

“KEEP KIDS COVERED” COMMUNITY FORUM

March, 21st at 7PM

Congress is trying to repeal the Affordable Care Act (ACA/Obamacare) and cut Medicaid and other healthcare programs for kids.

Currently, more than 97% of NY children have healthcare coverage because of the ACA, Medicaid and other programs. NY State could lose billions from the federal government if these changes happen.

Join us and the Children’s Defense Fund, the Staten Island Mental Health Society and the Staten Island Family Health Care Coalition to discuss ways to advocate for our children.
