4th -8th Grade

The Academic Talent Search (ATS) Qualifying Exam will be offered mid March. Students who take this test automatically qualify for the ATS Summer Program at Sacramento State. Though there is no obligation to apply, taking the test gives students the opportunity to attend unique, fast-paced, and fun courses.

ATS is a non-profit program that offers 4th-9th grade students exciting, interesting classes designed to accelerate learning in subject areas they enjoy. Each summer, these students have the opportunity to challenge themselves in traditional and non-traditional subjects, meet new friends from other schools, and experience a collegiate environment.

The first step toward participating in ATS is to take the Qualifying Exam. More information about test details will be available at the end of this month. Please contact Lisa Coker at locker@cacmp.org if you are interested. Information about classes and sample test questions can be found on the ATS website at <http://edweb.csus.edu/projects/ats>

Science
Fair!

Join us for the Science Fair

The Science Fair is on February 23rd at both sites during the class day. During the fair, you are invited to visit all of the classrooms after signing in at the office. If you have younger children, please talk with them in advance about simply looking at the projects; the students work very hard on their projects and would greatly appreciate it.

Campus Beautification

We will be having a campus work day this Saturday. The work day will be from 8:00-2:00 at BOTH sites. We will be focusing on weeding, trash pick up, fixing or moving furniture. This is a great opportunity to earn DOUBLE participation hours and help out the school!
