6 Middle School Admissions TRUTHS

1 Your program choices are listed on your Middle School Application.

True! The Middle School Application is personalized for you and includes all of the middle school programs to which you may apply. School-based application schools and charter schools are not part of Middle School Admissions—you should contact these schools directly to learn how to apply.

Use this Middle School Directory to research the programs listed on your personalized Middle School Application.

2 Rank your program choices in your true order of preference.

True! You will be matched with the highest ranked program possible.

Make sure to submit a balanced application that includes a variety of program choices.

3 Ranking more programs makes it more likely you'll receive an offer to a program of your choice.

True! You have the same chance of getting into a top choice no matter how many other choices you've ranked after it.

After ranking your favorite programs, rank other programs you'd prefer over your least favorite programs.

4 For some schools, showing interest means signing in at the school's table at a Middle School Fair or at a school's open house or information session.

True! Limited Unscreened and some other Admissions Methods give priority to students who show interest in the school.

When signing in, write your name and contact information clearly.

5 English Language Learners (ELL) can apply to all programs in this Middle School Directory.

True! All middle schools must provide ELL services for students. Read **Section 7.2** in this directory to learn about three different ELL service delivery models offered by NYC public middle schools.

There are programs designed to serve students who are learning English. These programs admit students according to home language, years in this country, or English proficiency.

6 Students with Disabilities (SWD) can apply to all programs in this Middle School Directory.

True! All middle schools must provide services for Students with Disabilities.

On each school's page, you can find each program's Students with Disabilities seat availability last year.

ABOUT THE COVER

Student: Christopher Mercado | **Teacher:** Carl Landegger | **Principal:** Matthew Tossman
Each year, the NYC Department of Education and Cooper Hewitt, Smithsonian Design Museum partner on a cover design competition for public high school students. This directory's cover was designed by Christopher Mercado, a student at Manhattan Early College School for Advertising. For more information, ask your art teacher or visit schools.nyc.gov/CoverDesign.

WELCOME

TO MIDDLE SCHOOL ADMISSIONS

Middle school offers students opportunities to explore their interests, discover new subjects, and learn more about themselves. New York City students can apply to up to 12 middle school programs.

This fall, your child will get a personalized Middle School Application. They are eligible to apply to any of the programs listed on their application.

Use this Middle School Directory to learn about the public middle schools that are open to students and residents in this district. Discover programs that meet your child's needs and interests, learn about Middle School Admissions, and find out what makes a good Middle School Application.

Call or write anytime if you have questions about Middle School Admissions.

HOW TO

USE THE MIDDLE SCHOOL DIRECTORY

Applying for middle school is an exciting step towards your child's future. What does your child want to spend the next three years discovering and doing? How do you choose middle school programs that meet your family's needs? What makes a good Middle School Application? This book can help you answer these questions.

- **Learn about the Middle School Application.** How and when to get, complete, and submit it. **See Sections 1.0 and 2.0** for more information.
- **Build a list of programs that interest you.** Learn about middle school programs in this directory.
 - Learn how to read a school page in **Section 3.0**.
 - Use the map in the **District Information and Map** section to read about admissions information specific to this district and to see where middle schools are located.
 - Browse the school pages in the **District Middle Schools, Boroughwide Middle Schools, and Citywide Middle Schools** sections to discover programs throughout NYC.
- **Choose which schools and programs are the best fits for your child.** Use school pages to find out more about academics and activities and to learn how students match to each program. Learn more about choosing and ranking programs on your Middle School Application in **Section 4.0**.
- **Increase your chances of matching to a school of your choice.** Use the activity in **Section 4.0** to help choose and rank programs.
- **Create your own admissions calendar.** Go to Middle School Fairs and visit schools. Learn more in **Section 5.0**.
- **Apply to up to 12 programs** on your child's Middle School Application.

WHAT MAKES A GOOD MIDDLE SCHOOL APPLICATION?

- Start exploring schools now. Consider your child's needs and interests and think about what matters to your family. Talk to your school counselor or visit a Family Welcome Center.
- Explore programs in the Middle School Directory. If you like a program, mark the checkbox next to its name on the school page. Make a list of schools and programs that interest you.
- Narrow or expand your list of programs. Think about each school's location and how your child would commute to school. Consider your child's chances for a match from each program.
- If you want your child to attend your zoned school, make sure to rank it as one of your choices. You do NOT have to rank it first (as 1). If you don't match to a higher choice, then your child will attend your zoned school.
- Rank programs in your true order of preference on your child's Middle School Application. Unless noted on its school page, a school will NOT see how you rank it. Rank your first choice as 1, your second choice as 2, and so on.
- Submit a complete application correctly and on time.

MIDDLE SCHOOL

APPLICATION ACTION CHECKLIST

SEPTEMBER

- ☐ Use the **2018 NYC Middle School Directory** to build a list of programs that interest you and your child.
- ☐ Look at programs' Admissions Methods and any Selection Criteria to understand what factors will be considered when schools match with students.
- ☐ Meet with your child's school counselor.
- ☐ Plan your admissions calendar for the fall. Find schools' open house dates by using the **Middle School Admissions Events Calendar** (schools.nyc.gov/Middle). For the most up-to-date information, contact schools directly.

OCTOBER

- ☐ Visit school tables at the **District Middle School Fairs**.
- ☐ Attend **open houses**.
- ☐ **For Mark Twain IS 239 and District 21 Talent Programs:** Give completed Request for Testing (RFT) form to your school counselor by October 20 if interested.
- ☐ Think about how your child would get to and from schools of interest.
- ☐ Review Admissions Priorities and Admissions Methods for each school of interest.

NOVEMBER

- ☐ **Main Round Middle School Application available.** See your school counselor to get a copy. Review student information for accuracy.
- ☐ Get your Middle School Application ready—Work with your school counselor to narrow or expand the lists of programs where your child would like to apply.

DECEMBER

- ☐ **Give your completed Main Round Middle School Application to your school counselor by Friday, December 1, 2017.**
 - ☐ Rank the schools/programs that your child is interested in attending in your true order of preference. Mark your first choice with 1, your second with 2, and so on.
 - ☐ Sign the application.
 - ☐ Keep a copy of the application and the printed receipt from your counselor.
 - ☐ Do not write in any additional schools or programs.

JANUARY/ FEBRUARY

- ☐ **For Screened Programs:** Complete assessments or portfolios as required by middle schools to which you applied.

MARCH

- ☐ **New Schools Round Application** available and due, if applicable.

APRIL

- ☐ **Middle school notification letters distributed by school counselors.** Your child will receive one match from their Main Round Application. If you submit a New Schools Round Application, your child may receive a second match.

MAY

- ☐ **Return notification letter** to school counselor if action is required.

1.0 Get the Middle School Application

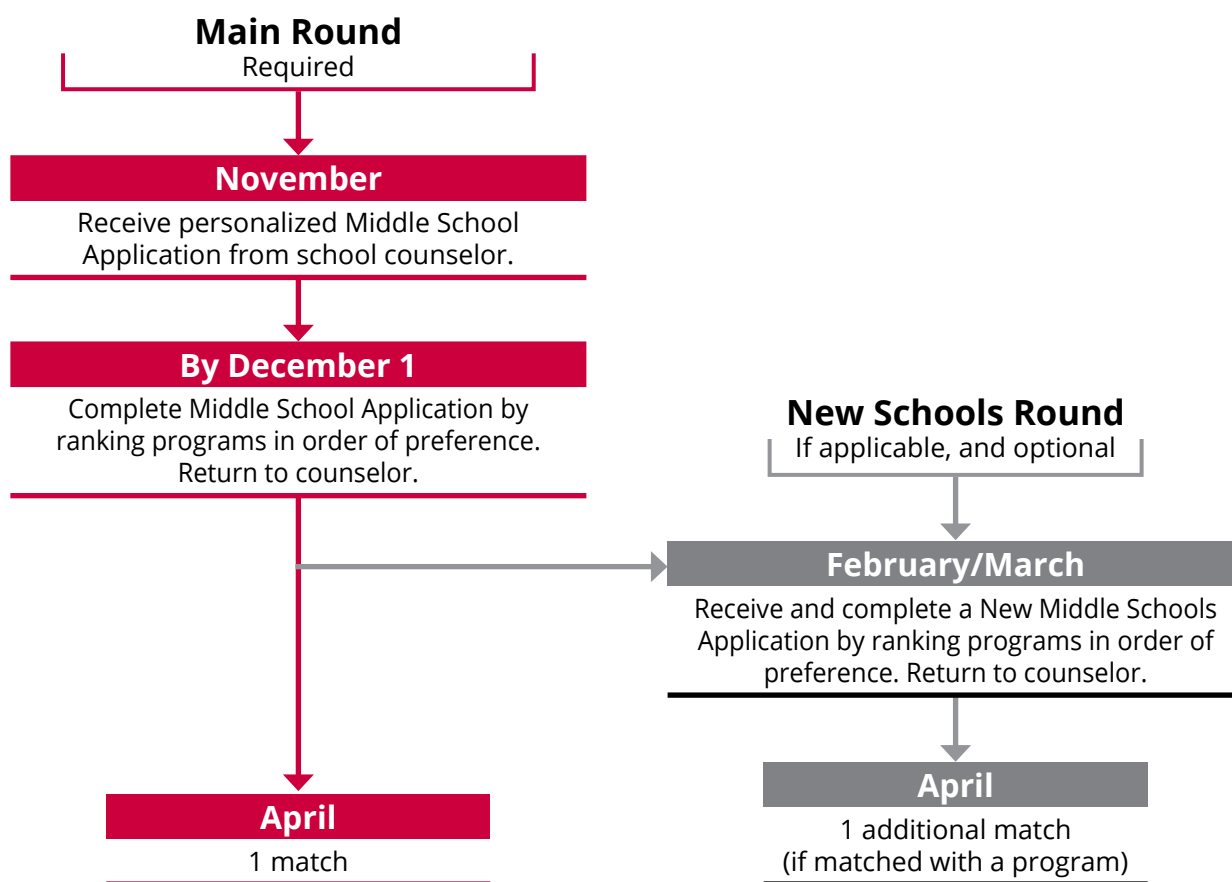

In November, your child will get a Middle School Application from a school counselor or at a Family Welcome Center. This Middle School Application will be personalized for each student. It will list every district, boroughwide, and citywide middle school program that your child can apply to in the Main Round of Middle School Admissions.

The deadline to sign and return the Middle School Application is **December 1, 2017**. In the spring, your child will get a match to a middle school program. A **match** means placement in that program for the following school year.

Don't wait until November 30 to think about which schools to consider. A number of open houses and Middle School Fairs happen between September and November.

Your child may also be eligible to apply to new NYC Department of Education schools or programs that take applications after the Main Round. If so, you will be invited through your school counselor to apply during the New Schools Round in March. If your child receives a match to a new school or program, you will have to choose between their New Schools Round match and their Main Round match.

Most students are matched to one of the programs ranked on their Middle School Application. Students who do not match to one of these programs will be matched to another program for which they are eligible in either the district where they are zoned for middle school or, when different, the district where they attend public elementary school.

1.1 Who Can Apply?

Your child must be a current New York City resident and a fifth-grade student to apply. At elementary schools that end in sixth grade, sixth grade students are also eligible to apply. Middle School Admissions is open to public district and charter school students, private and parochial school students, students who move to NYC during the admissions process, Students with Disabilities (SWD), and English Language Learners (ELL). Private and parochial students are eligible to attend middle school in the district in which they are zoned for middle school or any programs open to their borough of residence or New York City.

If your child currently attends a private or parochial school or is new to New York City, request an application for your zoned district from a Family Welcome Center. Learn more in **Section 6.3**.

NYC public school students are eligible to apply to middle schools in the district where they are zoned for middle school and the district where they attend elementary school. The district where you are zoned for middle school is not always the same as the district where you live. If you are uncertain about the district where you are zoned for middle school, call **718-935-2398**.

1.2 Students with Disabilities

Students with Disabilities (SWD) may apply to any middle school program listed on their application. All middle schools are expected to welcome and serve SWD applicants in accordance with their Individualized Education Programs (IEPs).

SWD applicants follow the same steps outlined in this directory as their non-disabled peers in order to participate in Middle School Admissions. They may apply for all Screened and Audition programs, as well as any other middle school programs of interest.

Read **Sections 4.5 and 4.6** for more information about Students with Disabilities seat groups and **Sections 7.1 and 7.3** for more information on accessibility and special education services.

1.3 English Language Learners

English Language Learners (ELL) may apply to any of the programs listed on their application.

No school may deny admission, registration, or enrollment to a student based on the student's ELL or perceived ELL status or an ELL student's ELL proficiency level (as determined by a formal assessment test).

Read **Section 7.2** for information on ELL service delivery models.

The Middle School Application has six sections.

2.1 Student Information

Let's look at page 1, which includes parts 1, 2, 3, and 4 of the application.

NYC Department of Education

**2018 APPLICATION FOR
ADMISSION TO MIDDLE SCHOOL**

1 STUDENT INFORMATION
Parent/Student: Please review the information below carefully. Contact personnel at your current school to update information on this page.

☐ Lateness Excused

4 MIDDLE SCHOOL LIAISON NAME & SIGNATURE
I certify that I have reviewed the information on this application and believe it to be accurately and correctly completed. Please note that a copy of this application must be retained for six years including the year of application per Chancellor's Regulation A-820 and NYSED Records Retention and Disposition Schedule ED-1.

Middle School Liaison Name (please print) Middle School Liaison Signature Date

Page 1 of 4

Part 1

Student information printed here comes directly from your child's current school.

Part 2

The academic information printed in this part (including your child's most recent standardized test scores, special needs information, and last year's attendance record) comes from your child's current school.

Part 3

This part will be filled with your child's fourth grade report card and academic and personal behavior competencies and comes from your child's current school.

Part 4

This part will be signed by your child's school counselor or by DOE staff at the Family Welcome Center after you give them your completed Middle School Application.

TIP Make sure all information on page 1 is correct. If not, see your counselor immediately. Read **Sections 4.6 and 4.7** for more information on the components some middle school programs use to evaluate your academic record.

2.2 Middle School Program Choices

On the following pages, the Middle School Application lists every middle school program that your child can apply to in the Main Round.

In part 5 of the application, you will rank up to 12 program choices in your true order of preference.

Ranking means marking the program your child most wants to attend with 1, their second choice with 2, and so on.

Do not write in programs that are not listed because your child will only be considered for programs listed on their Middle School Application.

Part 5

Rank your child's program choices here. The 1 in this column means that this is the program this student is most interested in attending.

5 MIDDLE SCHOOL OPTIONS

Parent/Student: Please read the instructions below carefully before completing your application.

| Choice Number | District | Program Code | School Name/Program Name |
|---------------|----------|--------------|---|
| 2 | 1 | M378L | School for Global Leaders |
| 3 | 21 | K239CM | Mark Twain (I.S. 239) Magnet Program - Computer/Math |
| 1 | 21 | K239VO | Mark Twain (I.S. 239) Magnet Program - Vocal |
| | 1 | M332S | University Neighborhood Middle School |
| 4 | 1 | M140S | The Nathan Straus Preparatory School of Humanities (P.S. 140) |
| | 1 | M301S | Technology, Arts, and Sciences Studio |

| Choice Number | District | Program Code | School Name/Program Name |
|---------------|----------|--------------|---|
| 4 | 01 | M539M | New Explorations into Science, Technology and Math School |
| 7 | 02 | M347M | The 47: American Sign Language Program |
| 1 | 02 | M408M | Professional Performing Arts School |
| 5 | 13 | K113M | Ronald Edmonds Learning Center (M.S. 113): Spanish Dual Language Program |
| 6 | 13 | K113N | Ronald Edmonds Learning Center (M.S. 113): French Dual Language Program |
| 8 | 13 | K113R | Ronald Edmonds Learning Center (M.S. 113): Fine Arts & Design |
| 2 | 13 | K113S | Ronald Edmonds Learning Center (M.S. 113): Academy of Performing Arts |
| 9 | 13 | K113T | Ronald Edmonds Learning Center (M.S. 113): ACATS (The Academy of Computer & Technology Science) |
| 3 | 13 | K265S | Dr. Susan S. McKinney Secondary School of the Arts |
| | 13 | K266S | Park Place Community (M.S. 266) |
| | 13 | K282L | Park Slope (M.S. 282) |
| | 13 | K301S | Satellite East Middle School |
| 10 | 13 | K313S | The Dock Street School |
| 12 | 13 | K351L | Urban Assembly Unison School |
| 11 | 13 | K492S | Academy of Arts & Letters |
| | 13 | K591S | Fort Greene Preparatory Academy |
| | 14 | KD50S | John D. Wells (M.S. 50) |
| | 14 | K971S | Juan Morel Campos Secondary School |

Part 6

Be sure to sign and date this section before submitting your Middle School Application.

6 PARENT/GUARDIAN NAME & SIGNATURE

Applications must be signed and dated.

Parent/Guardian Name (please print)

Parent/Guardian Signature

Date

2.3 The Schools and Programs on Your Application

Which schools will appear as options on your child's Middle School Application and why? Read on to learn more.

Schools That WILL Appear on Your Application

Each of the following program types will be listed on your child's Middle School Application.

- **District programs:** At schools in the district where your family is zoned for middle school and, when different, in the district where your child attends public elementary school. Sometimes families are zoned for middle school in a different district than where they are zoned for elementary school. The middle school zone determines eligibility for where a student may apply for middle school.
- **Boroughwide programs:** At schools with programs open to students in your borough.
- **Citywide programs:** At schools with programs open to all NYC students.

Schools That MAY Appear on Your Application

Some programs will only appear on a student's Middle School Application if the student signs up to test for them.

Get a Request for Testing (RFT) form from your school counselor or a Family Welcome Center if your child is interested in applying to the following schools and programs:

- **Mark Twain for Gifted & Talented | IS 239:** Open to all NYC residents. Learn more in the back of this directory.
- **District 21 Talent Programs:** Open only to students who go to school or are zoned for middle school in District 21.

Submit the RFT form by **October 20**. If you submit the RFT form and your child is eligible, this program or these programs will appear on their Middle School Application.

Schools That WILL NOT Appear on Your Application

Other middle schools that your child may be eligible for will not appear on their Middle School Application. These include:

- **School-Based Application Schools:** Some middle schools in this directory have a school-based application process. These schools do not participate in Middle School Admissions and will not be listed on your child's Middle School Application. Schools with their own application processes will not have any program information listed on their school pages. Contact these schools directly or visit their websites to learn how to apply.
- **Charter Schools:** Charter schools manage their own admissions and will not be listed on your child's Middle School Application. If you are interested in applying to any charter schools, contact them directly for more information about how to apply. Learn more in **Section 7.5**.

3.0 Learn About Schools and Programs

When you complete the Middle School Application, you are not just applying to schools—you are applying to programs. Think of a program as a “doorway” to get into the school. If a school has multiple programs, eligible students can apply to one program or more than one program at that school.

Each school page in this Middle School Directory provides information about a school and its program or programs. As you explore schools, look for programs that could help your child learn and grow.

Here is what a sample Middle School Directory school page looks like. Keep reading to learn how to use each section.

Learn the school type: District (one or more programs open to district residents or students), Boroughwide (one or more programs open to borough residents), or Citywide (one or more programs open to all NYC students).

Learn about a school's vision and what makes it special. See if its goals line up with yours.

City Lane School (I.S. 123) | 99A123

Boroughwide School

Students at I.S. 123 benefit from engaging and high-quality classroom instruction alongside exciting extracurricular activities. Our curriculum promotes academic achievement, social development, and leadership skills. Students enjoy the personalized attention they receive in our small and nurturing classrooms. Our teachers work to develop an educational experience based on the unique needs of each student. Parents appreciate that our school is small, personable and fosters the intellectual and social growth of our students. We strive for academic excellence and believe that every child can and will succeed academically.

Neighborhood: Downtown
Address: 1738 City Lane, Brooklyn, NY 99999

PROGRAMS OFFERED

(I.S. 123) Academic Honors Program

Program Code: A123S

Admissions Method: Screened

Program Eligibility: Open to students and residents of Brooklyn

| Prior Year Admissions | Applicants | Seats | Applicants Per Seat | Seats Filled |
|----------------------------|------------|-------|---------------------|--------------|
| General Education | 225 | 55 | 4 | Yes |
| Students with Disabilities | 75 | 18 | 4 | Yes |

Admissions Priorities: Priority to students and residents of the District. Then to students and residents of Brooklyn. Last year, this program admitted students from all priority groups.
Selection Criteria: Academic and Personal Behaviors · Attendance · Final 4th Grade Report Card · Punctuality · 4th Grade New York State ELA and Math Exams

Zoned Program

Program Code: A123Z

Admissions Method: Zoned

Program Eligibility: Open to students residing in the zone

PERFORMANCE

90% of students passed core courses

34% of students scored at Level 3 or 4 on the State English Test

28% of students scored at Level 3 or 4 on the State Math Test

93% of students feel safe in the hallways, bathrooms, locker room, and cafeteria

Search 99A123 at schools.nyc.gov/accountability for more about this school.

Which high schools did students from this school most frequently attend?

- Chambers Street High School
- Adams Street High School

SCHOOL LIFE

Total Students: 237 | Grades: 6-8

Community School: Yes—Neighborhood Organization

Uniform: Yes

School Day: 8am-2:25pm

Extended Day: Yes

Weekend Program: Yes

ACADEMICS

Language: French, Spanish

Accelerated: Algebra I, Living Environment

Elective: Chorus, Debate, Drama, Multimedia Production, Robotics

ACTIVITIES

Book Club · Cheerleading · Chess Club · Dance · Leadership Club · Drama · Martial Arts · American Sign Language · Music Production · Regents Preparation · Specialized High Schools Preparation Courses

CHAMPS Sports—Coed: Fitness Club, Volleyball

Sports: Baseball, Basketball, Tennis

Use location information to consider your child's daily commute.

Read Section 7.1 for more information on accessibility.

Call or email about a school's open house or to ask questions.

Learn if a school offers academic programs, languages, and electives that interest you.

Learn if a school offers activities that you already do well at or would like to try.

School Location and Transportation

When considering a school, think about where it is and how far it is from your home. Use the map in the **District Information and Map** section of this directory to see the location of all the middle schools in this district. These include middle schools from your Middle School Application, public middle schools that require a school-based application, and charter schools that have a separate admissions process. For the most up-to-date information on trains and buses that will help your child get to school each day, use the MTA's Trip Planner at mta.info. Learn more about transportation options in **Section 7.6**.

3.1 Performance

Use this section to learn more about a school's performance in terms of academics and safety. The sample below shows that 93% of students feel safe at this school, as reported on the NYC School Survey.

PERFORMANCE

- 90% of students passed core courses
- 34% of students scored at Level 3 or 4 on the State English Test
- 28% of students scored at Level 3 or 4 on the State Math Test
- 93% of students feel safe in the hallways, bathrooms, locker room, and cafeteria

Search 99A123 at schools.nyc.gov/accountability for more about this school.

Which high schools did students from this school most frequently attend?

- Chambers Street High School
- Adams Street High School

For more information on school performance, speak to your school counselor or visit schools.nyc.gov/Accountability, where you can find details on any school's performance in their School Quality Reports. Learn more in **Section 7.7**.

PERFORMANCE

- 90% of students passed core courses
- 34% of students scored at Level 3 or 4 on the State English Test
- 28% of students scored at Level 3 or 4 on the State Math Test
- 93% of students feel safe in the hallways, bathrooms, locker room, and cafeteria

Search 99A123 at schools.nyc.gov/accountability for more about this school.

Which high schools did students from this school most frequently attend?

- Chambers Street High School
- Adams Street High School

This section also lists the high schools that students from this middle school most frequently go on to attend.

3.2 Programs Offered

This part of the school page has most of what you need to figure out your chances of getting matched to a program. This information will help you choose and rank programs for your Middle School Application.

Mark the checkbox next to the name of programs that interest you.

PROGRAMS OFFERED

☒ **(I.S. 123) Academic Honors Program** **Program Code: A123S**

| | | | | | |
|--|------------------------------|-------------------|--------------|----------------------------|---------------------|
| Admissions Method: Screened | Prior Year Admissions | Applicants | Seats | Applicants Per Seat | Seats Filled |

Read **Section 4.0** to learn how a program admits students (Admissions Method), its seat availability (Seat Groups), and its popularity (Applicants Per Seat).

Stop & Learn

This is the end of **Section 3.0**. Complete the "Exploring a School" activity.

Look through the Middle School Directory school pages with your child. Choose a school from their Middle School Application that they are interested in applying to. Fill in each box with information about that middle school.

Name of School: _____

How many students go to this school?

How would my child get to this school from where we live?

What phone number, email, or website can I use to get information on how to visit this school?

What time does a typical day start for sixth graders?

List two *academic courses* this school has that seem interesting.

List two *activities* this school has that seem interesting.

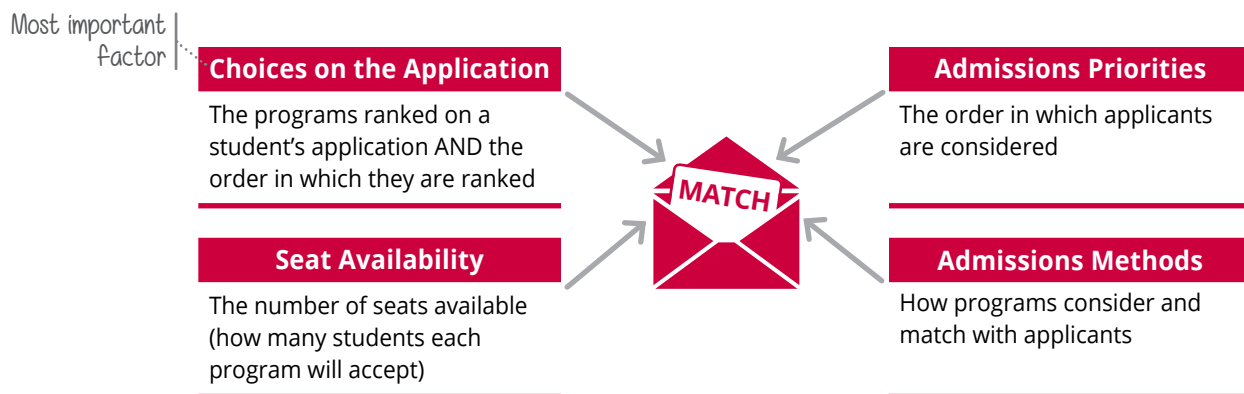

If there is more than one program at the school, which program(s) would you apply to? Why?

4.0 Choose and Rank Programs

In this section, we will explore how you can use program information to make meaningful choices on your child's Middle School Application.

4.1 Admissions Factors

A number of factors play a role in matching each student to a middle school program.

4.2 Choices on the Application

The most important factor in determining where your child goes to middle school is how you complete the Middle School Application.

1. Choose up to 12 programs listed on the Middle School Application that your child would like to attend. Ranking more choices increases your chances of getting a match to one of those choices.
2. Now rank these programs from your favorite to least favorite. Your child will be matched to their highest possible choice taking into consideration the other factors discussed in this section.

Ranking means marking your first choice program as 1, your second choice as 2, and so on. Rank your choices in your true order of preference!

TIP Ranking more choices does NOT lower your chance of getting matched to a top choice program. You have the same chance of matching with your top choice whether you rank only that choice or eleven additional choices below it.

Programs at the same school may have different Admissions Priorities (see **Section 4.4**) and Admissions Methods (see **Section 4.7**). You may decide to apply to one program over another based on this information or because a program has a particular theme like International Studies or Technology.

4.3 Eligibility

Some programs in your district may only be open to certain students who meet the eligibility requirements to apply. Eligibility requirements might be based on where you live or go to school, gender, home language, or other factors. In the example below, this program's eligibility is "Open to students and residents of Brooklyn." This means that students who live or attend public elementary schools in Brooklyn will see this program on their Middle School Application, but students who live or attend schools in other boroughs will NOT see or have it as an option.

| PROGRAMS OFFERED | | | | | |
|---|----------------------------|------------|---------------------|---------------------|--------------|
| (I.S. 123) Academic Honors Program | | | Program Code: A1235 | | |
| Admissions Method: Screened | Prior Year Admissions | Applicants | Seats | Applicants Per Seat | Seats Filled |
| Program Eligibility: Open to students and residents of Brooklyn | General Education | 225 | 55 | 4 | Yes |
| | Students with Disabilities | 75 | 18 | 4 | Yes |
| Admissions Priorities: 1 Priority to students and residents of the District 2 Then to students and residents of Brooklyn. Last year, this program admitted students from all priority groups. | | | | | |
| Selection Criteria: Academic and Personal Behaviors · Attendance · Final 4 th Grade Report Card · Punctuality · 4 th Grade New York State ELA and Math Exams | | | | | |

4.4 Admissions Priorities

Look for a program's Admissions Priorities to learn the order in which applicants are considered for matches.

- If a program has multiple Admissions Priorities, students are considered in groups and all students in the first priority group will be considered first.
- If seats are available, students in the second priority group will be considered next and so on.

If a student falls into priority group 1, they will have a better chance of getting into a particular program than students who fall into lower priority groups. Schools with more than one middle school program may have different Admissions Priorities for each program.

Let's review an example of Admissions Priorities from a school page.

| PROGRAMS OFFERED | | | | | |
|---|----------------------------|------------|---------------------|---------------------|--------------|
| (I.S. 123) Academic Honors Program | | | Program Code: A1235 | | |
| Admissions Method: Screened | Prior Year Admissions | Applicants | Seats | Applicants Per Seat | Seats Filled |
| Program Eligibility: Open to students and residents of Brooklyn | General Education | 225 | 55 | 4 | Yes |
| | Students with Disabilities | 75 | 18 | 4 | Yes |
| Admissions Priorities: 1 Priority to students and residents of the District 2 Then to students and residents of Brooklyn. Last year, this program admitted students from all priority groups. | | | | | |
| Selection Criteria: Academic and Personal Behaviors · Attendance · Final 4 th Grade Report Card · Punctuality · 4 th Grade New York State ELA and Math Exams | | | | | |

This means...

- Students in and residents of the district who ranked this program on their applications are in priority group 1. They will be considered first for any available seats.
- Students in and residents of Brooklyn are in priority group 2. They will be considered next for any available seats.

This section also includes the information that last year, applicants from both priority groups were matched with this program.

Here are some common Admissions Priorities used to determine matches:

Common Admissions Priorities

| What it says on the school page | What it means |
|--|---|
| <i>Priority to continuing 5th graders</i> | Continuing K-8 School Priority: Students are guaranteed to match with their continuing school if they place it on their Middle School Application. Students will first be considered for any programs ranked higher on their applications. You do NOT need to rank your child's continuing school as your first choice to be guaranteed a match there, but you do have to rank it as one of your choices. |
| <i>Priority to students and residents of the district</i> | Geographic Priority: Students may have priority based on the district, borough, or geographic area in which they live and/or go to public school. (If a student lives and goes to public school in different boroughs or districts, that student has priority in both places.) |
| <i>Priority to students who attend an information session</i> | Limited Unscreened Priority: Students who sign in at a program's open house or at the school's table at a fair are put in a higher priority group. |
| <i>Priority to students who apply and live in the zoned area</i> | Zoned Priority: Students who are zoned to a middle school—or a campus containing multiple middle schools—have priority to attend that school or schools. To receive this priority, be sure to rank your zoned school(s) on the Middle School Application. You do NOT need to rank your zoned school as your first choice to receive the priority. To find out if you live in a zoned area, check your application or visit schools.nyc.gov/SchoolSearch . |

It is a good strategy to apply to programs where your child is in the highest priority group (priority group 1). The higher the priority group, the higher the chances of getting a match to that program.

4.7 Admissions Methods

Look at a program's Admissions Method to learn the way applicants are admitted into that program. A school with multiple programs can use different Admissions Methods among its programs.

| PROGRAMS OFFERED | | | | | |
|---|--|----------------------------|---------------------|-------|---------------------|
| (I.S. 123) Academic Honors Program | | | Program Code: A1235 | | |
| Admissions Method: Screened | | Prior Year Admissions | Applicants | Seats | Applicants Per Seat |
| Program Eligibility: Open to students and residents of Brooklyn | | General Education | 225 | 55 | 4 |
| | | Students with Disabilities | 75 | 18 | 4 |
| | | | | | Seats Filled |
| | | | | | Yes |
| | | | | | Yes |
| Admissions Priorities: Priority to students and residents of the District Then to students and residents of Brooklyn. Last year, this program admitted students from all priority groups. | | | | | |
| Selection Criteria: Academic and Personal Behaviors - Attendance - Final 4th Grade Report Card - Punctuality - 4th Grade New York State ELA and Math Exams | | | | | |

There are seven types of Admissions Methods.

Some programs do NOT see or consider a student's academic record when making matches. These programs use one of the following Admissions Methods:

- **Unscreened:** Students who apply to programs using the Unscreened Admissions Method are randomly selected.
- **Limited Unscreened:** Students who apply to programs using the Limited Unscreened Admissions Method are randomly selected, but priority is given to students who show interest in the school by signing in at an information session, a school tour, or a school's table at a Middle School Fair. If you have signed in, confirm with the school that you will receive priority.
- **Zoned:** Students who apply to their zoned school are guaranteed a match to its zoned program if they do not match to a program ranked higher on their Middle School Application. Students may have zoned schools based on where they live. The district where you are zoned for middle school is not always the same as the district where you live.
- **Talent Test:** Students who apply to Mark Twain for the Gifted & Talented or for District 21 Talent Programs are matched based on their Talent Test scores. Learn more in the back of this directory.

Other programs DO see or consider a student's academic record when making matches. These programs use one of the following Admissions Methods:

- **Screened:** Students who apply to programs using the Screened Admissions Method are matched based on how the school ranks them. Screened programs rank applicants using factors that may include final report card grades from fourth grade, reading and math standardized test scores, attendance, and punctuality. Some Screened programs have additional requirements like an interview, audition, writing sample, or diagnostic test. To learn more about how a Screened program ranks applicants, contact that school directly.
- **Screened Language:** Students who apply to programs using the Screened Language Admissions Method are matched based on how the school ranks them. These programs use home/native language to decide admission. Review program information to make sure you are applying to a program that matches your child's home/native language. Some Screened Language programs may give priority to ELLs, participants of elementary school-level Dual Language and Transitional Bilingual Education programs in the target language, and/or heritage speakers of the target language. For more information on ELL models, please see **Section 7.2**.
- **Composite Score:** Students who apply to programs using the Composite Score Admissions Method are matched in descending order based on their Composite Score. Each student's Composite Score is calculated by assigning points for each Composite Score category using corresponding components of his/her academic record. Composite Score programs weight certain components of applicants' academic records. Learn more in **Section 4.8**.*

**In accordance with New York State law, test results will not be the sole, primary, or major factor in admissions decisions. Instead, schools will use multiple measures to make admissions decisions.*

MIDDLE SCHOOL ADMISSIONS METHODS

| How are students admitted? | | What do schools see? |
|--|---|--|
|  Unscreened | Selected randomly | <ul style="list-style-type: none"> ▪ Biographical information (student's name, address, current school, gender) ▪ Special education status |
|  Limited Unscreened | Selected randomly, with priority to students who sign in to show interest in the school | |
|  Zoned | Matched based on residence or location of current school | |
|  Screened | Ranked by schools based on academics, audition, or other assessment | <ul style="list-style-type: none"> ▪ Biographical information ▪ Special education status ▪ Academic record: <ul style="list-style-type: none"> ▪ Final report card grades ▪ Standardized test scores ▪ Attendance and punctuality ▪ Internal assessment ▪ Academic and personal behaviors |
|  Screened Language | Ranked based on language proficiency | <ul style="list-style-type: none"> ▪ Biographical information ▪ Special education status ▪ ELL status ▪ Final report card grades ▪ Standardized test scores ▪ Attendance and punctuality ▪ Internal assessment ▪ Academic and personal behaviors |
|  Composite Score | Matched in descending order of score based on some combination of these criteria | <ul style="list-style-type: none"> ▪ Academic and personal behaviors ▪ Final fourth grade report card ▪ New York State ELA Exam score ▪ New York State Math Exam score ▪ Attendance and punctuality |
|  Talent Test | Matched based on Talent Test score | <ul style="list-style-type: none"> ▪ Talent Test score |

4.8 Selection Criteria

Programs with Screened, Screened Language, or Composite Score Admissions Methods use specific Selection Criteria to admit students. Look at a program's Selection Criteria on the school page to see which factors that program considers when making matches.

| PROGRAMS OFFERED | | | | | |
|--|----------------------------|------------|---------------------|---------------------|--------------|
| <input type="checkbox"/> (I.S. 123) Academic Honors Program | | | Program Code: A123S | | |
| Admissions Method: Screened | Prior Year Admissions | Applicants | Seats | Applicants Per Seat | Seats Filled |
| Program Eligibility: Open to students and residents of Brooklyn | General Education | 225 | 55 | 4 | Yes |
| | Students with Disabilities | 75 | 18 | 4 | Yes |
| Admissions Priorities: Priority to students and residents of the District Then to students and residents of Brooklyn. <i>Last year, this program admitted students from all priority groups.</i> | | | | | |
| Selection Criteria: Academic and Personal Behaviors · Attendance · Final 4 th Grade Report Card · Punctuality · 4 th Grade New York State ELA and Math Exams | | | | | |

For programs using the Screened or Screened Language Admissions Method, this section will tell you what their school considers when ranking applicants. For programs using the Composite Score Admissions Method, this section will tell you which information is used to create each applicant's Composite Score.

Programs using Screened or Composite Score Admissions Methods will tell you which of the following are used when ranking and scoring applicants:

- Final fourth grade report card
- Fourth grade State ELA and Math Exam scores
- Attendance and punctuality from fourth grade
- Academic and personal behaviors, which are:
 - Manages time and consistently demonstrates effort to independently achieve goals
 - Works in an organized manner
 - Persists through challenges to complete a task by trying different strategies
 - Asks for help when needed
 - Respects school rules and works well in the school community

Academic and personal behaviors are usually part of the fourth grade report card. If your child's school does not include them as part of the report card, ask school staff to provide this information.

A program's Selection Criteria can help you think about whether a program is a good fit for your child. For example, if your child has good grades and attendance but not good state exam scores and a program looks at report card grades and attendance but not at state exam scores, this Selection Criteria could work in your favor.

Middle School Admissions uses information from the fourth grade to evaluate students for admission. School staff should not ask families to provide extra information in the form of report cards from additional years or separate recommendations from teachers.

Stop & Learn

This is the end of **Section 4.0**. Complete the **"Ranking Programs on Your Application"** activity.

Ranking Programs on Your Application

Step 1: Find Programs

PROGRAMS OFFERED

Program Code: A123S

Prior Year Admissions

Applicants

Seats

Applicants Per S

Seats Filled

General Education

225

55

4

Yes

General Education Students with Disabilities

223
7555
18

44

Yes

Admissions Priorities: ❶ Priority to students and residents of the District ❷ Then to students and residents of Brooklyn. *Last year, this program admitted students from all priority groups.*

Selection Criteria: Academic and Personal Behaviors • Attendance • Final 4th Grade Report Card • Punctuality • 4th Grade New York State ELA and Math Exams

List the programs that you marked in the school pages. Answer the questions in this table for each program.

**For example, is it near your home? Does it offer an elective or activity that interests your child? Does it meet a need for your family?*

Step 3: Rank Your Program Choices

Look at your notes on the previous page. Talk to your child and decide which programs are your top choices. Together, list up to 12 programs that they would like to attend. **List programs in your true order of preference with your first choice next to #1.**

My Program Choices

- 1 _____
- 2 _____
- 3 _____
- 4 _____
- 5 _____
- 6 _____
- 7 _____
- 8 _____
- 9 _____
- 10 _____
- 11 _____
- 12 _____

On your Middle School Application, you will write numbers next to the programs you want to apply to. You will write 1 next to your first choice, 2 next to your second, and so on. Use this list to help put the right number next to the right program. Learn more about ranking schools in **Section 4.0**.

If you have a zoned school or are enrolled in a continuing K-8 school, it is always a good idea to consider ranking that school on your application. You have a priority to match to your zoned or continuing school if you are not matched to any programs that you ranked higher on your application. Remember that you do NOT have to mark it as your first choice to keep your priority.

Most of the Middle School Admissions process happens in the fall between September and November. **Create an admissions calendar** to keep track of the dates and times of Middle School Fairs, open houses, school tours, and appointments for programs that require interviews, auditions, or on-site assessments.

5.1 Middle School Fairs

Attend the Middle School Fairs this fall. At these events, you can meet representatives from different schools on the same day, in the same place. Use this chance to ask questions about schools and programs. The Middle School Fairs for different districts will take place on different dates in October. Check the Middle School Admissions website (schools.nyc.gov/Middle) to learn when and where a district's Middle School Fair will be held.

Remember to sign in at the table of each school you talk with. Signing in will increase your chances of being matched with programs that use a Limited Unscreened Admissions Method.

5.2 School Visits

Visiting a school is the best way to explore how good a fit it may be for your child. It's also a great way to see how long the trip is from home. Contact schools directly to find out if they have special events, open houses, or school tours.

The Middle School Admissions Events Calendar (schools.nyc.gov/Middle) is another way to find a school's open house dates.

Before you visit, prepare a list of questions for school staff and current students about the school's culture, courses, and activities. Use the activity on the next page to make a list of questions.

When visiting schools, write your contact information clearly on sign-in sheets.

Stop & Learn

This is the end of **Section 5.0**. Complete the "Asking Questions at Middle School Events" activity on the next page.

When you speak with a school representative at a Middle School Fair or open house, try to ask one question from each box. Create your own questions to learn more about a school.

Tear out this page and bring it when you and your child visit schools and fairs.

School Culture

How can my child get extra help with homework?
What makes your school special?

My question: _____

Being a Sixth Grader

What time does the day start and end for sixth graders?
Are there activities just for sixth graders?

My question: _____

Academics

What are your most popular courses?
What makes your school's courses different from other schools?

My question: _____

Activities

What are some examples of clubs at your school?
When during the school day can students participate in activities?

My question: _____

Admissions

Where can I sign in?
Do my family and I need to do anything to apply?

My question: _____

6.0 Learn About Options After the Main Round

In April, a school counselor will give your child their middle school notification letter. This letter will include a match from your child's Main Round Middle School Application and it may include a second match from the New Schools Round Application. If your child receives a match to a new school or program, you will have to choose between their New Schools Round match and their Main Round match.

6.1 New Schools Round

If a new school or program is opening in your area, additional opportunities may be available for your child to apply to middle schools. If so, your school counselor will invite them in February to apply during the New Schools Round in March.

6.2 Appeals

On the middle school notification letter that you get in April, you will also receive information about how to submit an appeal if you want to try to change your child's middle school match. To submit an appeal, follow this process:

1. Return your notification letter to your child's elementary school after checking off that you would like to appeal.
2. Receive an appeal form from your elementary school counselor.
3. Complete the appeal form and return it to the school counselor.

You may choose up to three programs on the appeal. You do not need a reason to appeal. Appeals are granted if there is remaining space in the program and if your child meets the selection criteria. You should only submit an appeal for a program that you would prefer more than your Main Round match. If your appeal is granted, your child's middle school match will automatically be updated to a program requested on the appeal. For more information on appeals, please talk to your child's elementary school counselor.

6.3 New Students

If your family is new to New York City, you can apply to middle school by visiting a Family Welcome Center with your child. Locations are listed on the back inside cover of this directory and at **schools.nyc.gov/WelcomeCenters**. Also visit the New Students page (**schools.nyc.gov/NewStudents**) to learn how to enroll and what documents you need for registration.

7.0 Additional Information

7.1 Accessibility

The Department of Education is committed to ensuring that its programs, services, and activities are accessible to staff, members of the school community, students, and family members with disabilities.

Facilities categorized "accessible" are located in a fully or partially accessible building where an individual with a mobility impairment can enter and access all relevant programs and services, including the public assembly spaces on the ground floor, at least one accessible restroom, and one accessible classroom.

For the most up-to-date information on school building accessibility, please visit **schools.nyc.gov/Offices/OSP/Accessibility** and contact the school directly. Families are encouraged to visit schools to learn more about their accessibility.

7.2 ELL Service Delivery Models

All New York City public schools provide a range of supports and services for ELL (English Language Learners) students to develop their English proficiency and prepare them for success in school, college, and/or careers. Below are three different ELL service delivery models offered in New York City public middle schools:

| Program | Definition |
|---|---|
| Dual Language (DL) | In Dual Language programs, students are taught in two languages: English and their home language, such as Spanish, Chinese, or French, among others. The goal of this program is for students to be able to read, write, and speak in both English and their home language. In Dual Language classes, the home language and English are used equally. |
| Transitional Bilingual Education (TBE) | Transitional Bilingual Education programs provide reading, writing, and other classes in English and in the student's home language. As students' English improves, time spent learning in English increases and time spent learning in the home language decreases. Once a student is no longer identified as an English Language Learner, they will exit the program. |
| English as a New Language (ENL) | English as a New Language programs, formerly called English as a Second Language or ESL, provide instruction in English with support in the students' home language so that they can learn to read, write, and speak English. Students in this program can come from many different language backgrounds, and English may be the only common language among them. |

This Middle School Directory indicates which of the ELL service delivery models above are currently offered in each middle school, based on school reported data.

All middle schools must provide the **ELL Parent Survey and Program Selection Form** at the parent orientation meeting which is offered to all newly-identified ELLs. If you do not receive this form, please request it from the school. You may use the form to indicate your preferred ELL service delivery model, even if your middle school does not currently offer it. Middle schools can open a Dual Language or Transitional Bilingual Education program when there are 15 or more ELLs who speak the same native language in any single grade whose parents/guardians request either program. In this way, families can request which ELL service delivery models are offered in their child's school.

For the most up-to-date information regarding ELL service delivery models, please contact schools directly. For more information about services and supports for English Language Learners (ELLs), please call **212-323-9559** or visit nyc.gov/schools/Academics/ELL.

7.3 Special Education Services

Students with Disabilities may apply to all schools and/or programs listed in this directory, including all Screened and Audition programs, and are subject to the same admissions requirements as their general education peers. If the student's IEP contains testing accommodations, those accommodations will be provided when the student tests or auditions as long as the accommodations do not change the skills or content the test is measuring.

Every middle school participating in Middle School Admissions is expected to welcome and serve students with disabilities in accordance with their IEPs. The IEP team at the middle school will review the IEP to ensure that all services and supports are in place. In some cases, the IEP team may need to refine the IEP to better meet student needs. Middle school programs have a group of seats for students whose IEPs specify special education instructional programming for more than 20% of their academic program. Special education instructional programming includes Integrated Co-Teaching (ICT) classes, Special Class (SC), and Special Education Teacher Support Services (SETSS). Related Services, such as speech,

occupational therapy (OT), and physical therapy (PT), are not considered special education instructional programming for the purposes of Middle School Admissions. Seats are used for admissions purposes only; all students with IEPs will receive the services listed on their IEPs.

Students with disabilities who are recommended for and who have attended a District 75 program and are considering a middle school outside of District 75 should work with their IEP team to determine whether the recommendation for District 75 for middle school is still appropriate. If the student's IEP team determines that the student no longer needs a District 75 program, then the student must participate in the middle school admissions process. Students whose IEPs recommend a District 75 program and whose IEP team determines that the student will continue in a District 75 program for middle school are not required to participate in the middle school admissions process. These students are notified of their middle school placement in May or June by their District 75 schools. Learn more at nyc.gov/schools/Academics/SpecialEducation.

7.4 Community Schools

Community Schools offer an integrated focus on academics, health and mental health services, youth development, expanded learning opportunities (inclusive of afterschool and summer enrichment activities), and family and community supports, to ensure that students are ready and able to learn, and graduate college and career-ready. Each community school serves as a hub where parents and family members, community based partners, community members, and school staff come together to coordinate and integrate a range of supports based on the assets and needs of individual students.

7.5 Charter Schools

Founded by not-for-profit Boards of Trustees, charter schools are independent public schools that operate under a contract or "charter" of up to five years. Many have unique educational approaches that may include longer school days, a longer school year, and/or thematic programs. Themes are diverse and can range from special language instruction to an emphasis on arts or science.

Any student eligible for admission to a New York City public school is eligible for admission to a public charter school. Interested students or families should contact each charter school directly to receive specific information about the school's application process.

For a list of charter schools, please refer to the back of this directory. Visit schools.nyc.gov/Charters or call **212-374-5419** for more information about charter schools in New York City. For information about specific charter schools, contact the schools directly.

7.6 School Location and Transportation

The New York City Department of Education offers transportation to middle school students based on these criteria:

- Students in sixth grade are provided with free transportation if they live one mile or more from the school; if they live closer than that but more than one half mile from the school, a half-fare MTA bus pass is available on request from their school. Free transportation is provided as either a yellow bus or a MetroCard. Students receive yellow busing if (i) their school has bus service, (ii) they live in the same school district as their school, and (iii) if a stop exists, or can be created. Stops cannot be created if they make the existing route longer than five miles, as measured through each stop to the school.
- Students in seventh grade and above are provided with MetroCards if they live one and a half miles or more from school. If they live closer than that but more than one half mile from school, a half-fare MTA bus pass is available on request from their school.

- Students receiving special education services who are mandated to receive specialized transportation on their most recent IEP are placed on bus routes to and from the school they attend. In addition, parents may request additional medical accommodations based on their child's special needs which may also affect the type of vehicle or route on which the student is placed.

For more information about transportation, call the Office of Pupil Transportation at **718-392-8855** or visit **schools.nyc.gov/offices/transportation**.

7.7 Accountability

The New York City Department of Education collects information about school practices and student outcomes, which can help identify each school's strengths and areas for improvement.

This directory lists some of this information on school pages. The Performance section on each school page contains the following:

- **Course and test results:** The percentage of students who passed courses in the core subjects (English, math, social studies, and science), and the percentage of sixth, seventh, and eighth grade students who scored at Level 3 or 4 on the New York State English and Math tests.
- **NYC School Survey results:** The percentage of students who feel safe in the hallways, bathrooms, locker room, and cafeteria as reported on the NYC School Survey.

Average performance data for schools in this district during the 2016-2017 school year can be found in the **District Information and Map** section of this directory.

If you have questions about this section, please speak to your school counselor or visit **schools.nyc.gov/accountability**, where you can find detailed information on each school's performance in their School Quality Reports.

District 13 Information and Map

Beginning with admission for September 2018, no middle school programs in District 13 will be able to see how you ranked them on your child's Middle School Application. A program will not know if it was your first or twelfth choice. This means that how you rank each middle school program will not affect how that program evaluates you. It is always a good idea to rank programs in your true order of preference.

What is the performance of a typical District 13 middle school?

- 91%** of students passed core courses
- 21%** of students scored at Level 3 or 4 on the State English Test
- 13%** of students scored at Level 3 or 4 on the State Math Test
- 80%** of students feel safe in the hallways, bathrooms, locker room, and cafeteria

District Schools

**All students and residents of this
district may apply to middle
schools in this section.**

We believe in fostering relationships with—and among—our students, challenging them academically, and frequently celebrating their work. Through our advisory discussions, we support our students’ organizational and study skills, provide a space for students to be heard regarding social and emotional challenges, discuss current events, laugh, and play. Students also do independent reading during advisory and teachers’ conference with students about their books on a regular basis. Three times a year, students participate in Exploration, which is a deep, two-week study of one question. Examples include: “Can art change the world?”, “Is our relationship with animals ethical?”, and “What is courage?” Through workshops, guest speakers, and field studies, students come to their own answers. Students complete a creative project and write an editorial in response to the big question. Each exploration culminates in an exposition where students share their work with families and the community.

We give extra attention to each child's academic needs while modeling a passion for the performing arts and technology. Parents appreciate our stable learning environment with high academic standards and a strong focus on the arts and technology. The Dual Language Program provides differentiated instruction in both Spanish and English based on the Common Core Learning Standards and the New York State Performance Standards. Through both age- and grade-appropriate instruction, whole class, small group, individual experiences, and project-based learning, students will become bilingual, biliterate, and bicultural. Students in the Dual Language Program will also participate in the arts and/or technology courses.

Students benefit from the many ways that our teachers and staff support them. They learn to become empowered thinkers as they develop their creative abilities while striving for academic excellence. Parents value the various ways that teachers and staff encourage and challenge students to exceed their personal best. Parents and students alike appreciate the innovative strategies implemented to teach students' core subjects. For instance, students take the SEP Software Engineering Class that not only improves their computer skills, but mathematics as well. Additionally, there is an emphasis on improving literacy by enriching students' vocabularies and increasing the amount of time that students spend reading.

At Park Place Community School (M.S. 266), our mission is to create an environment that promotes respect for racial and cultural diversity, to deliver a rigorous academic curriculum, to utilize best practices for middle school education, to utilize community and technological resources to increase opportunities for intellectual and social development, and to develop well-rounded students through participation in the arts. All of our students receive an opportunity to graduate with high school Regents credits in math, science, and foreign language. They also have a personal planner, access to online Jupiter Gradebook to monitor academic progress, a school email address, and opportunities to learn chess and to travel out of the state of New York. In 2013, our students traveled to Washington, DC to witness the presidential inauguration. Our students also travel to Vermont every school year to participate in Farms for City Kids. We offer three distinct programs for our students: STEM Institute, Liberal Arts Institute, and Arts Institute.

Our goal at the Dock Street School is to foster curiosity, independence, and problem solving in young people so that they are able to adapt to an ever-changing and complex world. By providing a rigorous and nurturing college preparatory education with a strong emphasis on science, technology, engineering, the arts, and math (STEAM), we seek to prepare our students to be reflective, lifelong learners. At Dock Street School, students will engage with an authentic STEAM curriculum and work closely with our partners (New York University-STEM Robotics, Brooklyn Bridge Conservancy, St. Ann's Warehouse) on hands-on collaborative projects both during the day and after school. Students will also have access to our state-of-the-art music and dance facilities. Through these enriched academic experiences, students will build upon their existing critical-thinking skills and become decision makers who are able to act responsibly and compassionately toward their communities.

The Unison School is a middle school focused on critical literacy, problem solving, and research. We are a small, caring school that focuses on teaching learners to learn for themselves and developing the whole person by emphasizing critical thinking, writing, and public speaking. The staff and students work in unison to collaborate with one another and with the greater community in service of developing engaged citizens that work to improve the world. At Unison, students read, write, communicate, explore the world, discover new interests, follow their hearts, and learn how to pursue their dreams. We are a safe, welcoming community of students in grades six, seven, and eight. Unison is part of the Urban Assembly, which is a network of 21 high-achieving schools committed to closing the achievement gap. Urban Assembly provides professional development and support for staff and students.

Arts & Letters students benefit from strong relationships with our faculty and programs that support their growth. Ask them and they'll tell you: "You'll work hard here, but it is worth it!" and "The teachers know us so well and challenge us every day!" Each student has an advisor who gets to know the family very well through various communications and events. Online grading, high academic expectations, and lots of community events make Arts & Letters a great place for students and their families.

The Urban Assembly Institute of Math and Science (UAI) takes a holistic approach to educating our young women, ensuring they possess all skills needed for success. Our rigorous and innovative curriculum inspires students to challenge stereotypes that currently exist for women in math and science, and builds their persistence in the pursuit of learning to leave them well-equipped to graduate from college. We teach our young women to navigate adolescence and beyond through classes like social-emotional learning, health, and financial literacy. Our partnership with Girls Inc. of NYC encourages our students to be strong, smart, and bold through field trips and free after school and Summer programming. As a Girls Inc. of NYC partner school, our students gain exposure to a variety of mentors and careers, as well as additional arts and athletic activities including step, computer coding, and guitar courses. UAI graduates are not only accepted into college, but also complete it due to their varied experiences in and outside the classroom.

Fort Greene Preparatory Academy is committed to rigorous learning through hands-on activities, learning expeditions, technology, and performing arts as part of daily instruction. Our STEM (Science, Technology, Engineering, and Math) program features labs, scientific demonstrations, and immersion in real world problem solving such as computing coding. Through partnerships with New York University and NYU Polytechnic School of Engineering, our scholars are mentored by graduate engineering students. Our history and ELA programs are enriched with student-directed research and project-based learning. Through partnerships with Lincoln Center Theater and Irondale Theater Ensemble, scholars enrich their literacy learning through the study of drama and attend theater performances. We are a small school where every child is known well by their peers and staff. Through our online grading system, we allow direct parent-to-teacher communication and instant access to a student's progress.

Boroughwide Schools

**All Brooklyn students and residents
may apply to middle schools
in this section.**

Middle School 50 is located in the Southside of the Williamsburg section of Brooklyn. M.S. 50 has partnered with El Puente, a nationally-renowned community human rights organization, to create a new community school. Our mission at M.S. 50 is to promote youth leadership through academics, arts, athletics, and activism and to empower student voice by providing opportunities for students to engage in inquiry-based and project-based learning. In all content areas, students at M.S. 50 are taught to make evidenced-based arguments and to justify their opinions using persuasive academic language. In addition to receiving a rigorous academic education, M.S. 50 students will be able to select from a rich variety of enrichment activities (debate, spoken word, video game design, marching band, drumline, robotics, theater, art, photography, social action, dance, sports, chess, and more) and academic advancement opportunities during our Expanded Learning Time.

An education at Juan Morel Campos Secondary School is full of promise. One of our most important promises is that, as a secondary school, we build a seven-year relationship with students and families. Additionally, our small learning communities strengthen bonds within the school community and ensure students a safe transition from middle school to high school. Another important promise is that all students at Campos develop their artistic talents in our rich band, theater, and visual arts programs. We also promise that all students are pushed to excel and prepare for college with the help of teachers, high school students, and a full-time college counselor.

We offer a wide variety of courses and special programs to interest every child. The school also provides an accelerated program filled with challenging courses. Parents appreciate the organized and traditional atmosphere of I.S. 318. We believe in offering the widest number of choices and programs for students at a very high level. For example, we offer an amazing music program, national championship chess team, strong robotics program, numerous championship sports teams, and a full range of arts offerings. Students may take up to four Regents courses by graduation and we currently offer nearly fifty after-school programs for our students. We believe that students should have the opportunity to engage in high level programs beyond their core classes. Whether you want to join our rock band, perform in our dance company, pitch on our championship baseball team, create works of art in our ceramics lab, cook a delicious dish in our cooking room, play your trumpet at Carnegie Hall, or checkmate the best chess players in our nation, I.S. 318 offers something to challenge every student.

Our staff care about our students as individuals and learners, working hard to make school a positive, successful experience for them. Students benefit from exciting learning opportunities, such as weekly field studies trips, science projects, visual arts, and creative writing activities. Families appreciate our small environment where students get individual support, dance, arts, technology, and an array of learning experiences. Families also appreciate how our teachers work together with them to support their children. Students have advisory every day, which includes a dedicated adviser who makes ongoing contact with their advisee. Lyons is a Restorative Justice school, meaning that when a student harms the community, the expectation is that the consequence be focused on restoring the community and growing from the experience. We want our students to learn to be more thoughtful, curious, well-rounded, and compassionate people. As a secondary school, students can stay through high school. We are part of the NYS Performance Standards Consortium, which means students do extensive essays, experiments, and presentations instead of most Regents. Students call teachers by their first name and do not wear uniforms.

Our school is part of a national network of excellent all-girls college prep schools. Our school is guided by teachers and staff who nurture students' intellectual curiosity and work to empower young women. We believe that all students can achieve high standards in every area including math, science, and technology. We have a very supportive environment that includes daily advisory. Part of a network of Young Women's Leadership Network (YWLN) schools, we are an all-girls school with a mission to prepare young women to be successful leaders in their communities. Every YWLN school is supported by the CollegeBound Initiative (CBI) which ensures college access and financial aid options for every student. We work with parents as partners in preparing every student for post-secondary opportunities.

Middle School 88 provides students with a dynamic learning environment centered around project-based, student-directed, and personalized learning platforms. Our partnerships with Poly/NYU and Columbia University support critical thinking through STEM instruction for teachers and students. As partners with the Gates Foundation and Facebook, we have greater resources to deepen and enrich our practices. We are a comprehensive school divided into three thematic and diverse learning communities. Throughout the year, we celebrate integrated project work where students present solutions to real world problems. Blended learning and innovation within an integrated curriculum, align to initiatives such as Samsung Solve for Tomorrow and LEGO robotics. In addition to our rigorous academic program, we support social-emotional learning and the development of Core Values. Our free after-school enrichment offers something for everyone with art, music, dance, sports, and technology. Our school community includes and supports gifted and talented programs, special education services, ENL instruction, dual language, physical education, and a wide range of after-school offerings making M.S. 88 an exciting place to learn and grow.

The Boerum Hill School for International Studies is an International Baccalaureate French Language Public School that serves 600 students in grades 6-12. With the implementation of the International Baccalaureate philosophy and mission, we aim to support learning for all students that is both challenging and relevant to real life. We offer a rigorous and engaging curriculum that enables students to understand and manage the complexities of the world and provide them with the skills for taking responsible action for the future. Students are enrolled in French Immersion courses and are encouraged to participate in our early bird and/or after-school program (which includes: theater, soccer, debate, chess, basketball, table-tennis, coding, and dance). Students receive a comprehensive liberal arts education grounded in inquiry and project-based learning, while participating in numerous educational trips and excursions. Middle school students will take the Algebra, Living Environment, and US History regents in the eighth grade. With parent consent, students have the option of going off campus for lunch. Parental involvement through our Leadership Team, the PTA, volunteer work, and fundraising efforts foster a successful school community.

Ebbets Field Middle School is an international education center, founded in 2005. Ninety percent of our students are immigrants or children of immigrants. We are proud of this heritage and diversity. Our instructional week is five hours longer than similar schools ensuring all students meet and exceed the challenges of the Common Core and city-wide instructional shifts. We are one of four Turnaround Arts schools in NYC. Turnaround is a presidential initiative for academic success through the arts. Marc Anthony is our celebrity partner and is committed to our school's success. All of our curricula, from mathematics to social studies, are infused with the arts. To ensure that our students are college and career ready, every student is given an iPad to experience the curriculum through an interactive, hands-on, minds-on format. We have partnerships that extend learning and guarantee the educational, physical, social, and emotional development of each of our students and families.

Science, Technology, and Research (STAR) Early College School at Erasmus is a small screened sixth- through twelfth-grade Early College school. Students entering our middle school are placed into one of four houses where they will compete with their peers—academically and athletically—throughout their educational journey, and become part of all aspects of our school community. Our dynamic team of teachers and Brooklyn College professors are eager to prepare students interested in science, mathematics, and technology for college and the working world. With our partners, we offer a range of challenging academic courses that give students firsthand exposure to the demands of high school and college by using field-based and hands-on methods of instruction. Students will use the rich resources on the Brooklyn College and other City University of New York (CUNY) campuses as their learning laboratories. In addition to their high school diploma, our high school students may earn up to 61 college credits, tuition free, from Brooklyn College enabling many of them to begin college as a sophomore or junior at a CUNY, SUNY, or private university.

Students are immersed in academically challenging studies with requirements that include a three-year sequence in mathematics, Chinese, science, social studies, and the arts. Students have an opportunity to complete the following Regents by the end of eighth grade: Integrated Algebra, Geometry, Algebra II/Trigonometry, Living Environment, Earth Science, Physics, World History, US History, English, and the Chinese LOTE. Student creativity, character development, and social responsibility are encouraged and nurtured through individualized guidance, athletics, clubs, fine and performing arts events, and mentorships.

I.S. 68 is a school that provides its students with a high-quality education that surrounds Science, Technology, Engineering, Arts, and Mathematics (STEAM). We are a certified Eco-School and are a part of the Billion Oyster Project. Our students learn about science and technology through our pollinating garden and school-wide air purifying initiative. We pride ourselves on our newly implemented robotics program which uses state-of-the-art equipment and 3-D printing. I.S. 68 has a belief system based on Steven Covey's The 7 Habits of Highly Effective People in which students demonstrate positive behavior by being proactive, setting goals, collaborating, and prioritizing. We have a strong focus on student leadership development which is supported by the Leader in Me program. Students also benefit from various partnerships. For example, through our partnership with Long Island University, students have opportunities to visit colleges and universities around the country.

The Lenox Academy offers an academically accelerated program for middle school students. We provide a high-quality education within a learning environment that supports young learners. Lenox Academy's rigorous academic program, coupled with a highly skilled and experienced staff, has proven successful. Approximately 25 percent of our 8th grade students from the class of 2016 were accepted to specialized high schools. Most have received acceptances to select public high schools, others have accepted placements in private day and boarding schools through scholarships granted by Prep 9. Lenox Academy promotes academic excellence and challenges students to meet NYS standards with distinction. Over 90 percent of our students met standards [Level 3] or met standards with distinction [Level 4] on the 2015-2016 New York State Standardized exams. All of our seniors are administered the English Language Arts Common Core Regents, Living Environment Regents, and Spanish Proficiency exams. A select group of students are administered the Algebra I Regents. Our SONYC after-school program offers expert instruction in martial arts, culinary arts, dance, theater, basketball & volleyball, and photography.

Our Performing Arts Program provides students with a strong sense of discipline and responsibility. Our teachers take advantage of the natural curiosity, energy, and enthusiasm of sixth through eighth graders. The program supports students at different levels of maturity and includes a balance of teacher-structured and student-initiated activities. The Performing Arts program provides training for beginning and experienced students in dance, drama, instrumental band, steel pan orchestra, and vocal music. The courses represent a selection of introductory classes together with those that fulfill the needs of highly talented young artists. The curriculum focuses on basic skills, a disciplined manner of inquiry, individual creativity, and good study habits. Students are encouraged to work cooperatively and to share their special gifts and talents.

Our vision is to create a safe environment in which authentic learning experiences build character and empower students to become independent thinkers. Our mission is to provide a Common Core Learning Standards (CCLS)-aligned curriculum, life skills, mentorship, interventions, and enrichment activities that will enhance learning and support the social-emotional growth of our students. At EFCRS, we focus on targeting individual needs. We possess a strong community of teachers who are committed to motivating, engaging, and providing rigorous learning experiences. Our parents appreciate the strong focus on instruction, smaller class sizes, and two and a half hours of expanded-day programming our school offers. Students enjoy the cultural exposure and the unique courses in expanded day. Unique academic offerings include: Algebra Regents Course, Specialized HS Test Prep, and Saturday Academy. Unique expanded-day offerings include: STEM Academy, Robotics, Coding, Cooking, Soccer, Chorus, Drumming, and Theater.

James P. Sinnott has a magnet program focused on health and health professions. There is also a wellness committee which focuses on a month-by-month health theme that is ingrained in the culture of the school. We offer students an Honors program with Regents courses, Spanish Dual Language Cohort, and a Dance Cohort. We also have the only Day NYPD/FDNY Explorer Program with the Learning for Life advisory curriculum. All students are exposed to restorative circles in advisory. As participants in New York City's iTeach/iLearn program, students receive a laptop computer for daily use in each class and all classrooms are outfitted with SMART Boards. Parents are always invited to our school to help build culture and to celebrate our students. We provide our students with a stable, secure, and structured learning environment and the highest quality classroom instruction. A wide variety of support and intervention services are also offered. We strive to achieve academic excellence.

Sports: Basketball, Flag Football, Floor Hockey

As a 6-12 school, we believe that middle school is the foundation for high school and college success. In class, students are academically challenged, reading high level texts and engaging in critical thinking. We also believe that middle school is a time to teach students the habits necessary for academic success such as organization and time management. Over the last eight years we have created a strong culture that emphasizes order and structure, rigor and learning, community, and positivity. We are partnered with NIA and offer a variety of after school activities. Our teachers are accessible, and we have small class sizes and give individual attention to our students. We excite our students about learning, reading, and exploring the world. We offer iPads, laptops, SMART Boards, and wireless internet. We encourage our students to continue at UASCJ through high school.

I.S. 228 offers a creative environment that brings out students' talents in safe, encouraging, and challenging ways. We have zero tolerance for bullying and have partnered up with Bridg-it. We also have a Student Teacher Outreach Mentorship Program, where our teachers give up their time to have lunch with small groups of students. Our paramount goal is to empower all students with the necessary skills to become college- and career-ready. All members of our school community will be responsible for creating a nurturing environment that supports rigorous learning delivered through a high-quality curriculum aligned to the Common Core. We strive to implement engaging and rigorous lessons that meet the needs of all students. Parents are respected partners and are supported by the district's first Parent Engagement Center. Parents are in constant communication through innovative apps such as Pupil Path and Remind. I.S. 228 offers free night classes that teach English as a New Language to the parents of new immigrant students and other interested adults. We run two full after-school programs from 2:30pm-5:30pm, five days a week with a variety of academic and recreational activities.

It is our vision to help guide students in the development of their character and academic potential so they can become teachers, leaders, and dreamers. We provide rigorous, challenging, and content-rich programs to prepare students for college and careers. Staff, parents, and students effectively communicate, collaborate, and support our high academic and behavioral standards. We have a dedicated PTA and use PupilPath, the One Call Now telephone messaging system, the REMIND text app, and our school website to work together as one towards the complete education of every child. I.S. 281 is a technology-rich school with an emphasis on STEM education, as well as a developed arts program incorporated within the school day. We offer free day and evening courses teaching English to our parents and other adults in the community.

At the Gregory Jocko Jackson School of Sports, Art, and Technology (GJS), “Where we care about our students, our community, and our future,” our goal is to ensure all of our students have the tools and knowledge they need to succeed in school and beyond. As a community school, we provide many resources to our students and families, from an array of Extended Learning Time activities (such as Top Chef cooking, film-making and college- & career-readiness) to monthly family fun nights to specialized test prep. At GJS, we instill the values of trustworthiness, integrity, generosity, empathy, and respect, emphasizing that these values are the key to our students’ success. Our GJS Tigers display these values daily, helping each other in the classroom, collaborating on sports teams, joining after-school programs, and participating in community service activities. Each student is individually supported in their social and academic growth by our caring staff and program partners, including Single Shepherd and Partnership With Children. We can’t wait for you to join our school community!

Intermediate School 392, located in Brooklyn, is a grade 6-8 middle school with 300 students. Our mission is to establish and maintain a school environment that is challenging and nurturing. We promote high levels of academic achievement utilizing a rigorous, interdisciplinary curriculum focusing on the higher-order thinking skills of application, synthesis, and evaluation. This curriculum infuses the arts, creates articulate public speakers, and encourages students to become productive members of society. The Leadership Program provides mentoring for at-risk male students with successful role models from the community. In order to build school spirit and develop students' personal interests, we offer various after-school programs. Parents are also significant contributors within the school community, working harmoniously with the staff to ensure their children's success. At I.S. 392, we truly live by the mantra of the African proverb: "It takes a whole village to raise a child."

KAPPA V/M.S. 518 is a small, high-performing middle school, serving grades six through eight. KAPPA is modeled after the acclaimed KIPP Academy in the Bronx. We foster a nurturing environment that supports, challenges, and raises the expectations for youth in Brooklyn. KAPPA V has an accelerated learning program with emphasis on rigor, discipline, reading, writing, mathematics, and teamwork. Our character focus is on respect, responsibility, and community service. KAPPA stands for Knowledge and Power Preparatory Academy, and the model stresses high academic expectations in a supportive atmosphere with rewards for high achievement. Parent involvement is also emphasized. Open Houses will be held in October and November. Interviews will be scheduled in December and January. Please contact our parent coordinator, Ms. Juanita Williams, at 718-922-4690 for Open House dates and times.

Our mission at Mott Hall IV is to develop and nurture academic and social leaders by providing a safe environment, which promotes mutual respect among scholars, teachers, parents, administrators, and the community. Through our curriculum, our scholars will enter high school fully prepared to compete globally, and work towards college- and career-readiness. The academic experience at Mott Hall IV will stimulate students' curiosity and critical thinking in order to create productive citizens and leaders. It is our vision that all stakeholders will work collaboratively to ensure scholars receive a standards-based rigorous academic education that promotes a commitment to leadership and service. The attainment of this vision directly relates to Mott Hall IV's commitment to the school community to provide quality education to all students. It is essential that our students live and embody our core values, which are accountability, leadership, integrity, pride, respect, service, and teamwork.

Roland Hayes is a community of educators and learners; we are a Community School that offers many social-emotional services for students and social service supports for families. Our students are called HAWKS! HAWKS children take mathematics, English language arts, social studies, science, and physical education/health in all grades. The curriculum also includes basketball, volleyball, art, and several arts-based project courses, advisory, drumline, teen entrepreneurship, high school connection, martial arts, and FYREZone. We celebrate HAWKS children with attendance awards, honor roll, and many rewards for being hard-working, accountable, well-rounded, kind-hearted, safe, steadfast, and successful. Parents are kept abreast of students' progress with progress reports and monthly Parent Breakfast. As a diverse learning community, we are pleased to offer Special Education and Transitional Bilingual Education courses. Our vision is to graduate students who are academically and socially-emotionally ready for the challenges of high school and career. To show our commitment to students' future we offer Regents courses in Common Core Algebra I and Living Environment Science.

Students value the safe, nurturing, and responsive support that our staff offers. Students are proud to be a part of a dynamic academic community. Parents appreciate our caring school community where staff members identify students' needs and provide them with opportunities to improve academic achievement and social development. Students are provided with an extended school day, benefiting from an additional five hours of instruction per week. Technology is a centerpiece of the school including interactive flat panels in every class room, a 3-D printer lab, and an after-school robotics club. The school uses the Skedula system to provide a platform for parents to communicate with teachers and track their child's academic progress. Additionally, as a Community School with our partner, the Center for Supportive Schools, the school provides additional social-emotional supports for students and families through the Peer Group Connection program, where incoming sixth graders are mentored by eighth graders. Sixth graders also enjoy our annual retreat to Camp Ramapo, where they can build strong bonds with their classmates and teachers to support them throughout middle school.

Students at our school are assigned instructional programs that meet their individual gifts and talents. Philippa Schuyler offers a variety of acceleration and enrichment opportunities that include advanced language arts and math classes, Regents classes in algebra, living environment, earth science, French, and Spanish. Major performing arts courses are offered in a variety of dance styles including: jazz, modern, ballet, and urban dance. Additional major performing arts courses include: theater, steel pan, and chorus. Major visual arts courses and other electives include: medical studies, technology, robotics, hydroponic gardening, and African American studies. In addition, we offer preparation courses for Specialized High School testing. Our school also offers a state-of-the-art hydroponic science lab. Our instructional program focuses on project-based instruction and assessment to promote rigorous critical-thinking and citizenship skills.

New Explorations into Science, Technology, and Math (NEST+m) is a Citywide G&T K-12 school. Our academically rigorous program has made us one of the finest schools in the city. We are committed to developing each student's capacity for academic and intellectual achievement. We are committed to developing each student's capacity to learn both individually and collaboratively. We provide a range of services for students with disabilities including a full-inclusion program. NEST+m students blossom into practitioners: scientists, mathematicians, engineers, artists, writers, historians, musicians, painters, and linguists who approach their studies with passion and purpose.

The Ella Baker School is a Pre-K to 8th grade public school located on the Upper East Side of Manhattan in the Julia Richman Education Complex. We are a non-catchment area school and accept students from all five boroughs. We serve a population of approximately 320 students from culturally diverse backgrounds. A critical aspect of Ella Baker's mission is to provide continuity in each child's school experience from Kindergarten through 8th Grade. It is our expectation that our students will continue with us through the eighth grade. **We do not hold Middle School Tours, as it is rare that there are spots open in the upper grades.**

The mission of P.S. 347 is to provide a joyful learning environment that celebrates the education, growth, and uniqueness of every student. An engaging and rigorous standards-based curriculum is offered in American Sign Language (ASL) and Standard English, and is supported in small classes that provide children the opportunity to achieve their personal best. Our staff is committed to inspiring and encouraging curiosity, empathy, and social awareness by developing higher-level thinking skills and exploring real world issues that extend into the community. By fostering a partnership with families, we support individual student goals to enable each child to become an independent and responsible lifelong learner, and prepare them for success in the journey to higher education. All Signs Point to Success!

The Institute for Collaborative Education (ICE) is a small, community-focused school where the needs and academic interests of our students come first. Teachers utilize a project-based curriculum that emphasizes student-centered inquiry, forming substantive arguments, written and oral presentations, and the active and ongoing exchange of ideas. At ICE, we encourage students to develop their own points of view and practice the intellectual disciplines of conducting formal research and defending complex academic arguments.

The Professional Performing Arts School (PPAS) partners with top rated New York City arts organizations to provide high quality training in the performing arts and a competitive academic program. In partnership with the theater company Waterwell, middle school students receive 90 minutes daily of acting, dance, and voice classes. Our curriculum provides students with the artistic and personal skills to be leaders in the field and in whatever profession they choose to pursue. PPAS middle school students are guaranteed a placement in one of the PPAS high school arts programs if they choose to stay. We provide a middle school experience that is well-rounded and considers every child's interests, learning styles, and needs. Open auditions will be held for any interested candidate. Audition information can be found at the school website: ppasnyc.org.

The Anderson Middle School (AMS) provides a judicious combination of an accelerated and enriched curriculum for the distinct needs of gifted learners. Our upper grades are fully integrated within our highly successful K-8 school. With only two classes per grade, the relationship between students and teachers is personal and supportive. This smaller population fosters a strong sense of community. Guided by educators who recognize the needs of children with outstanding intellectual potential, we provide intimate, differentiated, and departmentalized instruction that encourages critical thinking, creative problem solving, divergent thinking, research, independent study, collaboration, and self-evaluation. Parental involvement and support sustains the spirit and growth of AMS. The Anderson School seeks a diverse student population, including ICT students, and welcomes applications from across the five boroughs. Please visit our website to review our admissions rubric before applying.

The mission of the Special Music School is to teach musically gifted children through highly structured instrumental training and a standards-based academic program. The school prepares students for professional music careers while recognizing that not every student will choose such a career. The underlying philosophy of the Special Music School is the belief that music education for gifted pupils requires: 1) extensive opportunities to work one-to-one with an outstanding instrumental faculty; 2) a structured, sequential music curriculum; 3) opportunities to perform before audiences; and 4) interaction between general academics and musical studies. Our goal is to see each child reach his or her academic and musical potential. Our vision is that all students will become lifelong learners and critical thinkers in our caring and respectful learning environment. We encourage parental involvement in all aspects of the school.

At the Talented and Gifted School for Young Scholars, faculty, parents, and students work together to prepare students to develop to their full potential. We seek to inspire inquiry, creativity, and achievement for all of our students. We teach compassion, integrity, and respect for all humanity and cultivate lifelong learning. Through this collaborative effort, we promote physical and emotional well-being and develop each student's individual interests and talents. We provide a strong education program in which all students develop critical- and creative-thinking skills and design meaningful educational experiences to promote academic and personal growth. Our professional and supportive staff is sensitive to the needs of each student, dedicated to providing a quality education, and has a genuine love of children. We engage in ongoing self-evaluation that ensures that we are effectively working to achieve our own goals and those of the Department of Education.

The Manhattan East School for Arts & Academics will provide students with a rigorous 21st century liberal arts education in a safe and caring learning environment. Through this approach, we foster high academic expectations, knowledge of the arts, and respect for diversity and for self. Manhattan East is an inclusive, holistically screened school wherein the power and beauty of the whole community supports each student to the highest level of critical and creative thought. At Manhattan East, all students engage in a continuum of rigorous arts and academic courses, culminating in up to three Regents Level High School classes and the opportunity to specialize in an art form of choice. Teaching and learning at Manhattan East is a combination of progressive and traditional practices, with high levels of teacher facilitated student discourse (accountable talk) and a focus on high-school-preparedness and college- and career-readiness.

We offer an arts-enriched school environment. We want our students to see themselves as mathematicians, so we foster deep comprehension of math concepts by helping our students acquire habits of mind: persisting, questioning, communicating with precision and clarity, thinking flexibly, listening with understanding/empathy, and thinking interdependently. BSI students read diverse content and their writing includes feature articles, informational texts, comic books, interviews, persuasive essays, literary analysis, and literary criticism. We teach our students to engage technology, to think critically about what they see, and to be thoughtful about how they use technology to express their thoughts and ideas. Parents play a crucial role in both the daily life and long-term growth of BSI. Through a vital home/school connection, we build a learning community based on respect and cooperation.

Students thrive in a community that blends academic rigor with visual and performing arts. Every student has a focus in one of our Talent programs: Art, Computer Science STEM, Creative Writing/Journalism, Dance, Drama, Instrumental Music (Strings or Winds), Media, Science, and Vocal Music. Parents appreciate the personalized attention of our mini-school cluster system. Teachers and support staff have time in their weekly schedule to collaborate with parents and caregivers to provide the best academic and social/emotional development for each student. Almost all graduates go on to NYC's Specialized High Schools and select programs. All students receive and utilize iPads and interactive digital curriculum throughout their courses.

Q300 is one of several NYC citywide gifted and talented schools. We are committed to a high-quality education that strives to cultivate a genuine love for learning in all of our students. Our approach is driven by national standards of gifted education with the full understanding that we are stewards of our students' cognitive and affective growth. As a result of our strong collaboration with parents and external organizations we are able to offer our students: music, LEGO robotics, dance, logic, second language(s), architecture, and chess. Our efforts to shape the whole child scaffold an exposure to rich information and knowledge, critical-thinking skills, and effective and relevant modes of communication. One of Q300's many important goals deals with our students' successful articulation to high school. Our new guidance department has already succeeded in helping families of our first graduating class navigate the process (2017). Consequently, 92% of our graduating class will be attending one of NYC's specialized high schools or one of the other high schools they listed on their preference form.

HOW TO APPLY TO MARK TWAIN FOR THE GIFTED & TALENTED | 21K239

Mark Twain for the Gifted & Talented (I.S. 239) is a middle school in Coney Island, Brooklyn that is open to all New York City residents. Here's how to test and apply:

- Submit a Request for Testing (RFT) form by October 20, 2017. Public school students can return the RFT form to their elementary school, and non-public school students can return the RFT form to their local Family Welcome Center. (See the back cover for Family Welcome Center locations.)
- List two talent areas (see below) on the RFT form for which your child would like to participate in competitive talent exams. If you submit an RFT form, you will see these two talent areas on your child's personalized Middle School Application.

| Talent Area | Program Code | Talent Area | Program Code |
|-----------------------------|--------------|-----------------------|--------------|
| Art | K239AR | Instrumental: Strings | K239ST |
| Athletics | K239AT | Instrumental: Winds | K239WI |
| Computer/Math | K239CM | Media | K239ME |
| Creative Writing/Journalism | K239JO | Science | K239SC |
| Dance | K239DA | Vocal Music | K239VO |
| Drama | K239DR | | |

Eligible students will receive a test ticket with their assigned test date and time. Applicants will be tested in the two talent areas they have selected on their RFT form. Testing will take place at Mark Twain, located at 2401 Neptune Avenue, Brooklyn NY 11224, on one of these dates:

| | | | | | | | |
|-----------------------------|-----------------------------|------------------------------|------------------------------|------------------------------|------------------------------|------------------------------|------------------------------|
| 2018 January 6 | 2018 January 7 | 2018 January 20 | 2018 January 21 | 2018 January 27 | 2018 January 28 | 2018 February 3 | 2018 February 4 |
|-----------------------------|-----------------------------|------------------------------|------------------------------|------------------------------|------------------------------|------------------------------|------------------------------|

Additional test dates may be scheduled based on applicant response.

HOW TO APPLY TO PROFESSIONAL PERFORMING ARTS SCHOOL | 02M408

Professional Performing Arts School (PPAS) is a citywide school serving grades 6-12. Eligible students will be invited to audition for the PPAS middle school theatrical arts program, which includes acting, singing, and dance instruction from professionals in these fields along with an accelerated academic program. Students will be considered for enrollment based on academic performance and audition.

To be considered for PPAS, rank PPAS as one of your choices on your personalized Middle School Application. Eligible students must be New York City residents when they apply.

Learn what to prepare for the audition at ppasnyc.org. PPAS is located in midtown Manhattan.

Open auditions for PPAS will be held at the following dates and times. No ticket or confirmation is necessary, and students can simply show up for the auditions.

| Your last name | Date | Time |
|----------------|-----------|------|
| A - F | January 6 | 8am |
| G - M | January 6 | 12pm |
| N - R | January 7 | 8am |
| S - Z | January 7 | 12pm |
