

Access to the football stadium for Handicap, Emergency, Security, and Band/Cheer/Pep Squad vehicles

CR 2096 can be accessed from both Highways 63 and 87 as it runs right through the BISD Campus, turning into Mustang Way upon entering the campus. CR 2096 is somewhat horseshoe shaped and if you enter from the Highway 63 side and follow the road behind Mustang Gym all the way through, it will take you out on Highway 87. Right in the center of the horseshoe there is a roadway that will take you to the visitors' side, and that is where vehicles with handicap stickers, emergency vehicles, security vehicles, and band/cheer/pep squad vehicles will access the football stadium. There is not enough room for general parking in this area. These pictures may provide a visual to this description.
