

Dear Parent or Guardian,

April 2021

We are looking forward to serving your student in the 2021-2022 school year! Aramark Education is proud to continue our partnership with Penn-Trafford School District with many new menu items, promotions, and exciting events planned for this upcoming year. If you've never eaten with us before, now is the best time to explore how fresh, exciting, and cost-effective the Penn-Trafford food service program can be! Here is how student dining at Penn-Trafford will work for this upcoming year:

Breakfast: Don't forget about breakfast! Many students eat before coming to school, but find that they're still hungry before lunch. Our breakfast program is your solution! The breakfast menu features an assortment of entrees, fresh fruit, 100% juice and milk. Breakfast is served in the cafeteria prior to the start of school. Breakfast is currently free and will continue to be free into next school year **OR** until further notice.

Lunch: To make a "reimbursable lunch" at the Elementary Schools, each student can choose up to one entrée, a fresh fruit, a fresh vegetable, AND a milk! Lunch is currently free and will continue to be free into next school year **OR** until further notice.

The process for purchasing meals from Penn-Trafford's Food Service program is as follows:

- The first step in this process is making sure that your student knows his or her PIN, which will follow your child throughout his or her time in the district. Every student has been issued an ID number; if you are unsure of your child's ID number, please call the food service office at 724-744-2664 or email us at pthscafepenntrafford.org.
- Breakfast is served in the cafeteria prior to the start of school and students may proceed directly to the cafeteria in the morning before class to participate in the breakfast program!
- During breakfast & lunch, each student will be required to pass through the cash register and enter his or her PIN, regardless of meal benefit status.
- Our food service program will make every effort to accommodate your child's dietary restrictions, allergies, and food preferences. If you would prefer that your child not consume a particular menu item, please contact the food service office so we can update your preferences in our system. This will create a message on your child's account that will notify the cashier at the time of purchase of any necessary accommodation.

How Much Money Is On My Student's Account? Check online for **free** anytime at **k12paymentcenter.com**!

How Do I Deposit Money Into My Student's Account? You can pay online anytime at **k12paymentcenter.com**! If you're looking to avoid the processing fee from the website, you can always send cash or check (made out to PTSD Food Service) to school with your student in the morning to give to the main office or the cashier at checkout.

Birthday Treats: You can purchase a treat for your child and their classroom through the food service department! Fill out the 21-22 Party Snacks form found on the Food Service webpage and submit the form with your payment to the nurse at your school. We'll take care of it from there! ****Due to COVID restrictions, Birthday Treats are not currently being offered. We are unsure when we these will resume.****

Negative Balances: We encourage parents to make every effort to prevent their child's balance from going into arrears. The easiest way to keep up with their account balance is to set up free balance reminders on **k12paymentcenter.com**. In the event that your child does have a negative balance, you will receive regular notifications from the district and could receive repercussions including but not limited to a request for collections.

Meghan Cusack

Food Service Director, Aramark @ Penn-Trafford School District

Free or Reduced Meal Benefits: There are several very important items to remember about applying for Free or Reduced Meal Benefits for the upcoming year:

- Each year, all families must **re-apply** for these benefits to continue for the 2021-2022 school year. There is a grace period that allows your child to eat on last year's benefits that ends in **the first week of October** so be sure to get in your new application as soon as possible! If you qualify for other PA State benefits, you can apply on the PA Compass website. Otherwise, submit a paper application directly to the business office or the main office at your school building. You can find this year's applications posted on the Food Service page on the district website.
- If you have a student in the High School, there is a separate form for the High School free meals application. If you have children in both an Elementary/Middle school AND the High School, this means that you will need to fill out **two** applications for this year. Make sure all members of your household are listed in **both** applications!
- **Don't forget:** if your Elementary or Middle School student qualifies for Free or Reduced Benefits, you're eligible for **both** a breakfast and lunch meal each day! We keep our checkout process completely discrete so your student's eligibility status is never disclosed to other students. We have so many families that qualify for benefits but don't take full advantage of this amazing program!
- Although breakfast and lunch are currently free to ALL students, we strongly encourage you to still complete an application as we do not know when the government will end the universal free lunch benefits.

We are so excited for the start of the school year and to continue our partnership with the district to create a fun and engaging student experience around food while meeting the quality and nutritional needs of your child. If you have any questions, concerns, or feedback, please feel free to contact the Food Service Office at 724-744-2664 or at pthscaf@penntrafford.org.

We're looking forward to a great year!

Sincerely,

A handwritten signature in black ink that reads "Meghan Cusack". The signature is written in a cursive, flowing style.
