

Dear Parent or Guardian,

We are pleased to offer students in the Atlantic City Schools access to the District computer network for electronic mail and Internet access. To obtain e-mail and Internet access, all students must obtain signed parental permission and return this form to the school.

Please be aware that students could encounter material that may contain items that are illegal, defamatory, inaccurate or potentially offensive. Our intent is to make Internet access available to further educational goals and objectives. We believe the benefits from Internet access far exceed any disadvantages. Atlantic City Schools are also in compliance with the laws and regulations under the Child Internet Protection Act (CIPA). Access is a privilege, not a right. Access assumes ethical and responsible usage as described below. Therefore, parents and guardians should set the standards that their children should follow when using District resources and equipment. To that end, the Atlantic City Schools will support and respect each family's right to decide whether or not to apply for access.

## District Internet and E-Mail Rights and Responsibilities

Students are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway. The network is provided for students to conduct research and communicate with others. Access to network services is given to students who agree to act in a considerate and responsible manner.

Individual users of the District computer networks are responsible for their behavior and communications over those networks. Users must comply with District standards and honor the agreements they have signed. Network storage areas may be treated like school lockers. Network administrators may review files and communications to maintain system integrity and insure that users are using the system responsibly. Users should not expect that files stored on District servers would always be private.

Within reason, freedom of speech and access to information will be honored. During school, teachers of younger students will guide students toward appropriate materials.

The following are not permitted:	
☐ Sending or displaying offensive messages or	☐ Trespassing in another's folders, work or files
pictures	☐ Employing the network for commercial
☐ Using obscene, profane, lewd, vulgar, rude,	purposes
threatening, or disrespectful language	☐ Deliberate damage to hardware or software
☐ Harassing, insulting, or attacking others	☐ Use of District computers for illegal activities
☐ Violating copyright laws or plagiarism	
☐ Using another's password	

Violations may result in a loss of access as well as other disciplinary or legal action.

Atlantic City Schools are not liable for any harm or injury that a user may suffer as a consequence of any inaccurate information the user may obtain through the Internet and/or Electronic Mail Services. By entering into this User Agreement, the user agrees to be bound by this release of liability and waives any and all rights to assert claims, which may arise due to the use of these electronic services.

As a user of the Atlantic City Schools computer network, I hereby agree to comply with the rules stated under the District Internet and E-Mail Rights and Responsibilities, while honoring all relevant laws and restrictions. I understand that if I violate rules, my access can be terminated and I may face other appropriate, disciplinary measures. I further understand that any files, electronic mail, and other information on the district's network or on the district's equipment is subject to search at any time, and that I retain no rights of privacy or ownership in that information, regardless of any personal password I may have.

Please print or type the information below.

## HOMEROOM TEACHER

I have read the Internet Use Agreement and agree to discuss this agreement with the student.
Because the student may use the network for individual work or in context of another class, I
cannot be held responsible for the student's use of the network. As sponsoring teacher I do agree
to instruct the student on acceptable use of the network and proper network etiquette.
