## JANUARY 2017 TRANSPORTATION

*Dear Families,*

With the New Year 2017, we are excited to continue with our new unit theme, *Transportation*.

In January, our unit, **Transportation** will guide children to develop concept and awareness of diversity of living environments and explore different types of transportation, why we use them, how they are different and/or same, who operates these vehicles/machines, and how we stay safe when using transportation. Embracing all children and families by ensuring all students feel represented in the classroom will be our focus.

To further explore the importance of family, we invite family members during the week of to come in and read to the class or lead an activity during center time. Suggestions include a cooking experience (please be mindful to food allergies posted in class), reading a favorite book, sharing a new language, song, or type of music. If you are unable to share your time in class, you are welcome to share items with the class by bringing it in. If you have any questions, please feel free to contact [jdouglas3@schools.nyc.gov](mailto:jdouglas3@schools.nyc.gov)

**Friday, January 27<sup>th</sup> is
