HUMAN RESOURCES EMPLOYMENT NEEDS:

Campus Happenings:

Professional Development Plan (PDP) observations have been completed through classroom environment checklists by our dean, and lesson observations by the principal. We meet with the teacher to review the evaluations in conjunction with the self evaluations completed by them at the beginning of the year. It is an enjoyable and worthwhile process.

The students are doing well and working hard, and soon their first report cards will be sent home. Teachers always look forward to January when students return from winter break, rested, knowing what is expected of them, and ready to learn and work hard for the remainder of the year.

The addition of a PE teacher this year has been very successful! Teachers have additional prep time, which is very welcomed.

Our Science Fair, Family Potluck and Winter Festival Event occurred last week, which was well attended. It is a wonderful opportunity for our campus community to come together.
