**N.B.:** The Administration and the Academic Department reserve the right to change the course selections of any student if they feel that the student is not being challenged or the student has elected to take courses, which in the judgment of the Administration and Academic Department seem too difficult for the student.

Once a student has selected his/her courses, has the approval of the Teacher/Department, and has submitted his/her signed course selection sheet, his/her decision is considered final and binding so that classes can be scheduled to meet the needs of all students. **Once schedules are completed, there will be a \$25 fee for changing a course. No course changes will be made after the first six-day cycle unless recommended by a teacher.**

**Course Selection Sheets are due to the Studies Office no later than Tuesday, April 11, 2017. Late fee: \$15.**
