Foot notes on page 2

*See attached Scope of Work for Details of Services

Footnotes

- Support includes unlimited toll-free technical and remote desktop assistance
- Additional training billed at \$1,000/day
- Travel expenses are charged separately and are not included in this proposal. Travel expenses include mileage, lodging and meals.
- Prior to installation - - Customer needs to provide a Windows Server (that meets the minimum performance specifications) and a processor license of Microsoft SQL server database.
- Employees Self Service Module: Web based module allows employees to punch in out via internet connected computer. Also allows employees to check benefit balances, check hours worked, check schedules and review time card. Requesting leave online is an option.
- Customer responsible for any shipping and handling charges of any hardware or related software.

Quote good for 60 days from date listed on proposal
