

Traffic patterns around Rio Vista have changed:

- ALL buses will drop off and pick up in the administration parking lot (**yellow on map**). Parent drop off in the morning will no longer be in this lot. (The **green slots** in the administration parking lot are for picking up/dropping off during school hours only.)
- There is NO PARKING in the new **red zones** in the street between the two schools.
- The entire length of the school side of Palo Alto is now **GREEN** for student drop off before school and pick up after school. Students, both walking and dropped off/picked up, will enter/exit school using the walkways at the 300 building.
