COMMENTS

The landscaping at the front of the Upper Elementary Campus is coming together beautifully! Parker Landscaping is tackling this Proposition 55 project and is working through the rain and the sunshine to complete this project in order to prevent water runoff and control the flow of all drain water on the property. While we are excited about the control of the drain water, we are also super excited about the beauty that that it brings to the front of our new campus. ☺

We are busy conducting tours for prospective students and their parents for the 2016-17 School Year. It has been fun getting the opportunity to hear the feedback prospective parents have about our program. Many of them have been referred by friends who are current parents and the positive feedback is excellent to hear. We look forward to conducting our first lotteries in March!
