

In an effort to save time and paper, SCS will be switching many of our paper forms over to Google forms this year. The responses to the Google forms will only be visible to the main office as they have been in the past. Using Google forms will allow us to create a spreadsheet of information without having to re-enter the information or decipher handwriting. We hope the forms will be faster and easier for parents too! If you have any trouble completing the form, please contact us. Thank you for your support with this.

Please complete the following forms by **Friday, September 14th**. Your responses will go to the main office and you will receive a copy as well.
