

Using Ward Chromebooks

-J.Shields

This is a chromebook.
It is a web-based computer.

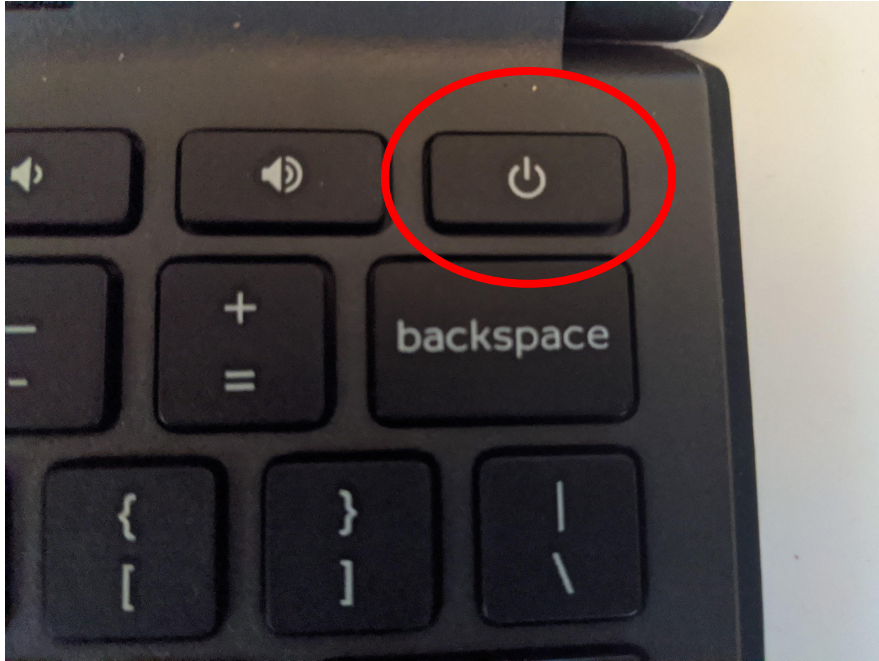

When you open the lid, they automatically turn on.

If charged and it does not power on, you may need to press the power button.

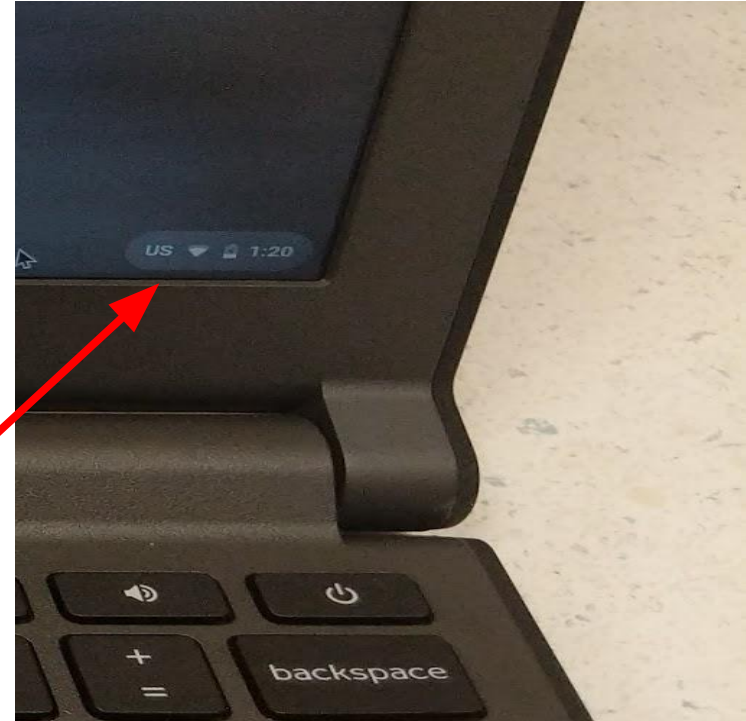

Style A: (keyboard button)

Style B: (on side)

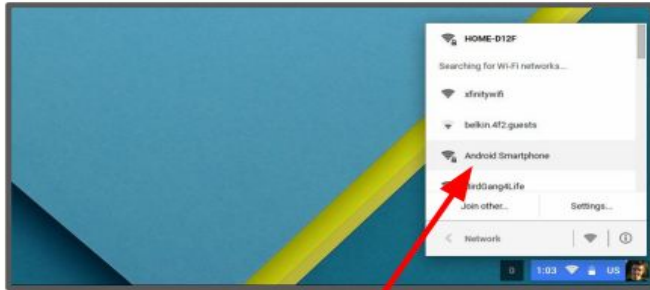

You may need to connect to your home wifi.
Click the wifi icon in the bottom right corner of your
chromebook screen

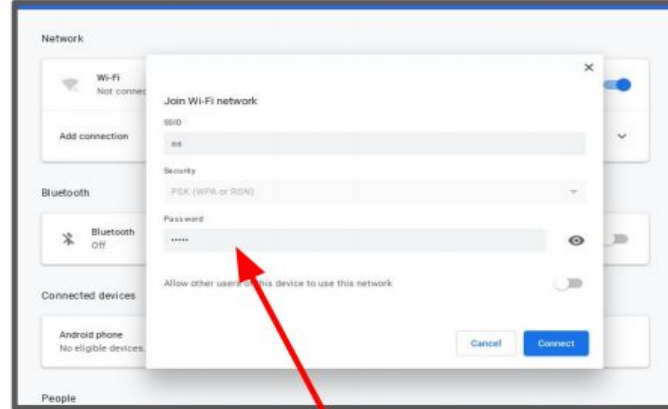

Choose the correct wifi (Wireless Internet) you have access to at home. You may need to type in a password from your wifi settings.

Connecting to a wifi network...

Select a wifi network

Type in the password and click on Connect

Login to tell the chromebook who you are.

Sign in to your Chromebook

Enter your password and click “NEXT”.

Passwords are like toothbrushes.
Don't share them, even with friends.

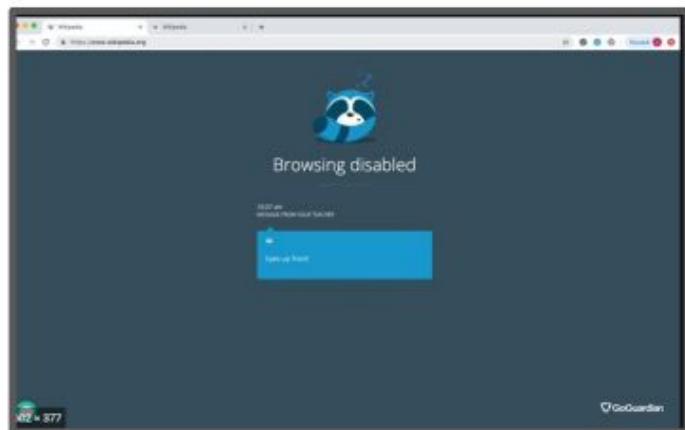

School Accounts

For school work only

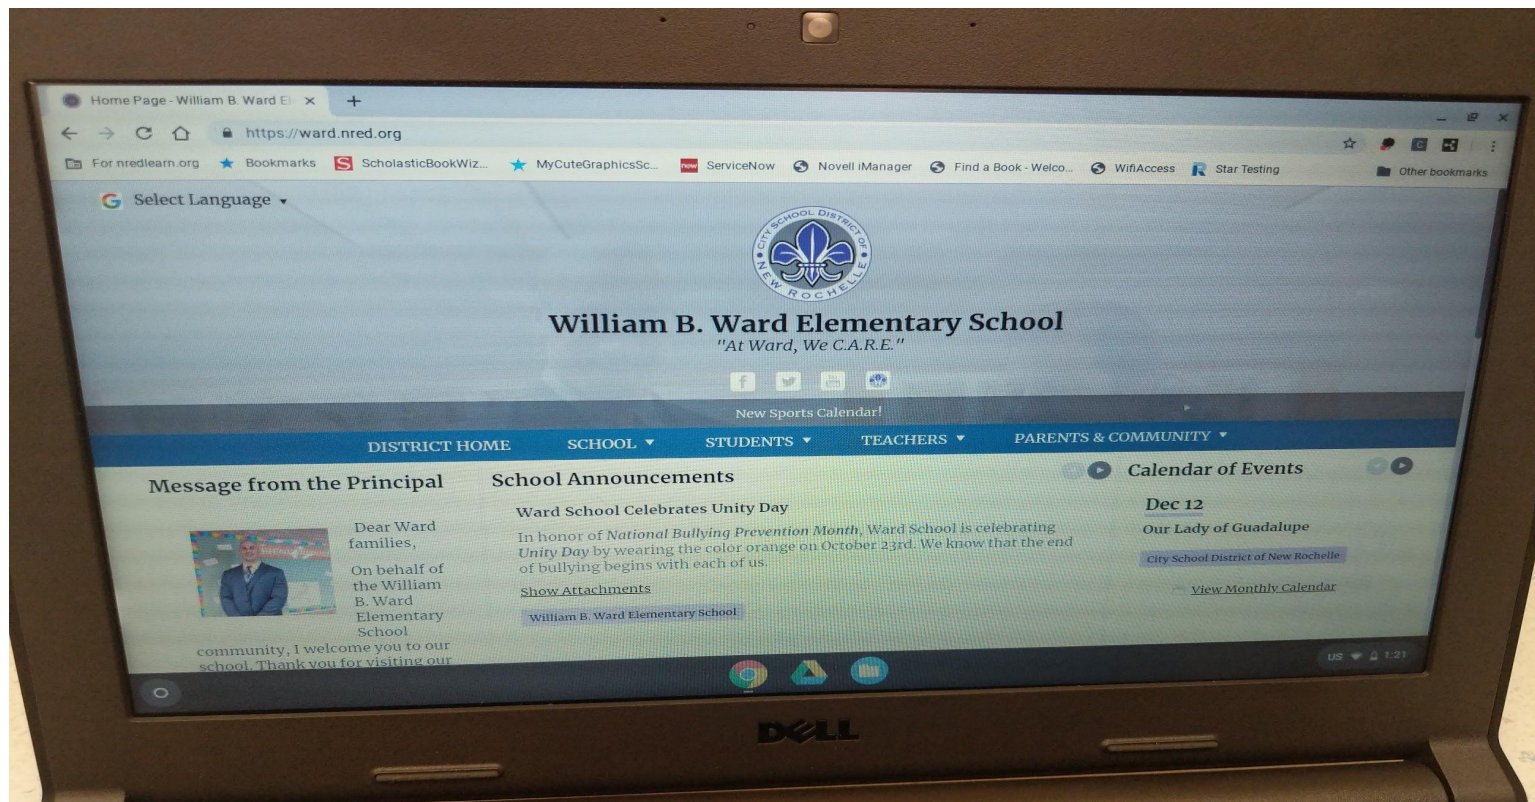

Everything we do is saved and recorded to keep us safe.

Remember...

The **filters** you have at school will still be active when the Chromebook is at home... even though you are on another network. **Goguardian** is still active also.

Our school website, ward.nred.org should load automatically.

If the school district page, <http://nred.org> loads instead, just visit <http://ward.nred.org> to reach our school website.

Under the “Students” tab, click on “Google Classroom”

Highlights

Please find **Google Classroom** from the list under **Students**.

Or from [google.com](https://www.google.com) click the app launcher (9 squares) and click “Classroom” from the list.

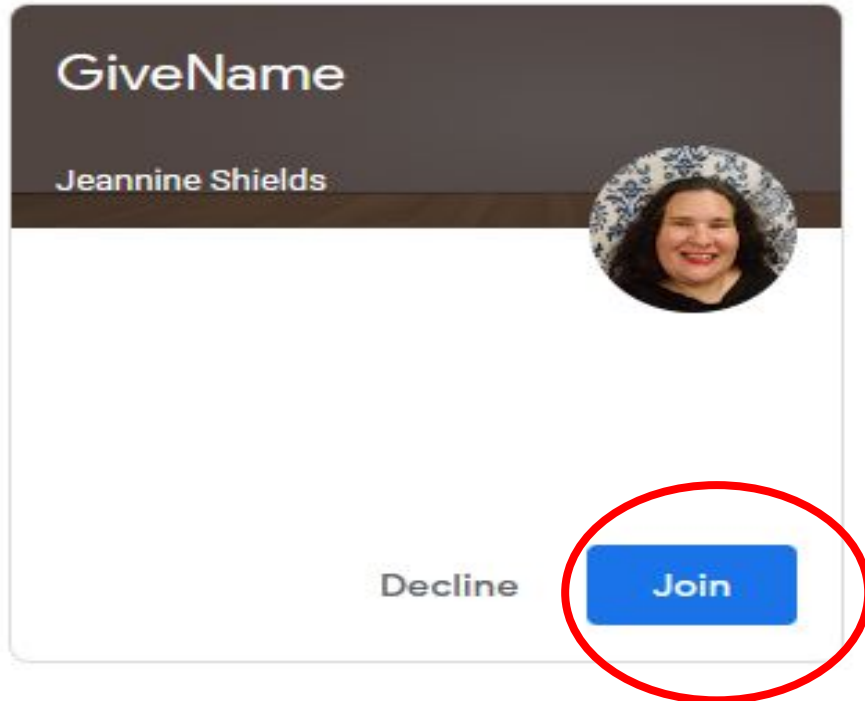

Or type classroom.google.com in your Google Chrome Browser.

After signing into Google Classroom, you will see thumbnails (small images) for any classes that the student is a part of on the screen.

If you are invited to a new Google Classroom, click the “Join” button to accept the invitation.

Click on the Google Classroom you would like to view.

Your teacher's assignment may be a post (message):

Need help with a District provided Chromebook:

Q: I am having trouble with a district-issued Chromebook. What can I do?

A: Our partners at the Lower Hudson Regional Information Center (LHRIC) are providing a service to assist users of our district Chromebooks. Anyone who needs technical support with their Chromebook, must fill out a simple form for each request. This form is accessed by the following link: <https://lhric.service-now.com/student>. A field engineer will respond and assist as needed.
