

Store Certificate Program **MCHS** – Marian Catholic High School

Certificates for various businesses can be purchased from the Development Office. A percentage from the purchase then will be applied towards tuition reduction for the student, who places the order. Over the year, this can add up to a sizable savings. Some certificates are kept on hand, and will be sent home the same day. With others, the order is placed on Friday and the certificates are delivered on Tuesday of the next week.
