000. Projects will be prioritized and accomplished based upon the greatest need.

REVENUES

State Aid

We are projecting state aid in the amount of \$7,925,955 for the 2018-2019 budget. Please note, the final state aid figures are dependent upon a number of different variables and we expect that the actual state aid received in 2018-2019 will vacillate slightly from this budgeted figure.

Interest Income

Interest rates associated with investments which the District is allowed to make under New York State law continue to be at or near historic lows. As of this writing, we are projecting 2018-2019 interest income of \$98,000.

Sales Tax Revenue

The District is entitled to receive a share of the tax revenue from Westchester County sales tax. Sales tax revenue is paid to the District from Westchester County on a quarterly basis. We have experienced a slow but steady increase in our revenue associated with sales tax. We are projecting that our share of the sales tax for the 2018-2019 school year will be approximately \$960,000.

Use of Fund Balance to Offset Tax Levy

Analysis of our 2017-2018 expenses to date demonstrates that the Board of Education will be able to allocate \$1,700,000 to help offset the 2018-2019 tax levy. In addition, we anticipate that we will be able to utilize approximately \$1,000,000 in committed reserves to help offset the levy. Final fund balance allocations are made annually in July when the tax levy is finalized.

Total Projected Revenue – Other than Tax Levy

In summary, we are currently estimating that our total local revenue, exclusive of tax levy, will amount to \$12,292,095.

SUMMARY OF PROPOSED 2018-2019 EXPENDITURES BUDGET

Current	Proposed	
2017-2018 Budget	2018-2019 Budget	Projected Increase
\$106,809,945	\$108,692,382	\$1,882,437

This proposed budget represents an overall budget-to-budget percentage increase of 1.76%.

PROJECTED TAX LEVY

Based upon the projected expenditure budget of \$108,692,382 (budget-to-budget increase of 1.76%) and a projected revenue budget of \$12,292,095, the tax levy is estimated to be \$96,400,287.

The tax levy for the current year was \$94,423,461. If we are able to realize a tax levy of \$96,400,287, the year-to-year tax levy increase will be 2.09%.

The calculated NYS tax cap limit for the Katonah-Lewisboro Union Free School District for the 2018-2019 school year is \$96,543,628 or an increase of 2.25%. As you can see from above, we have recommended a budget which results in a tax levy which is less than the allowable limit.

TAX RATES

Assessed values of property in each of our four towns are not finalized until May 1st or June 1st, depending on the town. Each July, after the towns have finalized the tax rolls, the Board of Education meets to adopt the final tax levy. Utilizing preliminary assessed values in each of the four towns, and the applicable equalization rate, the following estimate is presented:

Town	2017-18 Rate per \$1000 of Assessed Value	2018-19 Rate per \$1000 of Assessed Value	% Change from previous year
Bedford	185.6728	194.3217	4.66%
Lewisboro	197.3267	198.9854	0.84%
North Salem*	174.5361	19.8985	-88.60%
Pound Ridge	106.7672	111.6014	4.53%

Please note: Tax rates are impacted by changes in assessed value. Tax rates will be confirmed in July, once tax rolls are finalized and revenue and expenditures closed for the 2017-18 school year (Equalization rates are established by the New York State Office of Real Property Services.). TAX RATES SHOWN ABOVE ARE SUBJECT TO CHANGE.

*During the last year, the Town of North Salem completed a re-assessment of all of their properties resulting in a substantial increase in their "assessed values." As a result, their tax rate has decreased by a proportionate amount. This lower tax rate will be multiplied by a higher assessed value. Overall, at this time, it appears that North Salem will pay approximately 0.97% of the overall 2018-19 levy as compared to 0.92% of the levy in 2017-18.

PROPOSITIONS

Proposition # 1 (The Budget)

RESOLVED, that the 2018 – 2019 budget is hereby adopted for the appropriation of the necessary funds to meet the estimated expenditures, and to authorize the levy of tax of and for said Katonah-Lewisboro Union Free School District, Westchester County, New York as set forth in the detailed statement of expenditures, which will be required for school purposes and estimated direct expenses for the ensuing year, in the amount of \$108,692,382. Said budget is within the tax cap limitations established by the State of New York in June 2011.

Proposition #2 (Bus Replacement)

RESOLVED, that the Board of Education of the Katonah-Lewisboro Union Free School District, Westchester County, New York, is hereby authorized to purchase and pay for seven (7) twenty (20) passenger school vans (and/or a similar sized substitute) at a cost of \$50,900 each, one (1) seven (7) passenger minivan (and/or a similar sized substitute) at a cost of \$24,800 and two (2) sixty-six (66) passenger buses (and/or a similar sized substitute) at a cost of \$114,800 each; for a total cost not to exceed \$610,700; which sum shall be funded from current funds available within the general fund. Said funds to be transferred to the capital fund.

Statistical Information

The key to understanding the budget is to first understand the big picture and then to move through the document for additional detail. This statistical section has been organized to give the reader a thorough understanding of the current budget as well as the important factors such as its historical context, an executive budget summary, a breakdown of major categories of expense, important comparisons of staffing, historical and projected enrollment, and historical budget information. The charts, graphs and exhibits in the Statistical Sections are as follows:

Administrative Salary Disclosure

In the event the General Fund budget is defeated by the community two times, the Board of Education is required to adopt a Contingent Budget in accordance with the Laws of New York, 2011 Chapter 97. The adopted Contingent Budget cannot result in a tax levy that exceeds the prior year tax levy.

Assuming revenues as follows:

•Total	\$12,292,095
•Other Revenue	<u>\$1,666,100</u>
 Reserves and Fund Balance 	\$2,700,000
•State Aid	\$7,925,995

The Contingent budget tax levy would need to be less than or equal to \$94,423,460

The resulting Contingent Budget must be less than or equal to \$106,715,555. A budget in this amount will require the Board of Education to reduce the proposed General Fund budget by additional \$1,976,827

Reductions in this amount could be comprised of the following:

Community use of facilities	\$14,250
Certain equipment purchases	\$376,469
Certain Salaries	\$22,143
Capital Construction	\$400,000
Administrative Expenses	\$9,102
Copier Lease Purchases	\$75,759
Other Items	<u>\$1,079,104</u>
Total Reductions	\$1,976,827

If necessary, the actual cuts to the proposed budget in the amount of \$1,976,827 would be made by the Administration and the Board of Education pursuant to Section 2023 of Education Law.

The following section of the budget document is divided into four main sections. A Table of Contents for each section provides the reader with an outline of the expenses associated with each area. They are as follows:

- General Support pages with a pink banner across the top of each chart
- Instruction pages with a blue banner across the top of each chart
- Transportation pages with a yellow banner across the top of each chart
- Undistributed pages with a green banner across the top of each chart

The verbiage provided in the "Statement of Programs and Goals" and the "Benefits" portion of each page is designed to provide the reader with a brief description of how the funds in the "budget code" are utilized. The reader is encouraged to reference the Board of Education video presentation for additional detail.

All equipment rental, service contracts, equipment repair and supplies for Central Administration are ordered and controlled through the Business Office. This insures more efficient use of resources, eliminates duplication, and enables better control of these expenditures. Equipment repair includes maintenance contracts for copiers. In order to properly account for expenditures against the appropriate department, copier maintenance contracts for a number of copiers were moved to their corresponding department codes.

Audit activities are among the most crucial aspects of monitoring the School District's financial operations. The Board of Education annually appoints a school claims auditor, an internal auditor and an external auditor. Each reports directly to the Board and, along with the advisory Audit Committee, assists the Board in its role of fiscal governance. The School Claims Auditor is responsible for ensuring that only legitimate claims against the District are paid. The Claims Auditor ensures that proper documentation and itemization are provided, the payment is for a legal purpose, and the transaction was properly authorized prior to approving the voucher or invoice for payment. The Internal Auditor's responsibilities include development of a risk assessment of District operations, including a review of financial policies, procedures and practices, and the testing and evaluation of District internal controls. The External Auditors perform the annual financial statement audit. They also are consulted to discuss issues such as accounting treatments of unfamiliar transactions	EMPLOYEE COMPENSATION 1320-160-10 HOURLY: SCHOOL CLAIMS AUDITOR

One of the most important responsibilities of the Board of Education is to ensure that the District's financial resources are being used efficiently and effectively toward meeting the District's educational goals. The District's auditors offer a valuable service by providing the Board with technical advice and expertise to ensure compliance with applicable laws and regulations, the proper safeguarding of assets, the dissemination of reliable and accurate financial reports and the understanding and implementation of strong internal control systems. To protect the assets of the District and to guard against liability actions, the Board of Education maintains a comprehensive insurance program. Policies include a multi-peril policy that protects against liability, fire, and theft. There is also a boiler and machinery policy as well as an umbrella policy.						
The District is a member of the New York Schools Insurance Reciprocal (NYSIR). There are approximately 350 districts participating in the program that self-insures many potential liabilities.						
The rates for 2018-19 represent the District's share of the total operating expenses and expected claims. NYSIR's loss control programs and superior claims management have resulted in sizable premium reductions.

These funds provide for staff coordination on curriculum improvement-related projects. The District plans and administers programs of professional development and in-service education; secures and distributes instructional resources; and works with administrators and teachers to organize and coordinate grade level, departmental, and District curricular and instructional efforts. Employees in this area prepare evaluation reports, coordinate educational research, help develop innovative projects, organize and administer the assessment programs, and support pupil personnel services. Special area consultants will support district wide curriculum revisions as necessary. Funds continue to be included for on-going professional development for K-5 teachers in the area of writing, with additional funds earmarked for expansion of this focus to the secondary level. 1/2 of the salary for each of the 3.0 staff developers is budgeted for in the 2010 codes and the other 1/2 is budgeted in to 2070 code. Funds have been allocated at all levels for summer curriculum work.	2010-100-10 STAFF SALARIES -Salary: Assistant Superintendent -Salary: Clerical staff -Hourly: Curriculum Development	351,660	455,861	509,990	482,354	(27,636)

Funds within this code are used to purchase reference material, a variety of library multi-media and audio-visual supplies including replacement bulbs, batteries, extension cords, etc.						
The library books segment of the budget includes funds necessary to ensure that the libraries of the various schools are current. In some instances, book titles are ordered to replace outdated or worn-out publications. In other cases, new editions are included in school libraries to further diversify and enrich the collection of books available.						
Increasingly, the school libraries serve the individual teacher and student in his/her classroom as well as provide an educational setting where students and teachers conduct research, prepare papers, and engage in technical or independent reading.

Students receive counseling on both academic and personal issues. School counselors work with students both individually and in groups and attend meetings with academic teachers. Counselors act as a resource on the Response to Intervention (RTI) Teams and at the Committee on Special Education and act as the case manager for 504 students. Transition programs for students are developed and implemented by counselors for students who are moving into different schools or out to college and career. The counselors participate in various workshops/professional development and attend conferences. In summary, counselors support students by coordinating parents, teachers and administrators to best serve the interest of the child or adolescent. Salaries provide for school counselors as well as clerical personnel in counseling offices. The guidance office supervises the instruction for students in need of educational services in the home. The co-curricular program enhances school spirit and morale. It does this by encouraging students to work harmoniously with others, by promoting constructive use of their leisure time, by developing positive leadership traits and by furthering their vocational interests as well as exploring new opportunities. The co-curricular program provides many opportunities for our students to pursue their passions, concentrate on a visual or performing art, or engage in the pursuit of altruistic and community minded projects. A portion of the funds in the 2850-400 and 2850-500 budget codes have been reallocated to a new 2850-490 budget code to account for expenses in the Co-curricular Activities portion of the budget which are secured through our local BOCES. The position of Transportation Supervisor provides the District with the services of a professional expert who ensures safe, dependable and cost-effective transportation services. The workload assumed by the Supervisor of Transportation has enabled other District staff to concentrate on their areas of responsibility. By maintaining a district-owned fleet, we guarantee flexible transportation services. Short in-district and out-of-district field trips are also made possible with this fleet. Contract services includes money for repairs, insurance, cleaning of the fleet, routing services, as well as bus driver training and bus driver physical examinations. Fuel costs in 2018-2019 have been budgeted to be lower than the previous year. The administration recommends a second proposition be included on the May 15th ballot for the continued planned replacement of our bus fleet. This proposition will include the purchase of eight school vans and two larger buses. STATEMENT OF PROGRAM AND GOALS	EMPLOYEE COMPENSATION					
This program includes provisions for mandated employer contributions to the NYS Employees' Retirement System (classified staff), and to the NYS Teachers' Retirement System (certified staff). In addition, funding for FICA and Medicare FICA contributions, health benefits as required under collective bargaining agreements and other insurances, such as Workers' Compensation, Unemployment Insurance, and disability insurance are budgeted within this category. The District participates in the NYSHIP Empire Plan for health insurance and is self-insured for most dental expenses. Employee contributions for health insurance vary as follows: -Support staff hired prior to July 1, 2015 contribute 4% to 8% of the premium depending upon base salary. All support staff hired on or after July 1, 2015 contribute 25% of the premium -In 2018-2019 Teachers will contribute 16% of the premium -Administrators contribute 17% - 19% of premium Finally, the 9089 budget code includes funding for leave of absence payments for staff on approved leave as well as unused leave payments for retiring staff members (where applicable).

BENEFITS	OTHER THAN EMPLOYEE COMPENSATION					
The employee benefits offered by the District are comparable to those offered by surrounding districts, and they are sufficient to allow us to be competitive in the search for competent staff. Contribution rates for the retirement systems are set by the NYS Office of the Comptroller and are predicated on investment performance and member demographic experience. This year we are experiencing a significant increase in the employer contribution rate (TRS rate increasing from 9.8% of salary to 10.63% of salary). Employer contributions rate for FICA and Medicare FICA for calendar 2018 remain unchanged at 6.2 percent and 1.45 percent respectively. The earnings cap per employee subject to contribution for FICA for 2018 has increased from \$127,200 to 128,400.	9010-800-10 NYS EMPLOYEES RETIREMENT SYSTEM 9020-800-10 TEACHERS RETIREMENT SYSTEM 9030-800-10 SOCIAL SECURITY 9040-800-10 WORKER'S COMPENSATION 9050-800-10 UNEMPLOYMENT INSURANCE 9055-800-10 DISABILITY INSURANCE 9060-800-10 MEDICAL INSURANCE 9061-800-10 MEDICAL INSURANCE 9061-800-10 MEDICARE REIMBURSEMENT PAYMENTS 9065-800-10 SELF-INSURED BENEFITS 9070-800-10 UNION WELFARE BENEFITS 9089-180-10 RETIRE/TERM LEAVE PAYMENTS - Non-salary	1,862,669 5,824,713 3,970,959 418,423 35,493 70,250 13,903,440 736,206 257,457 449,372 1,228,172 0	1,853,931 5,209,304 4,071,661 418,446 10,562 72,615 14,775,858 889,879 227,839 464,204 1,577,055	1,957,008 5,025,980 4,314,516 408,773 36,790 74,000 16,327,113 877,580 260,000 474,300 0	1,938,125 5,097,781 4,304,323 420,054 36,790 73,000 17,223,870 1,191,497 265,000 488,000 912,391 494,822	(18,883) 71,801 (10,193) 11,281 0 (1,000) 896,757 313,917 5,000 13,700 (481,498) 494,822

In order to build facilities and purchase fixed equipment, the District borrowed money to pay for these large expenditures over time. Presently, we are paying off principal and interest on construction bonds issued to fund district-wide projects.						
In June of 2012, the District refinanced \$6,295,000 of outstanding debt in order to take advantage of lower interest rates. As a result the District has saved an average of \$54,000 per year.						
The District just recently refinanced bonds due in 2025 totaling \$10,125,000 and saved in excess of \$125,000 per year for 9 years.

In total approximately \$7.5 million in upgrades were completed throughout the entire district. The new debt service associated with these energy upgrades amounts to \$534,322 per year. Energy upgrades will result in efficiencies that will offset the debt service expense. In 2018-19 we will continue to utilize multi-year leases and/or lease purchases to update copy machine/scanners (and other technology)	OTHER THAN EMPLOYEE COMPENSATION 9785-600-10 INSTALLMENT LEASE PURCHASE DEBT (PRINCIPAL) 9785-601-10 INSTALLMENT LEASE PURCHASE DEBT - TECHNOLOGY (9785-700-10 INSTALLMENT LEASE PURCHASE DEBT (INTEREST) 9785-701-10 INSTALLMENT LEASE PURCHASE DEBT - TECHNOLOGY (256,846 0 277,472 0	357,961 0 176,357 0	366,868 7,594 167,451 325	375,999 74,092 158,320 1,667	9,131 66,498 (9,131) 1,342

DEBT SERVICE: TRANSFER TO SPECIAL AID FUND	RESOURCES REQUIRED	2015-2016 ACTUAL	2016-2017 ACTUAL	2017-2018 BUDGET	2018-2019 BUDGET	CHANGE IN BUDGET
STATEMENT OF PROGRAM AND GOALS NYS requires districts to fund 20% of the costs of special education services provided to students during the months of July and August. We anticipate the total cost for our summer school special education program to be approximately \$805,000. We have included 20% of this estimated expense - \$161,000 in the inter-fund transfer to special aid. A \$400,000 Transfer to Capital has been included to pay for the following: - District-wide electrical, plumbing, fire alarm, asbestos abatement, HVAC, fuel storage repairs or renovations, general construction upgrades or renovations - District-wide renovations to classrooms, bathrooms, hallways, structures, etc. - District-wide renovations or improvements to domestic water supply systems including but not limited to piping, well pump replacement and/or storage tank renovation or replacement - Renovations/repairs as identified in the 5-year Capital Improvement Plan - Field renovations, playground renovations and fencing replacement - Masonry maintenance/repair and/or paving - Office upgrades, repairs or renovations - Roofing renovations/repairs - Security system installations and upgrades including generator purchase and installation It may not be possible to complete all of the above projects for the amount budgeted. Projects will be prioritized and undertaken based upon the greatest need.						
Funds associated with the Special Aid Fund enable the district to provide continuous mandated services to our students during the summer months. Funds associated with the transfer to capital allow the district to maintain critical infrastructure and recognize state aid on these expenses as allowed. FISCAL ACCOUNTABILITY SUMMARY (2016 - 17)

INFORMATION ABOUT EXPENDITURE RATIOS (2015 - 16)

(Data are lagged a year.)

Commissioner's Regulations require that certain expenditure ratios for general-education and special-education students be reported and compared with ratios for similar districts and all public schools. The required ratios for this district are reported below.

The numbers used to compute the statistics on this page were collected on the State Aid Form A, the State Aid Form F, the School District Annual Financial Report (ST-3), and from the Student Information Repository System (SIRS).

THIS SCHOOL DISTRICT

ALL SCHOOL DISTRICTS

GENERAL EDUCATION

SPECIAL EDUCATION

Instructional Expenditures for General Education are K-12 expenditures for classroom instruction (excluding Special Education) plus a proration of building level administrative and instructional support expenditures. These expenditures include amounts for instruction of students with disabilities in a general-education setting. District expenditures, such as transportation, debt service and district-wide administration are not included.

The pupil count for General Education is K-12 average daily membership plus K-12 pupils for whom the district pays tuition to another school district. This number represents all pupils, including those classified as having disabilities and those not classified, excluding only students with disabilities placed out of district. Pupils resident in the district but attending a charter school are included. For districts in which a county jail is located, this number includes incarcerated youth to whom the district must provide an education program.

Instructional Expenditures for Special Education are K-12 expenditures for students with disabilities (including summer special education expenditures) plus a proration of building-level administrative and instructional support expenditures. District expenditures, such as transportation, debt service and district-wide administration are not included.

The pupil count for Special Education is a count of K-12 students with disabilities for the school year plus students for whom the district receives tuition from another district plus students for whom the district pays tuition to another district. Students attending the State schools at Rome and Batavia, private placements and out-of-state placements are included.

Instructional Expenditures Per Pupil is the simple arithmetic ratio of Instructional Expenditures to Pupils. The total cost of instruction for students with disabilities may include both general- and special-education expenditures. Special-education services provided in the general-education classroom may benefit students not classified as having disabilities.

TOTAL EXPENDITURES PER PUPIL

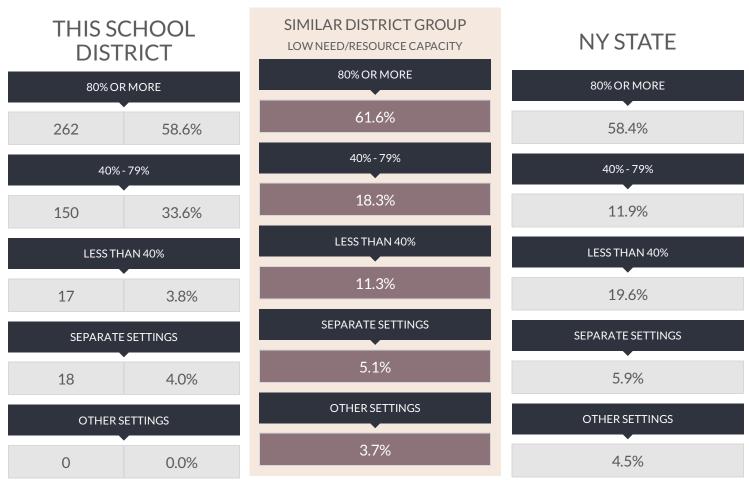

THIS SCHOOL DISTRICT	SIMILAR DISTRICT GROUP	NY STATE
\$34,312	\$26,819	\$23,361

Total Expenditures Per Pupil is the simple arithmetic ratio of Total Expenditures to Pupils. Total Expenditures include district expenditures for classroom instruction, as well as expenditures for transportation, debt service, community service and district-wide administration that are not included in the Instructional Expenditure values for General Education and Special Education. As such, the sum of General Education and Special Education Instructional Expenditures does not equal the Total Expenditures.

INFORMATION ABOUT STUDENTS WITH DISABILITIES (2016 - 17)

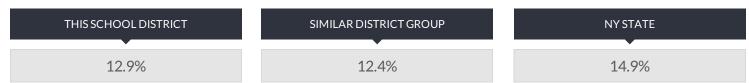

Commissioner's Regulations require reporting students with disabilities by the percent of time they are in general education classrooms and the classification rate of students with disabilities. These data are to be compared with percentages for similar districts and all public schools. The required percentages for this district are reported below.

STUDENT PLACEMENT (PERCENT OF TIME INSIDE REGULAR CLASSROOM)

The source data for the statistics in this table were reported through the Student Information Repository System (SIRS) and verified in Verification Report 5. The counts are numbers of students reported in the least restrictive environment categories for school-age programs (ages 6-21) on BEDS Day, which is the first Wednesday of the reporting year. The percentages represent the amount of time students with disabilities are in general-education classrooms, regardless of the amount and cost of special-education services they receive. Rounding of percentage values may cause them to sum to a number slightly different from 100%.

SCHOOL-AGE STUDENTS WITH DISABILITIES CLASSIFICATION RATE

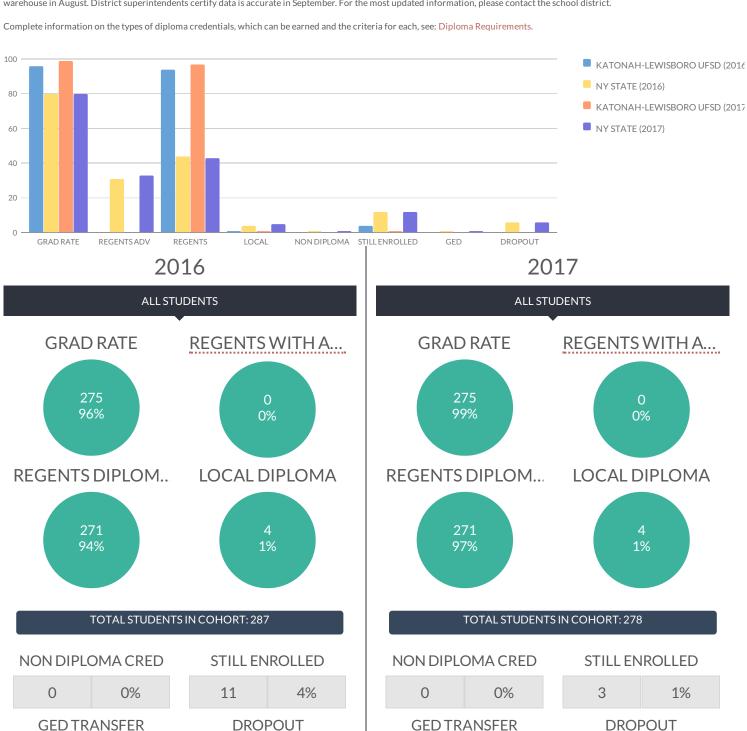

This rate is a ratio of the count of school-age students with disabilities (ages 4-21) to the total enrollment of all school-age students in the school district, including students who are parentally placed in nonpublic schools located in the school district. The numerator includes all school-age students for whom a district has Committee on Special Education (CSE) responsibility to ensure the provision of special-education services. The denominator includes all school-age students who reside in the district. In the case of parentally placed students in nonpublic schools, it includes the number of students who attend the nonpublic schools located in the school district. Source data are drawn from the SIRS and from the Basic Education Data System (BEDS).

Similar District Groups are identified according to the Need-to-Resource-Capacity Index. More information is available on our NRC capacity categories page.

KATONAH-LEWISBORO UFSD GRADUATION RATE DATA 4 YEAR OUTCOME AS OF JUNE

Graduation Rate Data are reported for a 9th grade cohort, as of the 4th year of high school - June. The Graduation Rate Data of high school as of the 4th year-August, the 5th year-June, and the 6th year-June are also calculated and available using the "Filter this data" function, below

Data is reported by educational institutions to the State Education Department throughout the school year and available for verification by districts until the close of the state data warehouse in August. District superintendents certify data is accurate in September. For the most updated information, please contact the school district.
