## 2018 November Parent Bulletin

“As we express our gratitude, we must never forget that the highest appreciation is not to utter words, but to live by them.” **John F. Kennedy**

The **Art and Design staff** and I would like to wish all our **students and parents** a very enjoyable and relaxing Thanksgiving.

On November 22<sup>nd</sup>, the U.S. will celebrate Thanksgiving. Have you ever wondered how the holiday started? If so, then please read below...

### The Origins of Thanksgiving

Did you know?

**Lobster, seal and swans were on the Pilgrims' menu.**

#### Thanksgiving at Plymouth

In September 1620, a small ship called the Mayflower left Plymouth, England, carrying 102 passengers—an assortment of religious separatists seeking a new home where they could freely practice their faith and other individuals lured by the promise of prosperity and land ownership in the New World. After a treacherous and uncomfortable crossing that lasted 66 days, they dropped anchor near the tip of Cape Cod, far north of their intended destination at the mouth of the Hudson River. One month later, the Mayflower crossed Massachusetts Bay, where the Pilgrims, as they are now commonly known, began the work of establishing a village at Plymouth.

Throughout that first brutal winter, most of the colonists remained on board the ship, where they suffered from exposure, scurvy and outbreaks of contagious disease. Only half of the Mayflower's original passengers and crew lived to see their first New England spring. In March, the remaining settlers moved ashore, where they received an astonishing visit from an Abenaki Indian who greeted them in English. Several days later, he returned with another Native American, Squanto, a member of the Pawtuxet tribe who had been kidnapped by an English sea captain and sold into slavery before

escaping to London and returning to his homeland on an exploratory expedition. Squanto taught the Pilgrims, weakened by malnutrition and illness, how to cultivate corn, extract sap from maple trees, catch fish in the rivers and avoid poisonous plants. He also helped the settlers forge an alliance with the Wampanoag, a local tribe, which would endure for more than 50 years and tragically remains one of the sole examples of harmony between European colonists and Native Americans.

In November 1621, after the Pilgrims' first corn harvest proved successful, Governor William Bradford organized a celebratory feast and invited a group of the fledgling colony's Native American allies, including the Wampanoag chief Massasoit. Now remembered as America's "first Thanksgiving"—although the Pilgrims themselves may not have used the term at the time—the festival lasted for three days. While no record exists of the historic banquet's exact menu, the Pilgrim chronicler Edward Winslow wrote in his journal that Governor Bradford sent four men on a "fowling" mission in preparation for the event, and that the Wampanoag guests arrived bearing five deer. Historians have suggested that many of the dishes were likely prepared using traditional Native American spices and cooking methods. Because the Pilgrims had no oven and the Mayflower's sugar supply had dwindled by the fall of 1621, the meal did not feature pies, cakes or other desserts, which have become a hallmark of contemporary celebrations.

### Thanksgiving Becomes an Official Holiday

Pilgrims held their second Thanksgiving celebration in 1623 to mark the end of a long drought that had threatened the year's harvest and prompted Governor Bradford to call for a religious fast. Days of fasting and thanksgiving on an annual or occasional basis became common practice in other New England settlements as well. During the American Revolution, the Continental Congress designated one or more days of thanksgiving a year, and in 1789 George Washington issued the first Thanksgiving proclamation by the national government of the United States; in it, he called upon Americans to express their gratitude for the happy conclusion to the country's war of independence and the successful ratification of the U.S. Constitution. His successors John Adams and James Madison also designated days of

thanks during their presidencies.

In 1817, New York became the first of several states to officially adopt an annual Thanksgiving holiday; each celebrated it on a different day, however, and the American South remained largely unfamiliar with the tradition. In 1827, the noted magazine editor and prolific writer Sarah Josepha Hale—author, among countless other things, of the nursery rhyme “Mary Had a Little Lamb”—launched a campaign to establish Thanksgiving as a national holiday. For 36 years, she published numerous editorials and sent scores of letters to governors, senators, presidents and other politicians. Abraham Lincoln finally heeded her request in 1863, at the height of the Civil War, in a proclamation entreating all Americans to ask God to “commend to his tender care all those who have become widows, orphans, mourners or sufferers in the lamentable civil strife” and to “heal the wounds of the nation.” He scheduled Thanksgiving for the final Thursday in November, and it was celebrated on that day every year until 1939, when Franklin D. Roosevelt moved the holiday up a week in an attempt to spur retail sales during the Great Depression. Roosevelt’s plan, known derisively as Franksgiving, was met with passionate opposition, and in 1941 the president reluctantly signed a bill making Thanksgiving the fourth Thursday in November.

As in past years, the cartooning students and teachers participated in **Comic-Con** (Annual multi-genre entertainment and comic convention held at the Jacob Javitz Center) by having our very own sales booth. Thank you to Mr. Filardi, Mr. Lassen, and Mr. Pasetsky for making this happen. Our school got plenty of recognition and our students had a blast while making money in selling their art. It is also a great learning experience for our cartooning students. Below are some pictures:

A message from Mr. Lassen: Here are some pictures from our 10/4 workshop with Wacom (Maker of art drawing tablets) from Pamela Park at Wacom. I thanked Doug at Wacom for the workshop and tablets and he responded on his vacation to say that maybe we could do something like this every year with the school. That's very exciting! Pamela Park emailed shortly after with these pictures and to thank the school. She also talked about featuring us on Wacom's blog for all the amazing work we are doing. **Thank you Mr. Lassen!!!**

On Thursday, October 25<sup>th</sup>, we conducted an Equity Team and Student Government meeting. There we engaged in activities regarding equity; a big part of our School-Wide Instructional Action Plan. We established norms, we spoke our “Truth”, reviewed data for our school, defined equity, read an article (Unconscious Bias), and established an action plan for the school year. Thank you to Student Government, COSA, the Equity Team, Mr. Chavez (PTA President), Ms. Sayles (SLT Member/Parent), Mr. McCalla, Ms. Daly, and Ms. Rosales for making this happen. Greetings from Math for America,

I am writing to recognize the newly admitted and continuing teachers at your school who have been awarded MfA Fellowships.

As I believe you know, these teachers have 4-year MfA fellowships and are part of a community of just over 1,000 public school math and science teachers across the city.

We are honored to support and recognize each of them and hope that their engagement within MfA is having a positive impact on their classrooms and your larger school community. I encourage you to talk to them about their fellowship and learn more about what it means.

We also send an MfA newsletter periodically, called the **MfA Connections**, to school leaders that helps keep admin informed about various initiatives and updates about our work. Be on the look-out for the Fall 2018 issue in your inbox. In the meantime, for those of you who are on social media, you can find us on [Instagram](#), [Facebook](#) and [Twitter](#).

See below for the names of teachers in your school who have MfA fellowships, and I encourage you to announce and/or recognize their accomplishment within your school community.

- **Shane Connelly, Early Career Fellowship**
- **Rob Robinson, Master Teacher Fellowship**

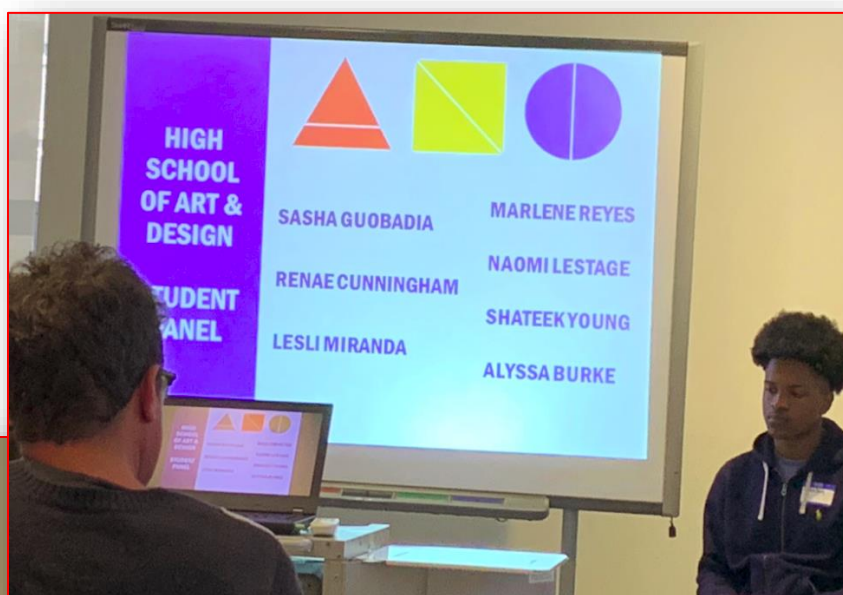

***Thank you to Mr. Connelly and Mr. Robinson for your service and dedication to our students!!!***

## *on Art and Design*

On Wednesday, October 24<sup>th</sup>, Art and Design hosted an AP for All meeting. We had visitors representing schools from all over NYC. Some of our students who are new to AP classes and are from underrepresented subgroups shared with the visitors their experiences, challenges, and successes of taking an AP class for the first time. We are VERY proud of them for challenging themselves to engage in rigorous classes. Below are some pictures of the event:
