***In the event of a snowstorm that would require school buildings to close this winter, all students will participate in remote learning at home. Make sure your family is ready by visiting the [Digital Learning](#) webpage for helpful resources and information.***

## 207's Pivot to Remote Checklist for Families

- ☐ You will receive a schoolwide alert via Remind when we are alerted that school buildings will be closed.
- ☐ All students will be expected to sign in to their Google Classroom at 8:00 a.m. and click **Join** on the left side to attend a Google Meet.
- ☐ Attendance will be taken by teachers at 8:00 a.m. using the same attendance system we utilize for in-person learning. (GAMA)
- ☐ Teachers will provide both synchronous work (*live instruction*) and asynchronous work (*students access course materials—lectures, readings, and assignments—on their own time*)
- ☐ The teacher will review the schedule of the day with the students in the morning.
- ☐ Students in grades 5-8 will sign into their homeroom class at 8:00 a.m. and join the Google Meet from their homeroom teacher's classroom.
- ☐ In the event of an emergency, please call our remote number 929-454-5622.
